no exemptions for any product imported--none should be allowed.
the manufacturer must wait for clearnance to come from epa. the manufacturer shall not go ahead in the absence of any clearance from epa. we need to start making sure what is coming into this country. it is clear we are being poisoned
by
what is coming in - look at plastic melamine fed to dogs/cats/pigs/fish/chickens
all sent in here unknown.
this system is not working. we need far better security systems set up than this
casual one recounted herein.
the bees are dying. nobody knows why.
