

TEACHER QUESTIONNAIRE
ANSWERS FOR CLASSROOM OR HOME-SCHOOL TEACHERS
ABOUT THE QUESTIONNAIRE

One of your current or former students has filed a claim for disability benefits. We need information from you to help us make our decision. Please complete the enclosed questionnaire.

Q. WHY DO YOU NEED INFORMATION FROM ME?

A. To decide whether a child qualifies for disability benefits, we use information from both medical and non-medical sources. Medical sources include doctors and other health care professionals; non-medical sources include teachers and other people who spend time with the child. Information from sources who know the child well is important, because a child's eligibility may be related to his or her level of functioning at school, at home, or in the community. The information you provide about his or her day-to-day functioning in school will help us to determine the effects of the child's impairment(s) on his or her functioning. It will also help us to compare this child's functioning to that of other children the same age who do not have impairments. We need this information from you even if the child has been (or was) in your class for only a short time. Your information is not the only information we will be considering when we decide if the child qualifies for disability benefits, but it is very important to us.

Q. IS THIS REQUEST REDUNDANT? THIS CHILD HAS ALREADY BEEN EVALUATED UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA).

A. The definition of disability in the Social Security Act is entirely separate from the definition of an "educational disability" in the IDEA. We must determine whether a child's impairment(s) meets the SSA definition of disability, regardless of the child's standing under the IDEA definition of educational disability.

Q. I DO NOT THINK THE CHILD IS DISABLED. SHOULD I COMPLETE THIS FORM?

A. Yes. Under Social Security law, we are responsible for deciding whether this child is disabled, and we will be making our decision based on all of the medical, school, and other information we receive. Your observations will help us to have a more complete picture of the child's daily functioning and to make a fair and accurate decision. Your completion of this form does not constitute an endorsement of our decision.

Q. THE FORM IS LONG. DO I NEED TO ANSWER EVERY QUESTION?

A. Not always. The form uses checkboxes and multiple choice questions to help you provide specific information as easily and quickly as possible, so it is not as long as it may appear. It is also organized into sections that cover broad domains of functioning. For each section, there is an option to check one block indicating that you have not observed any limitations in that domain. When you have not observed any limitations in a domain, you may check that block and skip to the next section.

We appreciate your cooperation, your time, and your effort in completing the questionnaire.

The Privacy And Paperwork Reduction Acts

The Social Security Administration is authorized to collect the information on this form under sections 1614 and 1633 of the Social Security Act. Social Security needs this information to make a decision on the named claimant's claim. This form is authorized under 20 CFR 416.924a(a). While giving us the information on this form is voluntary, failure to provide all or part of the requested information could prevent an accurate or timely decision on the named claimant's claim. Although the information you furnish is almost never used for any purpose other than making a determination about the claimant's disability, such information may be disclosed by the Social Security Administration as follows: (1) to enable a third party or agency to assist Social Security in establishing rights to Social Security benefits and/or coverage; (2) to comply with Federal Laws requiring the release of information from Social Security records (e.g., to the General Accounting Office and the Department of Veterans Affairs); and (3) to facilitate statistical research and such activities necessary to assure the integrity and improvement of the Social Security programs (e.g., to the Bureau of the Census and private concerns under contract to Social Security).

We may also use the information you give us when we match records by computer. Matching programs compare our records with those of other Federal, State, or local government agencies. Many agencies may use matching programs to find or prove that a person qualifies for benefits paid by the Federal government. The law allows us to do this even if you do not agree to it. Explanations about these and other reasons why information you provide us may be used or given out are available in Social Security offices. If you want to learn more about this, contact any Social Security office.

Paperwork Reduction Act Statement - This information collection meets the requirements of 44 U.S.C. § 3507, as amended by Section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. We estimate that it will take about 15 - 20 minutes to read the instructions, gather the facts, and answer the questions. **SEND THE COMPLETED FORM TO THE STATE AGENCY THAT REQUESTED IT.** If you have questions about how to complete the form, contact the State Agency that requested it. If you need the address or phone number for your State Agency, you can get it by calling Social Security at 1-800-772-1213. *You may send comments on our time estimate above to: SSA, 6401 Security Blvd., Baltimore, MD 21235-6401. **Send only comments relating to our time estimate to this address, not the completed form.***
