DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection;
Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice; 60-day notice and request for comments; collection type extension, without change, of a currently approved collection, OMB: 1660-0010, Form Number(s): No form numbers associated with this collection.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a proposed continuing information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the information collection outlined in 44 CFR part 71, as it pertains to application for National Flood Insurance Program (NFIP) insurance for buildings located in Coastal Barrier Resource System (CBRS) communities.

SUPPLEMENTARY INFORMATION: The Coastal Barrier Resources Act (CBRA) (Pub. L. 97-3480) and the Coastal Barrier Improvement Act (CBIA) (Pub. L. 101-591) are Federal laws that were enacted on October 1, 1982, and November 16, 1990, respectively. The legislation was implemented as part of a Department of the Interior (DOI) initiative to preserve the ecological integrity of areas DOI designates as coastal barriers and otherwise protected areas. The laws provide this protection by prohibiting all Federal expenditures or financial assistance including flood insurance for residential or commercial development in areas identified with the system. When an application for flood insurance is submitted for buildings located in CBRS communities, documentation must be submitted as evidence of eligibility.

FEMA regulation 44 CFR part 71 implements the CBRA. The documentation required in 44 CFR 71.4 is provided to FEMA for a determination that a building which is located on a designated coastal barrier and for which an application for flood insurance is being made, is neither new construction or a substantial improvement, and is, therefore, eligible for NFIP coverage. If the information is not collected, NFIP policies would be provided for buildings, which are legally ineligible for it, thus exposing the Federal Government to an insurance liability Congress chose to limit.

Collection of Information

Title: Implementation of Coastal Barrier Resources Act.
 Type of Information Collection: Extension of a currently approved collection.

OMB Number: 1660-0010.

Form Numbers: No forms.

Abstract: When an application for flood insurance is submitted for buildings located in CBRS communities, one of the following types of documentation must be submitted as evidence of eligibility: (a) Certification from a community official stating the building is not located in a designated CBRS area, (b) A legally valid building permit or certification from a community official stating that the building's start of construction date preceded the date that the community was identified in the system or (c) Certification from the governmental body overseeing the area indicating that the building is used in a manner consistent with the purpose for which the area is protected.

Affected Public: Individuals or households; businesses or other for profits; not-for-profit institutions; farms; Federal Government; and State, local or tribal governments.

Number of Respondents: 60.

Frequency of Response: One time.

Hours Per Response: 1.5 hours.

Estimated Total Annual Burden Hours: 90 hours.

Annual Burden Hours

Project/activity (survey, form(s), focus group, worksheet, etc.)	Number of respondents (A)	Frequency of responses (B)	Burden hours per respondent (C)	Annual responses (D) = (A x B)	Total annual burden hours (E) = (C x D)
Documentation:					
44 CFR Section 71.4.....	60	1	1.5	60	90
Total.....	60	1	1.5	60	90

Estimated Cost: \$600 (60 respondents x \$10 per respondent). The cost to the respondent, i.e., applicant for flood insurance, is the cost if any, to obtain the required documentation from local officials. Fees charged, if any, to the applicants, are nominal, i.e., the cost of photocopying the public record. Information of this type is frequently provided upon request free of charge by the community as a public service. The average cost to the respondent is estimated to be \$10, the cost to make phone calls, mail a written request, or make a trip to a local office to obtain the document, and includes any copying fees, which may be charged by the local office.

Comments: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of

and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments must be submitted on or before January 22, 2008.

ADDRESSES: Interested persons should submit written comments to Chief, Records Management and Privacy, Information Resources Management Branch, Information Technology Services Division, Federal Emergency Management Agency, 500 C Street, SW., Room 609, Washington, DC 20472 (Mail Drop Room 301, 1880 S. Bell Street, Arlington, VA 22202).

FOR FURTHER INFORMATION CONTACT: Contact Robin Williamson, Risk Insurance Branch, Mitigation Division, at 703-605-0755 for additional information. You may contact the Records Management Branch for copies of the proposed collection of information at facsimile number (202) 646-3347 or e-mail address: FEMA-Information-Collections@dhs.gov.

Dated: November 8, 2007.
John A. Sharett-Sullivan,
Director, Records Management Division, Office of Management, Federal
Emergency Management Agency, Department of Homeland Security.
