PART E - PRODUCER CERTIFICATION

I certify that all the information entered on this application is true and correct and all persons in this operation have submitted adequate production and herd evidence to verify the claim made by this document for production, cow numbers, and production losses suffered by the dairy operation as a result of a natural disaster occurring in a disaster county covered by a natural disaster declaration, or contiguous county, between January 1, 2005, and December 31, 2007. I hereby apply for payment to the extent that the County FSA Committee determines I am eligible to receive benefits and I understand that if funding is insufficient to compensate eligible producers for eligible losses, then the FSA will pay losses at two levels according to 7 CFR Part 786, in an effort to more equitably distribute the limited funds and maximize the effectiveness of the program. Further, I understand if a national factor is applied, the benefit payment to be otherwise calculated is subject to reduction. In addition, I understand that proper documentation of commercially marketed milk, the number of cows in the herd, and natural disaster losses suffered by the dairy operation are required to the satisfaction of the County FSA Committee. I further understand that this program is subject to the rules found in 7 CFR Part 786. I understand that I can be denied payments based on any inaccuracy in this certification and application and that the payment issued to the dairy operation may be reduced by the percentage of the member's share of the production or share in the quantity, whichever is higher. I understand that payments are subject to conditions and limits imposed by regulation and FSA and that this is an application only. Providing a false certification to the Government is punishable by imprisonment, fines, or other penalties. All information provided herein is subject to verification by FSA. The criminal and civil fraud statutes that apply to this certification, may include 15 USC 714m, 18 USC 286, 297, 371, 641, 651, and 1001; and 31 USC. Other authorities may apply.

Regulations at 7 CFR Part 786 require that the amount of any payment received from DDAP-III shall be reduced from any disaster payments previously received for the loss including any made under a previous dairy disaster assistance payment program for 2005 (DDAP-II).
