TSNM Pipeline Survey

Welcome to the Pipeline Survey. Input collected through the survey will be used to gauge participation and effectiveness of the Pipeline Security Awareness Training Compact Disc as part of the Transportation Sector Network Management Pipeline Security Division (TSNM Pipeline).

Your responses will be collected through FY 2008 (September 30, 2008) and will be used to measure the program's effectiveness at achieving its goal of heightened security awareness levels throughout the pipeline industry. Using your specific email address and password, you may resubmit your training completion responses as necessary to best reflect your CD training progress.

A few details about the survey. You should allow up to 20 minutes to complete your responses. The standard format is simply to indicate your level of agreement with each statement. While your survey is in process, you can go back to change or edit responses as needed. If you are interrupted and must leave the survey before completing all responses, you can log in again and will be taken to the point that you left off. Completing all responses and submitting them will finalize your survey. However, feel free to resubmit the survey as necessary to reflect the most current data based on your CD Training.

Finally, the survey process has been designed to ensure confidentiality of your responses. No personal identifying information will be collected.

YOUR INPUT IS VERY IMPORTANT. THANK YOU FOR YOUR TIME AND PARTICIPATION!

Paperwork Reduction Act Statement: TSA is collecting this information to solicit your feedback on the effectiveness of the security awareness CD-1 training. The public burden for this collection of information is estimated to be 20 minutes. This is a voluntary collection of information. If you have any comments on this survey, you may contact TSA Pipeline Program Office, 601 South 12th Street, Arlington, VA 22202. An agency may not conduct or sponsor, and persons are not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number assigned to this collection is ###, which expires dd/mm/yyyy

TSNM Pipeline Survey Respondent E-mail

Dear Daniel DiBono, ← **This will be the respondent's name**

The Transportation Sector Network Management (TSNM) Pipeline Survey is now available:
<https://survey.tsa.dhs.gov/wsb.dll/9/TSNMPipelineSurvey.htm>.

The collected information will be used to gauge participation and effectiveness of the Pipeline Security Awareness Training Compact Disc as part of the Transportation Sector Network Management Pipeline Security Division (TSNM Pipeline). Your responses will be collected through FY 2008 (September 30, 2008) and will be used to measure the program's effectiveness at achieving its goal of heightened security awareness levels throughout the pipeline industry. Using your specific email address and password, you may resubmit your training completion responses as necessary to best reflect your CD training progress. We will prompt you when the next iteration of this survey is available for FY 2009.

You should allow up to 20 minutes to complete your responses. The standard format is simply to indicate your level of agreement with each statement. While your survey is in process, you can go back to change or edit responses as needed. If you are interrupted and must leave the survey before completing all responses, you can log in again and will be taken to the point that you left off. Completing all responses and submitting them will finalize your survey. However, feel free to resubmit the survey as necessary to reflect the most current data based on your CD Training.

Finally, the survey process has been designed to ensure confidentiality of your responses. No personal identifying information will be collected.

The login procedure and password for the TSNM Pipeline Survey are as follows:

Login: vwchang@deloitte.com ← **This will be the respondent's email**

Password: pipelin3

If you have any questions or concerns, please contact the TSNM Pipeline Security Division (pipelinesecurityrequest@dhs.gov).
