CHAPTER 1

GENERAL

1000. BACKGROUND. The enactment of Public Law 88-647 and codification in Title 10, U.S.C., Sec. 2031, authorized the military service secretaries to commission Junior Reserve Officers' Training Corps (JROTC) units at secondary schools that meet established criteria. Accordingly, the Secretary of the Navy has authorized the CMC to establish Marine Corps Junior Reserve Officers' Training Corps (MCJROTC) units throughout the United States. Since the law pertaining to the Junior ROTC program is comparatively brief, Sec. 2031 is quoted:

"(a)(1) The Secretary of each military department shall establish and maintain a Junior Reserve Officers' Training Corps, organized into units, at public and private secondary educational institutions which apply for a unit and meet the standards and criteria prescribed pursuant to this section. The total number of units which may be established and maintained by all of the military departments each year, and the total number of units which may be established and maintained by all of the military departments under authority of this section, including those units already established on October 13, 1964, may not exceed 3,500. The President shall promulgate regulations prescribing the standards and criteria to be followed by the military departments in selecting the institutions at which units are to be established and maintained and shall provide for the fair and equitable distribution of such units throughout the Nation, except that more than one such unit may be established and maintained at any military institute.

(2) It is a purpose of the Junior Reserve Officers' Training Corps to instill in students in United States secondary educational institutions the value of citizenship, service to the United States, personal responsibility and a sense of accomplishment.

(b) No unit may be established or maintained at an institution unless--

(1) The number of physically fit students in such unit who are in a grade above the 8th grade and are citizens or nationals of the United States, or aliens lawfully admitted to the United States for permanent residence, is not less than (A) 10 percent of the number of students enrolled in the institution who are in a grade above the 8th grade, or (B) 100, whichever is less; 1-3

(2) The institution has adequate facilities for classroom instruction, storage of arms and other equipment which may be furnished in support of the unit, and adequate drill areas at or in the immediate vicinity of the institution, as determined by the Secretary of the military department concerned;

(3) The institution provides a course of military instruction of not less than three academic years' duration, as prescribed by the Secretary of the military department concerned;

(4) The institution agrees to limit membership in the unit to students who maintain acceptable standards of academic achievement and conduct, as prescribed by the Secretary of the military department concerned; and

(5) The unit meets such other requirements as may be established by the Secretary of the military department concerned.

(c) The Secretary of the military department concerned shall, to support the Junior Reserve Officers' Training Corps program--

(1) Detail officers and noncommissioned officers of an armed force under his jurisdiction to institutions having units of the Corps as administrators and instructors;

(2) Provide necessary text materials, equipment, and uniforms and, to the extent considered appropriate by the Secretary concerned, such additional resources (including transportation and billeting) as may be available to support activities of the program; and

(3) Establish minimum acceptable standards for performance and achievement for qualified units.

(d) Instead of, or in addition to, detailing officers and noncommissioned officers on active duty under subsection (c)(1), the Secretary of the military department concerned may authorize qualified institutions to employ, as administrators and instructors in the program, retired officers and noncommissioned officers, and members of the Fleet Reserve and Fleet Marine Corps Reserve, whose qualifications are approved by the Secretary and the institution concerned and who request such employment, subject to the following:

(1) A retired member so employed is entitled to receive the

1003

member's retired or retainer pay without reduction by reason of any additional amount paid to the member by the institution concerned. In the case of payment of any such additional amount by the institution concerned, the Secretary of the military department concerned shall pay to that institution the amount equal to one-half of the amount paid to the retired member by the institution for any period, up to a maximum of one-half of the difference between the member's retired or retainer pay for that period and the active duty pay and allowances which the member would have received for that period if on active duty. Notwithstanding the limitation in the preceding sentence, the Secretary concerned may pay to the institution more than one-half of the additional amount paid to the retired member by the institution if (as determined by the Secretary) the institution is in an educationally and economically deprived area and the Secretary determines that such action is in the national interest. Payments by the Secretary concerned under this paragraph shall be made from funds appropriated for that purpose.

(2) Notwithstanding any other provision of law, such a retired member is not, while so employed, considered to be on active duty or inactive duty training for any purpose."

1001. COMMANDER'S INTENT. I want a program that touches students in a way that no other high school program does. We provide a niche that academics and sports do not. I want those desiring an opportunity to have it, quite possibly for the first time in their life. Leadership, at its very core, requires that time, patience, attention to detail, and a sense of balance be applied to each and every student. I want you to focus on the basics. Pay attention to the four indicators of leadership: morale, proficiency, esprit de corps, and most importantly discipline. There are many useful tools at your disposal to enhance the program and motivate students. Some examples are drill and marksmanship competition. Be careful that those tools do not become distracters. If the basics are not evident, then you are not accomplishing the mission.

1002. MISSION. Instructors are tasked to develop informed citizens, strengthen character by the teaching of discipline, and develop understanding of the responsibilities of citizenship.

1003. OBJECTIVES. The objectives of the MCJROTC are as follows:

1. Develop informed and responsible citizens.

2. Develop leadership skills.
3. Strengthen character.
4. Promote an understanding of the basic elements and requirements for national security.
5. Help form habits of self-discipline.
6. Develop respect for, and an understanding of, the need for constituted authority in a democratic society.
7. Develop an interest in the Military Services as a possible career.

1004. Definitions

1. Junior ROTC (JROTC). All JROTC programs conducted at secondary schools.
2. Marine Corp Junior ROTC (MCJROTC). The official designation of the organized group receiving military instruction in leadership conducted and sponsored by the U.S. Marine Corps.
3. Marine Corps Junior ROTC Unit. The organized group of MCJROTC students and instructors at one secondary school, which consists of a minimum 100 cadets, or 10 percent of the secondary schools total student enrollment, whichever is less.
4. Senior Marine Instructor (SMI). A Marine Corps officer, normally retired, employed by a secondary school for supervising the operations of an MCJROTC unit.
5. Marine Instructor (MI). A Marine Corps staff noncommissioned officer (SNCO), normally retired or a member of the Fleet Marine Corps Reserve (FMCR), employed by a secondary school to assist an SMI.
6. MCJROTC Cadet. A student enrolled in an MCJROTC unit.
7. Marine Corps Junior ROTC Graduate. A student who has successfully completed three years of the MCJROTC program prescribed by law and regulations, and who has received a certificate of completion and a high school diploma.

MCJROTC SOP

8. Probation. That status afforded MCJROTC units which fail to attain and maintain the minimum enrollment or requirements as stated in Public Law 88-647. The probationary period is for that period subsequent to the date of notification of probationary status until 30 September of the following school year.

9. Service Education Activity (SEA). A private or public educational institution which is of special interest to the armed services and therefore eligible to receive donations of surplus Government property.

10. Established Unit. An MCJROTC unit approved by the Secretary of the Navy and in operation.

11. Consolidated Memorandum Receipt (CMR). That receipt which controls the property account of a unit.

12. Military Property Custodian (MPC). An official (will be a member of the leadership education staff) appointed by the secondary school who is empowered to perform the required supply functions incident to the acquisition, accounting, and handling of equipment and uniforms issued to the school.

13. Responsible/Unit Property Officers. This designation is the same as an MPC.

14. Honor Schools. Those schools recommended by the District Commanding Officer and designated by the Commandant of the Marine Corps (CMC) as having accomplished their mission in such a manner as to deserve special recognition. The total of honor schools is limited to 20 percent of the active units per year.

15. Academic Year. The academic school year commences on 1 August and ends on 31 July.

CHAPTER 2

ESTABLISHMENT

2000. APPLICATION

1. A unit is established or disestablished by the CMC with the approval of the Secretary of the Navy. A school desiring to host an MCJROTC unit must be fully accredited by the appropriate state or regional accrediting agency.

2. Officials of secondary schools interested in applying for establishment of an MCJROTC unit should obtain a copy of the MCJROTC information booklet, available from Commanding General, Marine Corps Combat Development Command (MCCDC) (C 462R) or any District Commanding Officer (Attn: MCJROTC Project Officer). Upon receipt of an application, the respective District Commanding Officer will be directed to visit the school and forward an evaluation of the school's potential for hosting an MCJROTC unit prescribed in Appendix (bb).

a. Public Law 88-647 directs that the Marine Corps is to provide for the fair and equitable distribution of MCJROTC units throughout the nation.

b. If the candidate school is acceptable, within range of selection, and vacancies exist for MCJROTC units, CG, MCCDC will nominate the school to the Secretary of the Navy for establishment of an MCJROTC unit. Announcement of selection will be made by CG, MCCDC following the Secretary of the Navy approval. If no vacancies exist, MCCDC will retain the application for future consideration.

3. It is not necessary for the school to execute a contract prior to approval/disapproval of the application by the Secretary of the Navy.

2001. CONTRACT REQUIREMENTS. A school at which an MCJROTC unit is to be established will be required to enter into the following agreement with the CMC:

1. Contingent upon the acceptance of the application, and upon the fulfillment of all items enumerated in paragraph 2001.2, below, the CMC agrees as follows:

- a. To establish and maintain a MCJROTC unit per Public Law 88-647, as amended, at the institution named in the application.
- b. To provide for the use in the MCJROTC program such available Government property as may be authorized by law and applicable tables of allowances. The Marine Corps will refrain from making any equipment installation permanent without prior approval of the institution.
- c. To prescribe the course content, consisting of a minimum of 180 class hours per year, and to provide the instructional materials and guidance for the application of the materials.
- d. To pay all costs incident to the transportation, packing, unpacking, crating, uncrating, and normal maintenance of such property, uniforms, equipment, and instructional materials provided by the Government.
- e. To reimburse the institution for required vehicle transportation in support of the MCJROTC program. Rate of reimbursement will not exceed the normal commercial rate schedule in the area.
- f. To authorize the institution to employ, as administrators and instructors in the program, retired officers and SNCO's, and members of the FMCR whose qualifications are approved by the CMC and the institution concerned. Employment must be per the provisions of Title 10, U.S.C., Sec. 2031.
- g. To pay the institution concerned one-half the difference between the retired pay of the retired members employed by the institution and the members' active duty pay and allowances which they would receive if ordered to active duty, excluding hazardous duty or proficiency pay. Such payments will be made monthly for the actual period of employment in direct support of the MCJROTC program. Any duties desired by the institution in addition to those connected with MCJROTC instruction must be separately contracted between the school or school district and the individual MCJROTC instructor at no cost to the Marine Corps. Payment must conform to the provisions as set forth in Title 10, U.S.C., Sec. 2031, and current directives governing the MCJROTC program.
- h. To honor all academic standards of the institution, including admissions.

MCJROTC SOP

2001

2. Contingent upon the acceptance of this application by the Secretary of the Navy, and conditioned upon the fulfillment of the items enumerated in paragraph

2001.1, above, the institution agrees as follows:

a. To establish a Leadership Education Department as an integral academic and administrative department and adopt as part of its curriculum as a minimum, a three-year course of instruction.

b. To require each cadet enrolled in MCJROTC to devote to Leadership Education instruction no less than 180 class hours per year.

c. To arrange for the scheduling of Leadership Education classes to make it equally convenient for students to participate in Leadership Education instruction as in other academic courses regularly scheduled by the institution.

d. To include the Senior Marine Instructor as a representative of the CMC on all faculty committees whose recommendation could affect the Leadership Education Department.

e. To require each cadet to have a current school physical evaluation certifying their physical fitness for participation in the program.

f. To provide each student with, or otherwise require each student to have, coverage under an adequate health insurance policy protecting the student from accident or injury, not to exclude injury from firearms.

g. To maintain a MCJROTC unit enrollment, from the single secondary school approved by the Secretary of the Navy, of no less than 100 physically fit students or 10 percent of the number of students enrolled, who are in a grade above the 8th grade and are citizens or nationals of the United States.

h. To conduct the program without discrimination against cadets or instructors regarding race, color, age, religion, sex, national origin or disabling condition.

i. To grant appropriate academic credit applicable toward graduation for the successful completion of leadership education courses.

j. To make available to the leadership education faculty the necessary instructional supplies, materials, facilities, and privileges accorded other faculty members of the institution.

k. To provide adequate drill and physical fitness areas at or in the immediate vicinity of the school that can be used during regular school hours.

l. To provide adequate storage facilities, preventive maintenance facilities, and protection for uniforms, equipment, and for all other Government property issued to the institution.

m. To require wearing of the MCJROTC uniform by the cadets.

n. To appoint a member of the leadership department as the Military Property Custodian (MPC) who will be empowered to perform the required supply functions incident to the acquisition, accounting and handling of equipment and uniforms issued to the institution. Such an official shall be bonded in an amount adequate to cover the value of the Government property of which the institution accepts responsibility, but not less than \$7,500. A bond without surety is acceptable if the institution furnishes satisfactory evidence of financial responsibility.

o. To offer the course of instruction and use the materials provided by the Marine Corps.

p. To employ officers and SNCO's who are certified by the Marine Corps to conduct the leadership education courses and military activities.

(1) Units will be authorized one officer instructor per 750 enrolled MCJROTC cadets or a fraction thereof. A second officer instructor will, however, be authorized when cadet enrollment exceeds 750. Any subsequent officer instructors will be authorized only with the enrollment of an additional 500 cadets (i.e., one officer instructor for 750 cadets, two officer instructors for 751 cadets, three officer instructors for 1,251 cadets, etc.).

(2) Units will be authorized one MI billet. A second MI may be authorized when the following conditions exist: if funding is made available by Congress, and unit enrollment exceeds 151 cadets consistently for one year.

<u>Enrolled cadets</u>	<u>SMI</u>	<u>MI</u>
51 - 150	1	1
151 - 250	1	2

251 - 350	1	3
351 - 450	1	4
451 - 550	1	5

(3) Any school qualifying for an MCJROTC unit will have at least one SMI and one MI.

(4) As an exception, the CG, MCCDC (C 462R) may authorize substitution of officer for enlisted instructors and vice versa.

(5) All minimum enrollment requirements for additional officer and senior enlisted (MI) billets will be maintained throughout the school year. Failure to do so may result in the loss of these instructor billets.

(6) Requests for additional instructors will be submitted to the appropriate Recruiting District Commanding Officer for approval.

q. Retired personnel so employed shall receive at a minimum their annual retired pay and an additional amount equal to the difference of what they should receive if ordered to active duty, excluding hazardous duty and proficiency pay. The additional amount is payable monthly for the actual period of employment in direct support of the MCJROTC program. The institution is the employing agency and shall pay the full additional amount due to the individual employed on a pay schedule identical to that in effect for other faculty members. The Marine Corps shall pay the institution one-half of the difference between the individual's retired pay and the active duty pay and allowances, excluding hazardous duty and proficiency pay, which would be received if ordered to active duty. The Marine Corps' responsibility is limited to the period of employment specified in the contract between the instructor and the institution, regardless of the institution's distribution of pay. This does not preclude MCJROTC instructors from serving on routine committees or performing other extracurricular duties normally performed by other faculty members on a not-to-interfere basis. If an individual employed as an MCJROTC instructor enters into a contract with the institution to provide services which are not part of MCJROTC instruction, these services must be performed outside the scope of that individual's MCJROTC duties. The institution is responsible for advising the CG, MCCDC (C 462R) of any change in the employment status of personnel employed in the MCJROTC unit. For purposes of calculating a MCJROTC instructor's pay, cost of living allowance (COLA), active duty pay, basic allowance for housing, allowance for

uniforms (enlisted only), and basic allowance for subsistence are taxable.

r. Notwithstanding any agreement by the Marine Corps respective to the certification or pay of instructors, the host school, and not the Marine Corps or any agency or part of the Federal Government, is Government within the meaning of the Federal Torts Claims Act, and nothing in this information, application, or agreement will be the employer of each MCJROTC instructor. Specifically, MCJROTC instructors are not employees of the Marine Corps or the Federal construed to the contrary. The host school may be liable at law for tortuous acts of MCJROTC instructors within the scope of their employment, depending on the applicable law of the jurisdiction.

3. It is mutually understood and agreed:

a. That the agreement shall become effective when the authorities of the institution have been officially notified of application approval by the Secretary of the Navy.

b. That the school is fully accredited by a state or regional accrediting agency.

c. That the institution shall require the cadets to wear the prescribed uniform, as required by the Senior Marine Instructor. The MCJROTC faculty will wear the Marine Corps uniform as prescribed in MCO P1020.34, while conducting the program and such other times as considered appropriate.

d. That the institution shall re-execute the MCJROTC instructors' contracts at least annually to permit inclusion of pay changes which may become effective since the date of the previous contract.

e. That the Marine Corps shall have the right to withdraw certification of personnel employed in the MCJROTC program.

f. That a representative of the Marine Corps shall be authorized to make visits to evaluate the effectiveness of the program.

g. That the agreement may be terminated at the completion of any school year by either party, by giving at least a one-year's notice, or sooner by mutual agreement. If the authorities of a school desire

MCJROTC SOP

2002

to discontinue the MCJROTC unit, they will notify the CG, MCCDC (C 462R) in writing.

h. That those units that do not adhere to the provisions prescribed within the contract by the Marine Corps will be recommended for probation or disestablishment. Upon determination that a school is to be placed on probation, school authorities concerned will be advised that if the conditions requiring corrective action are not resolved the unit will be disestablished. Disestablishment of the unit will be effective at the end of the probationary period if the reasons for probationary status have not been resolved.

i. That the institution shall, in the event of mutual or unilateral termination of this agreement, or in the event of disestablishment as prescribed by the CMC, return to the Marine Corps all U.S. Government-owned equipment and uniform items in institutional custody per procedures and guidance in existence or provided by the Marine Corps at the time of the termination of the agreement or disestablishment of the MCJROTC unit.

2002. ACTIONS REQUIRED FOR UNIT ACTIVATION

1. General. Following approval by the Secretary of the Navy of establishment of a new MCJROTC unit, certain actions must be completed prior to actual commencement of military instruction. Responsibility for these actions is divided among the CMC, the host school, and the Marine Corps Recruiting District Commanding Officer. The following paragraphs list the required actions in sequence for each agency.

2. CMC

a. Provides the appropriate Marine Corps districts with pertinent information on available certified instructors.

b. Allocates funds for support of MCJROTC units or fiscal and logistical purposes.

3. School

a. Reviews the list of Marine Corps certified SMI's and MI's at the earliest possible date. The SMI should be the first person hired, if possible, and should advise the school officials on the

hiring of the remaining instructors. In schools where the eligible cadet enrollment in the MCJROTC program is 100 to 150 cadets and the unit rates only one MI, the MI should be selected on the basis of background experience in both supply and military drill.

(1) In schools where the eligible cadet enrollment in MCJROTC program is between 151 to 250 cadets, it is desirable that one MI have supply experience and the other have drill instructor experience.

(2) As the MCJROTC unit enrollment increases, consideration should be given to hiring retired Marines who have had experience in technical fields such as administration, supply, and logistics.

(3) Particular emphasis should be placed on the hiring of the MPC. It is desirable that this billet be filled by an individual with previous Marine Corps supply experience if the number of authorized instructors permits such action.

b. Provide required facilities for the program. Such facilities include:

(1) Office Space. Adequate space for the military staff to accommodate files and reference books. The SMI should be provided a private office.

(2) Storage. Adequate storage must be provided for the handling of Government property. It is recommended that the following areas be provided:

(a) Property Storage -- 1000 square feet per 100 to 150 enrolled MCJROTC cadets.

(b) Training Aids -- 300 square feet per 100 to 150 enrolled MCJROTC cadets.

(3) Armories. The school must make provision for a suitable armory to ensure adequate safeguarding of all Government weapons. Weapons armory security requirements are prescribed in OPNAVINST 5530.13.

(4) Ranges. If the school does not have a small-bore rifle range available, arrangements will be made for the use of a nearby range, or the local use of air rifles is required. The

firing of weapons for familiarization is an important part of the overall training program.

(5) Drill Spaces. A convenient area, either surfaced or grass, should be selected as a drill site. Physical size of the site is dependent on unit cadet strength but should not be less than 80' x 40'.

(6) Classroom. It is recommended that either two classrooms or a classroom able to be divided into two classrooms be provided in order to conduct simultaneous instruction to different level cadets. All necessary desks, chairs, and tables will be provided.

(7) Instructor office spaces, classrooms, storage rooms, armory, and rifle ranges should be co-located within the school building. The use of portable facilities is discouraged.

c. Notify the District Commanding Officer of availability of required facilities and personnel to receive supplies and equipment.

d. Develop supply procedures for responsibility and accountability for receipt and storage of clothing, equipment, and supplies; and acceptance by parents and cadets of pecuniary responsibilities of Government property.

e. Schedule leadership education classes into the overall academic program.

4. Marine Corps Recruiting District Commanding Officer

a. Upon notice from the CMC that a MCJROTC unit has been established, the cognizant Marine Corps Recruiting District Commanding Officer will establish close and continuous liaison with school officials to assist whenever possible.

b. Obligate funds and submit requisitions for clothing and equipment required for initial outfitting of the unit.

c. Ensures that the leadership education staff of the school is immediately briefed on details of the logistic functions necessary for proper outfitting of the unit and its continued support. Also provides the leadership education curriculum to the staff and explains the support available; e.g., training aids, small-bore or

air rifle ranges, instructional weapons, etc., from the district's resources.

d. Develops supply procedures which provide for receipt, storage, maintenance, and issue of clothing, equipment and supplies, fittings and alterations of uniforms, cash sales, and acceptance by parents and cadets of pecuniary responsibility for Government property.

e. Prepares and advertises for bids on clothing alteration contracts for each unit. In the event the lowest bid exceeds \$25,000, forward the contract and all bids to the nearest major military command or DOD contract office for execution. A recommendation as to which bidder should be awarded the contract must be included. If the lowest bidder is not recommended, complete justification must be furnished per MCO P4200.15 (Marine Corps Purchasing Procedures Manual).

f. Continuously serve as liaison between the school and other Marine Corps activities.

g. The District Commanding Officer is directly responsible to the CG, MCCDC for the conduct of the program in each of the participating schools in that district.

h. The District Commanding Officer will conduct, at a minimum, annual inspections of MCJROTC units to ensure that the highest standards of instruction and administration are being maintained, and to ensure that timely assistance and corrective actions are provided. In addition to this annual inspection, a unit in its first year of operation will also receive a staff visit from the district headquarters.

2003. PROBATION STATUS. CG, MCCDC may determine that probation is necessary whenever significant deficiencies in fulfillment of contractual terms for establishment/maintenance of the MCJROTC unit have not been met. Certain criteria however, are fundamental to successful performance of the MCJROTC unit. Deficiencies reported in the minimum requirements will be cause for probation and possible disestablishment.

2004. DISESTABLISHMENT OF AN MCJROTC UNIT. An MCJROTC unit may be disestablished upon request by the school authorities or by the CMC

with approval of the Secretary of the Navy. The CMC may direct the disestablishment of a unit if it is determined that the unit has failed to maintain required standards or contract agreements. Upon notification of disestablishment, the unit will be phased out. Government equipment will be disposed of per instructions of UM 4400-15 (Marine Corps Users Manual for Organic Property Control).

MCJROTC SOP

CHAPTER 3

ORGANIZATION

3000. MILITARY STAFF

1. The leadership education staff of an MCJROTC unit at a school will be comprised of retired Marine Corps officers and SNCO's in receipt of retired/retainer pay who are employed by the school. They must be selected by the school from a list of applicants screened and approved by the CG, MCCDC (C 46). The Senior Marine, certified as an SMI or MI, employed by the school will be designated as the Head of the Leadership Education Department. Each unit will be required to maintain a minimum staffing of one SMI and one MI in receipt of retired/retainer pay. Additionally, each unit will be authorized to augment its staff by adding to the minimum staff retired officers and SNCO's per paragraph 2001.2p(6) of this Manual. An annual determination of the number of authorized instructors will be made based on past cadet enrollment and the school's estimate of future enrollment, and congressional funding availability.

2. Members of the leadership education staff are employees of the school and are responsible to school authorities for the conduct of the program. They, however, are required to maintain traditional Marine Corps' standards of decorum and personal appearance; particular attention is directed to the maintenance of proper uniform and haircut and to weight standards as prescribed within current regulations. Failure to adhere to the standards as required will result in initiation of probation or decertification action.

3. Personnel employed as instructors will wear the Marine Corps uniform during MCJROTC class hours and at other appropriate times per MCO P1020.34 (Marine Corps Uniform Regulations).

3001. CERTIFICATION OF SMI'S/MI'S

1. The CMC solicits applications for SMI's and MI's. Interested applicants must be certified by the CMC before being considered for employment as an SMI or MI in the MCJROTC or NJROTC program. All SMI's and MI's are certified by a board convened by the CG, MCCDC (C 46). Active duty personnel within one year of retirement may apply for certification. Although all applications

from retiring or retired Marines will be considered, the following are desirable attributes for those selected for this duty:

a. Senior Marine Instructor (SMI)

(1) Retired as an officer with at least 20 years of active duty and drawing retirement pay.

(2) College graduate (mandatory), agrees to pursue state or national teaching certification within the first four years of participation in the program in accordance with state regulations.

(3) At least one tour in one of the following:

(a) Training command.

(b) Recruiting/OSO.

(c) Inspector/Instructor duty.

(d) And, other types of independent duty.

(4) Exemplary military record.

(5) Retired not more than three years from the effective date of certification.

(6) Must be physically qualified according to Marine Corps standards.

b. Marine Instructor (MI)

(1) Retired as an officer with at least 20 years of active duty and drawing retirement pay, but not possessing a four-year college degree. Agrees to pursue state or national teaching certification within the first four years of participation in the program.

(2) Retired, or transferred to the FMCR, as a SNCO with at least 20 years active service and drawing either retirement pay or retainer pay. Agrees to pursue state or national teaching certification within the first four years of participation in the program.

MCJROTC SOP

3001

- (3) High school graduate or GED equivalent.
 - (4) At least one tour in one of the following:
 - (a) Training command.
 - (b) Recruiting/OSO.
 - (c) Inspector/Instructor duty.
 - (d) Logistics/Supply.
 - (e) Administrative.
 - (f) And, other types of independent duty.
 - (5) Exemplary military record.
 - (6) Must be physically qualified according to Marine Corps standards.
 - (7) Retired/transferred to the FMCR not more than three years from the effective date of certification.
2. Although all instructors hired must be approved and certified by the CG, MCCDC (C 46), per MCCDC Order 1533.1, final decision on employment rests with the local school board or its authorized representative. Certification will be in effect for four years only.
3. Any Marine desiring to be a SMI/MI and meeting the aforementioned criteria, should request an application by writing or calling the Commanding General, Training Programs Branch (C 462), MCCDC, 3300 Russell Road, Quantico, VA 22134-5001 (Commercial) (703) 784-3705.
4. All Marines are eligible to apply for certification as Naval JROTC instructors via Chief of Naval Education and Training (CNET), NAS Pensacola, Florida 325085100.
5. All MCJROTC instructor billet vacancies will be advertised through "Semper Fidelis" (Retired Marines Newsletter), Marine Corps Base Newspapers, and correspondence, to certified MCJROTC instructors, from District Commanding Officers.

3002. RECERTIFICATION OF SMI'S/MI'S

1. All certified instructors, who are currently employed, must be reviewed every four years, or sooner if the instructor engages in serious misconduct or fails to meet Marine Corps weight and appearance standards. "Serious misconduct" is defined as any offense which, if prosecuted under the Uniform Code of Military Justice, could result in confinement of six months or more. In addition, instructor certification may be withdrawn at the discretion of CG, MCCDC (C 46), if revocation of the certification is in the best interest of the Marine Corps.

2. District Commanding Officers will ensure that those instructors requiring recertification will submit a recertification package three months prior to recertification date, with the following information:

a. Letter from instructor requesting recertification to the CG, MCCDC (C 462R) via District Commanding Officer.

b. Letter from the principal endorsing the recertification of the instructors.

c. Current photograph per Marine Corps promotion standards.

d. Documentation on continuing education required by local and state school districts.

e. Certified physically qualified.

f. Endorsement of District Commanding Officer making reference to height and weight standards of the instructor, etc., if required.

g. Instructors will show proof of pursuit of teaching certification in accordance with state regulations.

3. Instructors who fail to meet Marine Corps weight standards will be notified and offered the opportunity to participate in a weight control program as stated in current regulations. If the instructor refuses to participate in the program or, does not make satisfactory progress towards meeting required standards, the instructor may be decertified.

4. Only instructors holding billets in the program will be recertified.

5. Instructors facing possible decertification will be notified of the pending action, given the opportunity to review information presented against them, and permitted to prepare a statement for consideration by the CG, MCCDC (C 462R) prior to the decision.

3003. STUDENT ORGANIZATION

1. It is not necessary for a unit to reach the mandated cadet minimum strength during the first year of operation. Thereafter, however, minimum enrollment throughout the school year must be 100 cadets or 10 percent of the total school enrollment, grades 9 through 12, or 10 through 12 in the case of three-year high schools, whichever is less. Students should be selected from all grades of the secondary school so that a continuing program of training will develop the leaders for succeeding years since each graduating class will cause attrition.

2. The actual method of military organization is at the discretion of the SMI. However, reasonable tables of organization must be maintained to avoid excessive grade distribution. Two types of military organizations which may be considered are:

a. Battalion level--not recommended for units with a strength less than 150 with the battalion divided into three companies.

b. Company level--with the company divided into three platoons.

3. Assignment of key leadership positions should rotate periodically in order for the cadets to gain leadership experience and to maintain interest.

3004. STUDENT ELIGIBILITY

1. To be eligible for enrollment and continuance in an MCJROTC unit, the student must:

a. Be enrolled in and attending a regular course of instruction at the school where the unit is located.

b. Be a citizen of the United States or U.S. National or alien lawfully admitted to United States for permanent residence and be in a grade above the 8th grade.

c. Be of good moral character as determined by the principal of

the school and the SMI.

d. Be physically qualified to participate fully in the school's physical education program. Current annual school physical evaluations, as stated above, are mandatory for cadet participation in the program.

2. It is possible that there may be otherwise ineligible students enrolled at secondary schools where MCJROTC participation is mandatory. An example is a student who is temporarily not physically qualified. In this instance, the student may be permitted to participate in the MCJROTC program on an associate basis, with no expense to the Federal Government for such participation.

3. Students may transfer from Army, Navy, or Air Force Junior ROTC units and receive full credit for training accomplished. These cadets are authorized to wear all ribbons and medals awarded by the other services except those awarded for marksmanship. Other service JROTC shooting badges will not be worn.

3005. DISCIPLINE. Corrective measures for MCJROTC cadet disciplinary problems should be taken by the military staff as dictated by the school's disciplinary policy. Such action does not include administration of corporal punishment by either SMI's or the MI's. Under no circumstances will SMI's or MI's administer corporal punishment while serving in the capacity of an instructor in the MCJROTC program. Corporal punishment includes requiring cadets to perform excessive physical acts (i.e., pushups, sit-ups, running, etc.). Sound judgment must be used at all times when disciplining cadets.

3006. PROMOTIONS

1. Qualification for promotion is defined as the manifestation of those personal and professional attributes necessary to perform the leadership functions and duties, and the ability to assume the responsibilities of the next higher grade at an acceptable level.

2. Promotions provide the incentive through which the SMI helps to develop leadership traits among the MCJROTC students. Promotions increase morale, intensify a respect for constituted authority, and enable the cadet to understand that with authority comes responsibility.

3. Promotion warrants (Appendixes A-cadet officer and B-cadet enlisted) are available through the Marine Corps supply system.

4. Promotions should be effected through ceremonial event. The wide-spread announcement of promotions tends to boost morale and creates spirit of competition.

5. Grade structure should be based on the organization of the unit. For example: Grade structure within battalion should reflect a "Cadet Lieutenant Colonel", "Cadet Sergeant", etc.

3007. LEADERSHIP EDUCATION COMPLETION CERTIFICATE. An MCJROTC Leadership Education Competition Certificate (Appendix C) will be issued by the SMI to each cadet upon completion, transfer, or termination of instruction. Certificates will indicate the course and number of years, or portion thereof, satisfactorily completed. The certificate is available through the Marine Corps supply system.

3008. STUDENT BENEFITS. Successful completion of two years of instruction in the MCJROTC program as indicated on school transcripts, the MCJROTC Leadership Education Certificate or other official documentation, will entitle the student to the following benefits:

1. A student presenting evidence of successful completion of at least two academic years of JROTC under any Military Department is entitled to advance promotion to the grade of no less than E-2 on initial enlistment in an active or reserve component of a Military Service. At their discretion, the Military Departments may award the grade of E-3 for successful completion of three academic years of JROTC.

2. Upon enrollment in a college offering the Senior ROTC course, the cadet who has completed the three-year Junior ROTC course of instruction may be entitled to one year of basic Senior ROTC by the college concerned.

3. Upon acceptance to a four-year college or university, the cadet who has successfully completed the Junior ROTC course of instruction may apply for the Marine Corps PLC program during the summer prior to the freshman year.

3009. DISENROLLMENT. A cadet may be disenrolled by the SMI, with the approval of the principal of the school for any of the following reasons:

1. Failure to maintain standards for enrollment.
2. Lack of aptitude, indifference to training, disciplinary infractions, or undesirable traits of character.
3. Disenrollment from school.
4. Request of the individual cadet.
5. Because of the rigors associated with the physical training aspects of the program, a pregnant cadet will be treated as if on "light duty" for the duration of the pregnancy, and for six months thereafter. If, in the opinion of the SMI and the principal, the cadet would suffer undue hardship by remaining in the unit, then disenrollment is authorized.
6. Found guilty of a misdemeanor or felony.

CHAPTER 4

ADMINISTRATION

4000. GENERAL. This chapter sets forth the procedures relating to publications/directives, files/correspondence, report submissions, and inspections for MCJROTC units. For administration purposes of the MCJROTC program, the academic calendar year will be separated into four quarters with the first quarter starting on 1 August and the fourth quarter ending on 31 July.

4001. DIRECTIVES SYSTEM. MCO 5600.32 explains the policies, procedures, and technical instructions for the issuance, filing, and maintenance of all orders, bulletins, and general correspondence relating to the MCJROTC program.

4002. PUBLICATIONS. Navy and Marine Corps (NAVMC) 2761, Catalog of Publications, will list by name and Publication Control Number all current and pertinent publications on a semiannual basis. Each MCJROTC unit should receive NAVMC 2761 semiannually.

a. A publication listing (PL) for each MCJROTC unit lists all the publications the unit needs to operate. These publications are put on the list by the unit, based on their need and the requirements of the District Commanding Officer.

b. Each MCJROTC unit is required to review their publication listing at least annually in conjunction with the semiannual publication of NAVMC 2761. Units will not automatically receive their PL, however, they must request a PL from Headquarters, U.S. Marine Corps (HQMC, AREB).

c. Units will use NAVMC Form 11041 to make additions or deletions from their PL. This form will be sent directly to HQMC (AREB) for changes to be made to the unit PL.

d. To order publications a unit does not have on hand, the unit must follow local guidance by the cognizant District Headquarters. Publications will be ordered from Marine Corps Base, Albany, GA.

4003. FILES AND CORRESPONDENCE

1. Each MCJROTC unit will maintain correspondence files. These files will be opened each year on 1 August and closed on the following 31 July.
2. At a minimum, the Standard Subject Identification Codes (SSIC's) shown in Appendix D will be used.
3. Instructions for writing quality, correspondence formats, and paperwork management are contained in SECNAVINST 5216.5D (Department of the Navy Correspondence Manual). All correspondence will be typewritten.

4004. PERSONNEL REPORTS

1. General. As enrollment increases in the MCJROTC units, budget planning becomes more complex. Accordingly, the current unit strength and estimated future enrollment for each unit must be readily available at Marine Corps Combat Development Command (MCCDC).
2. Semi-annual Strength Reports. SMI's will submit semi-annual strength reports to CG, MCCDC via the appropriate Marine Corps Recruiting District Commanding Officer. Semi-Annual Reports will arrive at the respective Marine Corps Recruiting District NLT 31 October/31 July and CG, MCCDC NLT 30 November/31 August. [NAVMC Form 10943](#) at Appendix E will be utilized. In the initial strength report under the male and female sections, complete all blocks up to October. In the subsequent report complete all blocks in the male and female sections; i.e., from the Previous Year Projection block through the 'Projected Strength Next Year block.
 - a. Cadets will be categorized on the Strength Report by actual school year classification not LE level.
 - b. Regardless of the number of class periods a cadet takes MCJROTC during the day, he/she will only be counted once for unit enrollment. The number of cadets who take the course more than once during the day will be reflected in the "Remarks" column (i.e., (3) LE-III and (5) LE-II cadets take course twice).
3. Disposition of Graduates Report. A disposition of graduates

report will be submitted to the CG, MCCDC (C 462R) prior to 30 June of the academic year following graduation of the cadets reported on. The format of the report is described in Appendix F. Marine Corps Recruiting District Commanding Officers will consolidate the unit reports prior to forwarding them to CG, MCCDC (C 462R). This report is assigned Report Control Symbol MC-1533-05.

4. MCJROTC Instructor Evaluation Summary. Using [NAVMC Form 10942](#), shown in Appendix G of this manual, instructor evaluation summaries will be submitted as follows:

a. Senior Marine instructors will annually submit a completed instructor evaluation summary on each MI under their cognizance to the CG, MCCDC (C 462R) via the respective school principal and District Commanding Officer who will signify review of the subject reports by comments and personal signature in the space provided. These reports will be submitted annually prior to 30 June. The reporting requirement contained in this paragraph is exempt from reports control and requires no report control symbol.

b. School principals are requested to submit a completed instructor evaluation summary on SMI'S to the CG, MCCDC (C 462R) via the District Commanding Officer, prior to 30 June. The District Commanding Officer will signify review by signing the space provided and giving additional remarks in the section provided for comments.

c. Evaluators are encouraged to make written comments in the comments section of the subject report.

d. The signature of the instructor reported on verifies that the instructor has seen the completed report. If the report is considered to be negative, then the instructor reported on must be given an opportunity to respond in writing to CG, MCCDC (C 462R) via the District Commanding Officer within 15 working days of signing the report. A negative report is defined by any marking of "Below Average" or "Unsatisfactory", or not recommended for "Reappointment".

4005. INSPECTIONS. District Commanding Officers will ensure that established units are inspected once each school year, and that newly established units (initial year of operation) have both an inspection and a staff visit during their first year. A report of the results of these inspections and staff visits will be

maintained at the district headquarters for a period of two years. Inspection guidelines for MCJROTC units are provided in Appendix H. The format for the report is contained in Appendix I. The reporting requirement contained in this paragraph is exempt from reports control and requires no report control symbol. The point system given to each of the following categories will be at the discretion of the District Commanding Officer.

1. Outstanding. The unit per the policies and procedures of the CMC and other higher authority, and the area or function inspected was among the best the inspecting officer has observed. A very high degree of excellence and a complete rationale for this grade would be required. This is not to preclude commendatory comments of various types used to single out individuals.
2. Excellent. The unit per the policies and procedures of the CMC and other higher authority, and only a few minor discrepancies were detected which established no trends. The discrepancies are not reported in this case. This is a difficult grade to attain.
3. Above Average. The unit per the policies and procedures of the CMC and other higher authority, except minor discrepancies, which established no trends, were detected.
4. Average. The unit per the policies and procedures of the CMC and other higher authority, except trend discrepancies were detected.
5. Below Average. The unit per the policies and procedures of the CMC and other higher authority, except numerous trend discrepancies were detected in critical functional areas.
6. Unsatisfactory. The unit did not comply with the policies and procedures of the CMC and other higher authority, or there were a significant number of trend discrepancies.

MCJROTC SOP

CHAPTER 5

CURRICULUM

5000. GENERAL. Public Law 88-647 prescribes the Department of Defense policy for the JROTC. It also directs that the Marine Corps will conduct a JROTC program that will provide military instruction to secondary school students for the purpose of teaching the qualities of good citizenship and leadership. The program is not designed to be a recruiting tool, and the cadets enrolled in the program are not required to have the qualifications of potential Marines. The minimum academic program required for nonmilitary secondary schools is three, one-year courses with 180 periods of instruction per year.

5001. CURRICULUM CRITERIA. The MCJROTC program must:

1. Provide a course of instruction that can be interrelated with other educational programs of the participating school. The public schools of each state must follow the state laws and regulations, locally determined policies, and standards of the accrediting agencies. Schools, therefore, must be able to exercise a reasonable amount of flexibility in administering the MCJROTC program.
2. Provide a learning experience which can fit into the general patterns of education found in most secondary schools.
3. Provide a course of instruction suitable for presentation by retired personnel with varying experiences and educational background. This course must effectively utilize their knowledge and years of experience, and be adaptable to class scheduling for two instructors.
4. Provide a motivating course which will enable the cadet to develop improved attitudes of personal integrity, leadership knowledge and skills, discipline, self-reliance, good citizenship, and patriotism.

5002. CONCEPT OF MCJROTC CURRICULUM. The MCJROTC curriculum is a three-year academic program for secondary schools. Although a four-year curriculum is not available, MCJROTC units are authorized to implement a fourth year. The MCJROTC program of instruction is

designed to emphasize leadership education and leadership development. The courses are therefore titled, Leadership Education I, II, and III. Basic training in leadership tenets, physical fitness and health, drill and ceremonies, marksmanship, and military organization are taught as part of the cadet's orientation to the Marine Corps and as a means to develop the leadership qualities taught in class. The cadets are expected to develop certain positive attitudes, values, and leadership qualities from the instruction and the leadership provided by the Marine instructors.

5003. GRADE LEVELS. Each grade level must receive separate instruction that is not repetitious. The three grade levels (with a fourth year option), summarized below, place varying emphasis on the major subjects. The major subjects are described in Paragraph 5004 below.

1. Leadership Education I (LE I). Designed for high school freshman or sophomores, Leadership Education I introduces the cadets to the major subjects to lay a foundation for the grade levels to follow. This course emphasizes fellowship, development of leadership traits, and Marine Corps drill and ceremonies.

2. Leadership Education II (LE II). The second-year course is designed for high school sophomores or juniors. It explores each subject in greater detail than LE I, and it emphasizes leadership theory, style and principles. Some leadership roles are assigned to second-year cadets.

3. Leadership Education III (LE III). The third-year course is designed for high school juniors or seniors. It emphasizes leadership training and leadership application. The majority of the cadet officers, rifle team, drill team, color guard, and student instructors are normally third-year cadets.

4. Leadership Education IV (LE IV) (Optional). If a four-year high school desires, it may conduct a four-year program. The fourth-year curriculum shall consist entirely of leadership training. Fourth-year leadership training will include participation in the leadership research, and in presentation of leadership talks to student or community groups. No textbook for this course exists.

5004. Leadership Education Courses. Leadership Education I, II, and III each contain five major subjects. Each of the major subjects may comprise a maximum of 20 percent of these courses

except for Leadership Tenets, which must comprise a minimum of 20 percent of each course. Leadership Education IV consists entirely of leadership training. The SMI selects the subcourses within the major subjects for all MCJROTC courses. The major subjects are:

1. Leadership Tenets. Leadership tenets is the most important subject the MCJROTC program offers. It is a series of sub-courses of instruction commencing with an introduction to the basic elements of leadership. Participatory assignments, commensurate with year level, are made within a unit which is usually structured on the company or battalion level. Grade levels increase in responsibility and complexity. Participation by cadets in student clubs and competitive athletics is encouraged.
2. Physical Fitness and Health. A series of subcourses in Physical Fitness and Health that recognizes the sedentary life styles of contemporary adolescents. While the target population is the entire corps of cadets, emphasis is placed on those cadets who do not participate in competitive athletics. Competition, self satisfaction, and teamwork highlight the subcourses with particular emphasis on the National Youth Physical Fitness Program of the Marine Corps League, its testing, and nationwide annual competition. Proper diet, basic nutrition, and the need for an athletic regimen that continues into adulthood are addressed.
3. Drill and Ceremonies. A series of subcourses on Drill and Ceremonies, this series is based on the time-tested principles of the same close order drill that is conducted by members of the United States Marine Corps. Hence, there is an accompanying emphasis on excellence. The subcourses are progressive in nature, commencing with basic drill and facing movements and progressing to parades, reviews, and ceremonies. Liaison with veterans groups can provide competition, visibility, and recognition with other JROTC units. Additionally, college ROTC units usually schedule JROTC events during college competitions.
4. Marksmanship. A series of subcourses designed to inspire self-confidence, pride, sense of accomplishment, and teamwork. Teamwork is stressed through the formation of unit rifle teams that compete annually in club sponsored (i.e., NRA, Army National Guard, etc.) courses of fire, either at the school or at local range facilities.

5. Military Organization and Orientation. A series of subcourses that present Marine Corps history and current Marine Corps missions. Military customs and traditions are also presented. Instruction in Marine Corps history enhances cadets appreciation for American history. This series also provides cadets with instruction in the national defense structure.

5005. COURSE MATERIALS. The Leadership Education course materials provided to support each grade level of the MCJROTC program are:

1. Instructor Guide. A manual consisting of a program of instruction, instructor outline, instructor activity list, student activity list, student assignment sheet, and test blank questions and answers.

2. Student Text. A manual consisting of text materials which support the instructor guide.

3. Student Workbook. A manual consisting of note taking outline sheets, study assignments, and lesson questions which support the appropriate instructor guide and student text.

4. Training Aids. Requests for training devices, films and visual aids will be forwarded via District Commanding officers to the appropriate audiovisual support center.

5006. COORDINATING INSTRUCTIONS

1. Flexibility. It is recognized that each participating host school is unique in some manner. Each has the responsibility, however, for assuring that the MCJROTC program becomes an integral part of its overall educational program. To assist in this integration, substantial flexibility is incorporated into the leadership education courses.

2. Academics. The MCJROTC Leadership Education course is designed as one of attraction. Judgment, tact, forbearance, and adherence to General Lejeune's precepts are paramount. Harassment and punitive physical fitness practices are not hallmarks of the true leader and attempts to impose these negative entities on junior cadets by more senior cadets will not be tolerated. Scheduled testing, timely completion of assignments, class participation, and positive demeanor are encouraged and will be an integral part of instruction.

MCJROTC SOP

5006

3. Academic Administration. Academic administration has been minimized. Instructors will, however, maintain such records as the respective host school requires. This includes, but not limited to, a Plan Book and a Grade Book, usually provided by the institution.

4. Instructor Availability. Cadets often desire to discuss topics ranging from academics, grades, and class standings to uniforms, promotions, and assignments. Accordingly, the SMI and the MI will schedule and publish their times of availability for cadet counseling.

5. Curriculum Coordinator. Assigned by MCCDC (T&E).

6. Curriculum Review Board (CRB). Districts will provide representatives to meet annually at MCCDC during June for curriculum review/rewrite purposes.

CHAPTER 6

TRAINING

6000. GENERAL. The mission and objectives of the MCJROTC program are presented in paragraphs 1001 and 1002 of this Manual. Cadet objectives for this program, curriculum policy, and supporting course materials are incorporated in Leadership Education Courses I, II, and III. The complete course of instruction comprises three academic years of high school. A four-year high school may conduct a four year course of instruction if the unit desires. The four-year course of instruction will consist entirely of leadership training and the four-year cadets will be assigned to billets requiring the application of those leadership principles and skills learned during the first three years of the program.

6001. PURPOSE. The purpose of MCJROTC training is to present classes and activities to the cadet that are of such a nature as to be of immediate value. All training will be consistent with the objectives of the program as outlined in this Manual and other applicable directives. The thrust of classes and activities should develop the leadership abilities of each cadet so they become better citizens no matter what career pattern is chosen.

6002. METHODS OF INSTRUCTION. Every effort will be made to ensure that instruction is carefully prepared and presented in an understandable, interesting, and enthusiastic manner. Where feasible, subject should be presented by lecture, demonstration, and practical application involving individual and group performance tests, followed by discussion/critique periods which provide for cadet participation. The use of cadets as instructor aides is encouraged as a method of ensuring cadet participation. Maximum use of visual aids, including training devices and films, will be made where practical. Consistent with local conditions, efforts should be made to conduct outdoor or field house-type instruction on a weekly basis with practical application phases of training stressed to the maximum extent possible.

6003. TEXTS. All course materials used to support Leadership Education Courses are provided by the District Commanding Officer. Chapter 5 outlines each type of supporting text used in conducting the three-year curriculum. Instructors may use appropriate field manuals, technical manuals, and other publications approved by the

CG, MCCDC (C 462R) or other DOD agencies to augment presentations as appropriate.

6004. RECORDS

1. Senior Marine instructors will ensure that Leadership Education Course materials are kept current and that any changes are incorporated immediately. Maintenance of course materials is necessary for the information and guidance of newly detailed instructors and serves to promote stability in the program. The instructors are responsible for recommending text changes via the District Commanding Officer to the CG, MCCDC (C 462R).

2. A training record will be maintained on each cadet for information that is not otherwise maintained in required school records. At a minimum the following information will be included:

- a. Academic grades.
- b. Semi-annual YPFT scores.
- c. Annual Marksmanship scores.
- d. Promotions and Awards.

3. At a minimum, an annual training plan will be prepared showing classes scheduled and training to be conducted in order to meet the minimum 180 class hours of instruction. Weekly training schedules will be published and posted in the classroom to allow cadets to prepare for upcoming instruction.

4. Each period of instruction listed on the training schedule should have an associated lesson plan on file. The lesson plans, provided with the leadership education curriculum, should contain changes to reflect any modifications made by the unit. Additional information, alternate student handouts, or other deviations from the basic package should be reflected in the lesson plan file.

6005. ORIENTATION VISITS

1. General. As part of the training curriculum, each MCJROTC unit will make an orientation visit to a Military installation on a biennial basis. The visits may take place during the school term or summer recess and will be three training days in duration. Requests

for additional time to visit sites of historical or military interest in conjunction with the orientation visits will be approved by the District Commanding Officers. The maximum number of cadets authorized for a visit is limited to 45 per unit. Cadet eligibility will be determined by the SMI's.

2. Scheduling. The CG, MCCDC (C 462R) will approve the military installations to be visited. Each MCJROTC unit will submit the following information to the CG, MCCDC (C 462R) via District Commanding Officers to arrive at this headquarters no later than 30 June of the year the unit is participating:

a. Primary choice of host command with dates (approval from base commander of any non-Marine base must be included).

b. Alternate choice of host command with dates (approval from base commander of any non-Marine base must be included).

c. Number of cadets to participate in visit (male/female).

d. Number of chaperons attending to include SMI/MI (male/female).

3. Funding

a. District Commanding Officers shall budget for funds in support of the orientation visits to include:

(1) Commercial transportation.

(2) Travel and per diem for civilian chaperons.

(3) Travel and per diem for SMI's/MI's.

(4) Reimbursement for travel and per diem will be the same rate when Government quarters and messing are available.

(5) Meals provided to MCJROTC cadets from the general mess of any non-Marine base.

b. Host commanders of Marine Corps installations shall include subsistence support requirements for MCJROTC cadets in their local Operation and Maintenance, Marine Corps (O&MMC) budget based on the current full meal rates.

4. Support. The necessary support rendered by host commanders in connection with orientation visits is set forth below:

a. Meals

(1) Host commanders of Marine Corps installations shall reimburse the Military Personnel Marine Corps (MPMC) Subsistence account for all meals provided MCJROTC Cadets at the current appropriate discounted meal rate. The Marine Corps host command must ensure sufficient funds are included in their local Operations and Maintenance Marine Corps (O&MMC) budget. Billing documentation [NavCompt Form 2277](#)) for reimbursement of meals provided MCJROTC cadets in Marine Corps appropriated fund mess halls will be initiated locally crediting the MPMC subsistence appropriation and charging the activities local O&MMC appropriation. While meals are provided to cadets at no individual expense, Senior Marine Instructors, Marine Instructors and chaperons are required to pay for each meal prior to consumption at the current discounted meal rate.

(2) Meals consumed at non-military installations must be per Joint Federal Travel Regulations, Volume I.

b. Billeting

(1) Billeting for cadets should be sufficient in quantity and quality on a par with quarters for enlisted Marines, to include satisfactory facilities, conditions, and adequate linen and cleaning supplies. When adequate enlisted quarters are not available for cadets, billeting in the BOQ is authorized (provided cadets pay for individual maid service or that cadets be required to clean the billeting area assigned). Billeting for male and female chaperons should be BOQ type facilities in close proximity to the cadets' billeting area(s). The rate charged should be that imposed on personnel not in receipt of per diem. Chaperons should be advised of the billeting conditions prior to commencing visits.

(2) In the absence of adequate billeting, commercial facilities may be contracted. Funding for billeting will be provided by the appropriate Marine Corps district.

c. Medical Care

(1) Emergency medical treatment will be provided to cadets who are injured or become ill during orientation visits as stated in

6005

NavMedComInst 6320.3. Although the term "emergency" is not clearly defined, sound medical judgment in individual cases will lead to proper treatment. It should be noted that BUMED's policy has always been, "When in doubt, treat the patient."

(2) The SMI will ensure that all cadets execute the current general release and emergency data forms. Further, all cadets must be covered by medical insurance prior to commencement of the orientation visit.

(3) The parent/legal guardian will be notified immediately to assume responsibility for additional treatment required at an appropriate civilian facility. It is desirable that medical officials at host commands be informed when MCJROTC orientation visits will be occurring, and that treatment of cadets may be required.

d. Transportation. Transportation will be provided to accomplish the proposed training schedule.

e. Individual Equipment. Individual equipment; e.g., belt, canteen, and field jacket will be provided by hosting unit and recovered upon departure of the visiting group.

f. Special Services. Cadets use of recreation facilities and equipment is authorized. All equipment used will be returned prior to departure from the installation. While using recreation facilities, cadets will be supervised at all times.

g. Exchange Service. While visiting installations as part of an orientation visit, MCJROTC cadets are authorized to purchase for their personal use any item sold in the exchange except alcoholic beverages and tobacco products.

h. Cadet Identification Card (NAVMC 10854). While participating on orientation visits, all cadets will have in their possession a cadet ID card as shown in Appendix J. These ID cards can be procured through the Marine Corps supply system.

i. Training

(1) The orientation visit is designed to supplement and reinforce the training requirements prescribed in the MCJROTC curriculum on a biennial basis. During these visits, it is desirable

that cadets be exposed to as much of the ongoing training conducted at the host activity as facilities and time permit.

(2) Only those MCJROTC cadets who have received marksmanship training are authorized to participate in the familiarization firing of the M-16 rifle.

(3) Host commands are authorized to permit cadets and those chaperons who are authorized representatives of the school to participate on local flights, as defined in MCO 4630.16 (Air Transportation Eligibility), and orientation rides on tactical vehicles. It is the SMI's responsibility, as well as the host command's, to determine the adequacy of the proposed training events and any special safety considerations prior to the actual orientation visit.

(4) Combat-type training (e.g., squad/platoon tactics) is prohibited.

(5) It is necessary that each MCJROTC unit prepare a proposed training schedule for the entire period of the visit. Copies of the proposed schedule must be provided to the host Command and District Commanding Officer at least 60 days prior to the scheduled visit.

5. Parental Consent. The form in Appendix K must be executed by the cadet's parent or legal guardian before the cadet may participate in orientation visits.

6. After Action Report. Each SMI will submit an after action report on all orientation visits, to reach the District Commanding Officer no later than 30 days after completion of the visit. Report Control Symbol MC-1533-06 has been assigned to this report. The report should include, but not limited to:

- a. Identification of problem areas and recommended corrective actions.
- b. Highlighting of well executed aspects of the visit.
- c. Injuries to cadets and follow-up actions.
- d. Persons and units particularly helpful in their effort to support the visit.

6006. MARKSMANSHIP

1. General. Marksmanship training is an integral part of the MCJROTC curriculum. A properly administered marksmanship program allows cadets to develop pride and a sense of accomplishment as they become more proficient with the rifles. Selfdiscipline results from the requirement for practice and dedication to selfimprovement. Cadets are given the opportunity to compete; as competition fosters, self-esteem and a higher regard for others develops.

2. Implementation. The Marksmanship Training Program will be conducted per guidance provided in Leadership Education Courses I, II, and III.

3. Safety. Marksmanship training will be conducted with emphasis on safety. Units with rifle ranges will have a range SOP clearly posted in the range area. Prior to any live firing there will be a brief safety lecture summarizing range procedures. The SMI or MI will be present during any period of live firing.

4. Parental Consent. Before any cadet is allowed to participate in live firing, the SMI will obtain a written statement of parental consent as shown in Appendix L.

5. Marksmanship Qualification

a. Small bore and air rifle qualification will be conducted per the Leadership Education Courses I, II, and III. The dimensions and type of indoor/outdoor range used, and type of target for marksmanship qualification will be per the official NRA rules and regulations.

b. The following course will be used for instruction and record firing for the .22 caliber rifle:

<u>Nonscore</u>	<u>Qualification</u>		
<u>Time Limit</u>	<u>Rounds (not timed)</u>	<u>Rounds</u>	<u>Position</u>
10 min.	5	10	Prone
20 min.	5	10	Standing
15 min.	5	10	Kneeling

c. The following course will be used for instruction and record firing for the air rifle:

Nonscore <u>Time Limit</u>	Qualification		<u>Position</u>
	<u>Rounds (not timed)</u>	<u>Rounds</u>	
10 min.	5	10	Prone
20 min.	5	10	Standing
10 min.	5	10	Sitting
15 min.	5	10	Kneeling

- d. The qualification scores for .22 caliber types of courses will be:

Marksman	280
Sharpshooter	320
Expert	360

- e. The qualification scores for air rifle types of courses will be:

Marksman	150
Sharpshooter	180 (Justification provided upon request)
Expert	350

- f. Upon successful completion of a record-fire course, cadets will be awarded the appropriate qualification badge for wear on the MCJROTC uniform.

6007. PHYSICAL FITNESS TRAINING

1. As part of the curriculum, each unit will conduct physical fitness training throughout the school year. This requirement must be accomplished by participating in the Marine Corps League's National Youth Physical Fitness Program. The Youth Physical Fitness booklet, furnished by the Marine Corps League and available through district headquarters, describes the philosophy of the program, its organization and administration, and exercise description and evaluation. Further information regarding the Marine Corps League's fitness program should be directed to the District Commanding Officer or the CG, MCCDC (C 462R).

2. At least twice a school year, each MCJROTC staff will evaluate the physical fitness of their cadets. The initial testing will be done during the first marking period. The second testing will be done during the last marking period of the year. The events and standards of the Marine Corps League's National Youth Physical Fitness Program will be used for both tests.

6008. COMPETITION

1. In support of the above curriculum requirements, units may elect to participate in various competitive events such as drill meets and rifle competition. If approved by the District Commanding Officer, the following information applies.

2. Funding

a. The District Commanding Officer may budget for funds in support of the competition to include:

(1) Commercial transportation.

(2) Travel and per diem for civilian chaperons.

(3) Travel and per diem for SMI's/MI's.

(4) Reimbursement for travel and per diem will be the same rate when Government quarters and messing are available.

(5) Meals provided to MCJROTC cadets from the general mess of any Marine Corps or non-Marine Corps base must be coordinated prior to the event by the SMI. The District Commanding Officer must be notified if funding is required.

3. Support. The necessary support rendered by host commanders in connection with competition is set forth below:

a. Meals

(1) Only basic meal rates, as listed in the current Marine Corps Bulletin in the 10110 series (containing meal rates) for "authorized personnel" will be charged. No surcharge rate will be applied to the category of personnel. Reimbursement for meals provided by host commands at Marine Corps installations will be accomplished locally on Voucher for Disbursement and/or Collection ([NavCompt Form 2277](#)) crediting Military Personnel, Marine Corps (MPMC) appropriation and charging the activities operation and maintenance, Marine Corps (O&MMC) appropriation.

(2) While cadets are entitled to subsistence at no expense, SMI's/MI's and chaperons are required to pay for each meal as it is

consumed at the appropriate rate, to include the appropriate surcharge.

(3) Meals consumed at non-military installations must be per the Joint Federal Travel Regulations, Volume I.

b. Billeting

(1) Billeting for cadets should be of like quality and on a par with quarters for enlisted Marines, to include adequate supplies of linen and cleaning supplies.

(2) When adequate enlisted quarters are not available for the cadets, billeting in BOQ's is authorized, provided cadets pay for individual maid service or the cadets be required to clean the billeting area assigned.

(3) It is recommended that male and female chaperons be billeted with the cadets. If this is impractical, billeting for male and female chaperons should be BOQ-type facilities in close proximity to the cadets' billeting area. The rate charge should be that imposed on personnel not in receipt of per diem.

(4) In the absence of adequate billeting, commercial facilities may be contracted. Funding for billeting will be provided by the appropriate Marine Corps district upon prior approval.

6009. COMPETITIVE MARKSMANSHIP

1. All MCJROTC units are encouraged to fire intramural and separate matches with other units under such conditions as may be agreed upon.

2. All MCJROTC units should participate in the MCJROTC Postal Match Competition. An annual match will be held during the period of 1 March to 25 March for both the .22 caliber rifle and air rifle (only the Daisy 853 or an equivalent air rifle is authorized for this competition). Conduct of postal match competition will be as follows:

a. All shooters will compete with either the .22 caliber rifle or the air rifle.

b. Firing reports, Appendix M, will be completed and certified by the SMI upon conclusion of firing. The SMI must be present during the entire period of competitive firing and verify each target.

c. Each target will have the shooter's name on it.

d. The firing position indicated on a target will correspond to the actual position fired.

3. Firing reports and targets will be forwarded to the National Rifle Association, Washington, DC for scoring by 1 April of each year.

4. Shooters will compete for ten individual medals in each category.

5. Further administrative instructions will be promulgated annually by the CG, MCCDC (C 462R).

6010. PHYSICAL FITNESS COMPETITION

1. The National Youth Physical Fitness Program of the Marine Corps League plans as one of its component elements, regional interscholastic invitational physical fitness meets. The Marine Corps League will invite those qualifying MCJROTC units to participate in this meet which is conducted in the spring.

2. In addition to this regional competition, the Marine Corps League and Manpower Department (MRM), Headquarters Marine Corps, co-sponsor a national meet held annually after the spring regionals.

CHAPTER 7

UNIFORMS, ACCESSORIES, AND AWARDS

7000. SCOPE. This chapter sets forth the manner in which uniforms, accessories, and awards will be worn. The policy with respect to awards is prescribed and the requirements relative to their issuance is set forth in Paragraphs 7005 through 7010 of this Manual.

7001. CADET UNIFORMS

1. The district headquarters will provide specific instructions relating to the procedures of requisitioning, control, issuing, maintenance, recovery, and replacement of MCJROTC uniforms which are listed in Appendix N (male) and Appendix O (female).

2. A JROTC Memorandum Receipt for Uniform Issue (4430) will be filled out for each cadet of the unit. A sample of these receipts are shown in Appendix P (male) and Appendix Q (female).

3. The description, wearing, and placement of the cadet uniforms, rank insignia, and ribbon awards are set forth in this chapter, and TM-10120-15/1 (Technical Manual for Uniform Fitting and Alteration), MCO P1020.34 (Marine Corps Uniform Regulations), and MCO 6100.10 (Marine Corps Weight Control and Military Appearance Program.)

4. Grooming standards are set forth in MCO P1020.34 (Marine Corps Uniform Regulations).

5. The SMI will determine which uniform items will be issued and the uniform of the day worn by the cadets so long as that issue does not exceed allowances listed in Appendix N (male) and Appendix O (female). This local SMI discretion will comply with established Marine Corps uniform regulations. At no time is the wearing of civilian attire with the MCJROTC uniform authorized (i.e., red windbreakers, baseball cap styled covers, etc.). The MCJROTC uniform will be worn at least once weekly by all cadets of the unit.

7002. MARINE CORPS JUNIOR ROTC CADET OFFICER INSIGNIA

1. The description for cadet company and field grade officer insignia is set forth below:

a. The cadet company grade officer insignia consists of a flat disk, 3/4 of an inch in diameter (large size) and 1/2 an inch wide in diameter (small size).

b. The Cadet field grade officer insignia consists of flat lozenges, 3/4 of an inch wide by 1 1/4 inches long (large size) and 1/2 an inch wide by 3/4 of an inch long (small size).

c. All cadet officer insignia will be of silver metal.

2. Placement of MCJROTC officer disks and lozenges on the uniform will be in the manner prescribed for the Marine Corps general officer insignia. The lozenge will be worn as follows:

a. Coat - the long axis will point fore and aft.

b. Shirt (including shirt w/quarter length sleeves) - one long axis point of each lozenge will point toward the top edge of the collar.

c. Garrison cover - right front and entered.

3. Only the grade insignia set forth in Appendix R of this Manual is authorized for cadet officers and will be furnished at Government expense.

7003. MARINE CORPS JUNIOR ROTC CADET ENLISTED INSIGNIA

1. The cadet enlisted gold on scarlet MCJROTC insignia (Appendix S) will not be sewn on the blue coat, instead, the gold metal cadet rank insignia will be placed on the coat epaulette, and the plastic grade insignia will be worn on the collar of the utility coat and khaki shirts as set forth in MCO P1020.34. Scarlet on green MCJROTC insignia will be worn on the green coat. No other style of enlisted grade insignia will be authorized for wear on the MCJROTC uniform.

2. The MCJROTC enlisted grade insignia contains a Lamp of Learning device in lieu of crossed rifles used in the Marine Corps. The Lamp of Learning signifies intensive study, a source of intellect, and moral and spiritual illumination. The Lamp of Learning is the heraldic device associated with Junior ROTC.

7004. DISTINGUISHING DEVICES

1. School patches and the MCJROTC distinctive patch are the only distinguishing devices authorized for wear on the MCJROTC uniform. The MCJROTC patch will be worn on the left sleeve 1/2" below the shoulder seam as set forth in MCO P1020.34.2. Units which have approved school patches will wear such patches on the right sleeve of all outer clothing 1/2" below the shoulder seam. Sample patches will be submitted to the CG, MCCDC (C 462R) for approval, and if approved, will be procured at other than Marine Corps expense. Appendix T of this Manual contains guidelines for design of school patches.

2. The MCJROTC distinctive patch shall be worn on the left sleeve of all uniform clothing. Distinctive MCJROTC patches, including the cost of sewing on and removal of the patches from uniform clothing, will be furnished at Marine Corps expense.

3. A 9/16 of an inch wide red stripe for blue uniform trousers will be worn by all MCJROTC cadets.

4. Fourrageres, aiguilletes, service stripes, trouser stripes, and ribbon devices worn by members of the armed forces (e.g., palms, clusters, stars, V's) shall not be worn on the MCJROTC uniform. Special ribbon devices authorized for MCJROTC use are listed in Appendix U of this Manual.

7005. AWARDS

1. Awards are for the purpose of publicly recognizing meritorious service and outstanding achievement which distinguishes an individual or unit from others. They provide a means of recognizing individual cadets for their performance and participation in the MCJROTC Program. The proper use of awards can improve morale and provide an incentive for greater efforts and achievement. However, the indiscriminate employment and proliferation of awards can destroy their intended purpose.

2. Only those awards, decorations, and badges prescribed in this Manual will be worn by cadets on the MCJROTC uniform, per MCO P1020.34. Other service JROTC medals and ribbons can be worn as set forth in MCO P1020.34. Shooting badges from other services will not be worn.

7006. MCJROTC RIBBONS AWARDS

1. The CG, MCCDC (C 462R) authorizes ribbon awards to recognize superior performance by units or individual cadets. These awards are designated to recognize participation in MCJROTC activities and certain extracurricular school activities which require special dedication and effort beyond the normal MCJROTC course requirements.
2. The descriptions, criteria, and sponsor of the various military and civic awards that have been approved by the CG, MCCDC (C 462R) are included in Appendix U of this Manual.
3. District Commanding Officers will ensure that selections for the Legion of Valor Award are forwarded to the CG, MCCDC (C 462R) by 30 June of each year. Criteria for this award is explained in Appendix U. The reporting requirement contained in this paragraph is exempt from reports control and requires no report control symbol.

7007. MARINE CORPS RESERVE OFFICERS' ASSOCIATION (MCROA) AWARD

1. The MCROA has established the Commandant's Trophy to be awarded each year to the most outstanding MCJROTC unit in each Marine Corps District. The board is convened by the Marine Corps District using the criteria contained in Appendix V. The MCROA package will be arranged per Appendix V.
2. District Commanding Officers will select units based on the unit's performance through out the school year and specific criteria contained in Appendix V. These nominations should arrive at District Headquarters prior to 30 June.
3. Cadets who are members of the winning unit during the award period are authorized to wear the MCROA Outstanding Unit Award Ribbon (TIH Ribbon Numbers N-13).
4. Selections will be submitted to the CG, MCCDC (C 462R) by 30 July. The reports requirement contained in this paragraph is exempt from reports control and requires no report control symbol.

7008. NAVAL HONOR SCHOOLS. Those units selected by the District Commanding Officer for attaining the highest overall rating during the school year will be designated Naval Honor Schools by the CG, MCCDC (C 462R). This designation is given in recognition of a unit's exemplary performance during the District Commanding Officer's

inspection. Selections will be submitted to the CG, MCCDC (C 462R) by 30 July. Approximately 20 percent of total MCJROTC units in the country are selected as Honor Schools. See Appendix V for submission format.

7009. LOCAL AWARDS

1. Senior Marine Instructors may desire to institute local personal awards. Such awards may be used effectively to provide incentive for participation and performance in unit activities. Additionally, units may have the opportunity to participate in competition for awards sponsored by local organizations and institutions.

2. Before any ribbon or device may be worn by a cadet on the MCJROTC uniform, it must be approved by The (U.S. Army) Institute of Heraldry (TIH) and authorized by the CG, MCCDC (C 462R). Authority to wear locally awarded ribbons and devices may be requested by forwarding a sample, color drawing, or picture of the award to the CG, MCCDC (C 462R) via the appropriate District Commanding Officer. Included should be a brief statement of the following:

a. Award criteria.

b. Sponsor.

c. Selection process.

d. Whether the proposed ribbon bar has been previously approved by TIH. In the case of ribbon awards which have not been approved by TIH, the CG, MCCDC (C 462R) will forward them to TIH for approval prior to granting authority for their wear on the MCJROTC uniform.

3. Before any ribbon award is proposed for approval by the CG, MCCDC (C 462R), it should be carefully evaluated. Favorable consideration will be given to requests for approval of local ribbon awards only if they meet certain criteria:

a. The ribbon award must recognize meritorious service or outstanding achievement beyond that expected of the majority of the cadets in the unit; or it must recognize participation in a unit activity or event requiring special dedication and effort beyond the normal MCJROTC course requirements.

b. The local ribbon award must be awarded according to

significantly different criteria than designated MCJROTC awards sponsored or approved by the CG, MCCDC (C 462R). Proposed awards that duplicate existing awards will not be approved.

c. Local ribbon awards received at competitions with other MCJROTC, JROTC, or ROTC units will be approved for wear by cadets on the MCJROTC uniform only if the recipients were members of a unit or team which distinguished itself during the competition.

d. Ribbon awards received for merely participating in a competitive event will not be considered unless the competitors themselves were chosen by some particularly selective or rigorous process and are therefore deserving of recognition.

7010. SENIORITY OF RIBBON AWARDS

1. The MCJROTC ribbon awards are listed in order of seniority:

Legion of Valor Bronze Cross for Achievement
MCROA Outstanding Unit Award
American Legion Bronze Medal for Scholastic Excellence
American Legion Bronze Medal for Military Excellence
Sons of American Revolution JROTC Bronze Medal
Daughters of the American Revolution JROTC Bronze Medal
Military Order of the World Wars Bronze Medal
The Retired Officer Association ROTC Award
Veterans of Foreign Wars JROTC Bronze Medal
Daedalian JROTC Achievement Award
Outstanding Cadet Award
Women Marine Association Award
National Sojourners Award
Noncommissioned Officer Association Award
Student Leadership Award
Officer Leadership Award
Noncommissioned Officer Leadership Award
Civic Service Award
Distinguished Conduct Award
Best Drill Cadet Award
Distinguished Scholastic Achievement Award
Arts and Academic Award
Distinguished Military Training Award
Physical Achievement Award
Superior Marksman Award
Athletic Participation Award

7011

Longevity and Fidelity Award
Distinguished Conduct Award
Best Drill Squad Award
Color Guard Award
Drill Team Award
Band/Drum and Bugle Team Award
Rifle Team Award

2. Local awards which are personal in nature will be junior to the Longevity and Fidelity Award. Local awards recognizing members of a group or unit will be junior to the Rifle Team Award. Seniority of local awards in either of these categories will be in the order in which they were received by the individual or unit.

7011. SHOOTING BADGES

1. Marksmanship qualification badges will be awarded annually following qualification firing. The guidelines for annual qualification firing are contained in chapter 6.

2. Cadets are authorized to wear the qualification badge which reflects the score received during the most recent annual qualification firing. They will retain qualification until the annual qualification firing the next academic year.

3. Special badges or devices won in marksmanship competition may not be worn by cadets unless they have been approved by the CG, MCCDC (C 462R). Requests for approval of special marksmanship badges should be forwarded to the CG, MCCDC (C 462R) via the appropriate District Commanding Officer.

MCJROTC SOP

CHAPTER 8

LOGISTICS

8000. GENERAL

1. The instructions contained in this chapter, appropriate Marine Corps district supply instructions, and the Consumer Level Supply Policy Manual MCO P4400.150 provide for effective control of all organic property used by MCJROTC units.

2. Accountability for property is a responsibility of the Marine Corps district and will be administered both as a monetary factor and as an item factor.

3. The acquisition of items of clothing, supplies, equipment, and contracting for services will be governed by established allowance publications, directives, and as established herein. Requirements for all items and services will be requested from the SMI to the district headquarters.

8001. MISSION OF THE DISTRICT HEADQUARTERS AND MCJROTC UNIT SUPPLY SECTION

1. In respect to the administration of the MCJROTC Program, the mission of the Marine Corps district supply section is to provide guidance for and management of the requisitioning, accounting and control of all Consolidate Memorandum Receipt (CMR) controlled organic property issued to MCJROTC units. It is at the discretion of the District Commanding Officer how to employ the MCJROTC Program supply assets.

2. The mission of the MCJROTC unit supply section is to provide supply support for the unit by assuring that authorized material is obtained in sufficient quantities, maintained in a serviceable condition, and disposed of as authorized by current directives or higher authority. Generally, this responsibility includes all functions incident to requesting, receiving, storage, maintenance, issue/recovery, reporting of excess property, preparation, and submission of necessary source documents to keep required CMR records current at all times.

8002. MILITARY PROPERTY CUSTODIAN (MPC)

1. The school will appoint the MPC, usually the MI, who will be empowered to perform the required supply functions directed by the District Commanding Officer or higher authority. Such appointment will be made in writing with a copy furnished to the CG, MCCDC (C 462R) and the district headquarters. Letters of appointment will be prepared as shown in Appendix W.
2. The MPC will be bonded in an amount adequate to cover the value of the Government property for which the school accepts responsibility. The District Supply Officer will ascertain the monetary worth of Government property allocated to the institution and notify it and the MPC to that effect. A bond without surety is acceptable if the school furnishes satisfactory evidence of financial responsibility.
3. The term MPC is interchangeable with Responsible/Unit Property Officer of a unit.
4. Letters of Appointment will be maintained by the schools to show the successive holders of each position and will be retained for a period of five years after the MPC has ceased.
5. Instructions for relieving a unit's MPC are contained in Appendix X.

8003. INITIAL OUTFITTING. Upon establishment of an MCJROTC unit, requisitions will be submitted by the cognizant District Commanding Officer for the necessary equipment (Appendix Y), uniforms (Appendixes N and O), and supplies required by the new unit.

8004. CHANGES IN ALLOWANCES

1. It is understood that changes to the amount of authorized equipment, uniforms, and supplies will be precipitated by individual units due to geographical differences and needs. Requests for changes to those allowances, other than Class V(W) materials, will be submitted in writing to the cognizant District Commanding Officer. The District Commanding Officer will be the approving authority for allowance change requests, which are less than those prescribed. Requests for increases in allowances above those authorized will be directed to the appropriate Headquarters Marine Corps staff agency. Refer to DC/S for I&L for comment.
2. Requests for changes to Class V(W) materials listed in

MCJROTC SOP

8007

Appendix Z and MCO P8011.4 will be submitted in writing to the CMC (LMG) via the cognizant District Commanding Officer.

8005. SPECIAL ALLOWANCES

1. In addition to those items listed in the appendixes of this Manual, SMI's may request special allowances to meet unique requirements of their unit. These requests for special allowances will be submitted in writing to the cognizant District Commanding Officer.

2. The District Commanding Officer is the approving authority for these requests and will approve/disapprove such requests.

3. Any special allowance approved by the District Commanding Officer will be incorporated into the unit's CMR.

8006. INSTRUCTIONS FOR REQUESTING SUPPLY SUPPORT. Requests for supply support shall be submitted to the cognizant district headquarters. Procedures, formats, and frequency will be per the district supply procedures. Each district MCJROTC section will promulgate supply instructions per Paragraph 8001.1.

8007. CONSOLIDATED MEMORANDUM RECEIPT (CMR)

1. The CMR is a document listing all Government property authorized for a particular MCJROTC unit. The MPC is responsible to the school for those items listed on the unit's CMR.

2. The CMR is produced by the district headquarters on a quarterly basis. If required, the CMR will be produced on a more frequent basis for specific units.

3. Instructions for format, usage, maintenance, and amendments to CMR's will be per the district directives.

4. In order that full benefits of the mechanized property control procedures will be realized, it is mandatory that records, maintenance, and requirements for reporting supply data be reduced to an absolute minimum. Elaborate unit records, development of diverse operational systems, and detailed internal reporting defeat the mechanized property control program. It is, therefore, imperative that supply requirements and procedures for MCJROTC units be kept to a minimum.

8008. ANNUAL PHYSICAL INVENTORY. An annual physical inventory will be conducted for all items of supply. This annual inventory is not required if a relief of the unit MPC has occurred within 12 months of the last inventory.

8009. REQUEST FOR TRANSPORTATION

1. Those SMI's having transportation requirements will submit a letter of request to the cognizant District Commanding Officer. Requests will be submitted in the format prescribed by the cognizant district headquarters and per the instructions of MCO P4600.7 (Marine Corps Transportation Manual).

2. District headquarters will provide guidelines on how to get carrier quotations from local transportation carriers, including school vehicle transportation quotations if available for consideration, along with a recommendation as to the agency carrier that should be selected.

3. When requested by the District Commanding Officer, SMI's will include planned transportation requirements within their annual budget estimates.

4. In response to requests for transportation, the District Commanding Officer shall inform the SMI of the carrier selected to provide the transportation and shall furnish the necessary transportation procurement documents with instructions.

5. If school vehicle transportation is approved as the selected mode, arrangements with and reimbursement to the institution shall be affected per the provisions of the "Application and Agreement Contract" referenced in Paragraph 2001.1e.

8010. AUTHORIZED TRAVEL BY MCJROTC INSTRUCTORS

(Ref: Joint Travel Regulations, Department of Defense Civilian Personnel, Volume 2)

1. Travel by MCJROTC Marine Instructors, in connection with official MCJROTC matters, may be authorized by the District Commanding Officer.

2. Authorized travel will be performed by invitational travel order per the above reference and reimbursed on the same basis as active duty travel.

3. Invitational travel orders issued to MCJROTC instructors will contain a statement to the effect that the authorized travel is not considered active duty.

8011. CUSTODY OF PUBLIC FUNDS

1. The responsibilities of individuals having custody of public funds are contained in NavCompt Manual, Volume 4, Chapter1, Part C, and instructions promulgated by the cognizant District Commanding Officer.

2. District headquarters will provide specific guidance relating to appointments of MPC's, safekeeping of public funds, and audit/surprise verification of funds.

3. The SMI is responsible for determining liability for items lost, damaged, or destroyed and coordinating with school officials for the reimbursement for such loss. Such reimbursement will be accomplished per instructions provided by the cognizant District Commanding Officer.

4. Procedures relating to cash sales and cash transmittals will be provided by the cognizant District Commanding Officer.

8012. WEAPONS AND SECURITY

1. The school, SMI's and MPC's are responsible for adequately safeguarding all Government weapons and associated equipment. This requirement is continuous.

2. Arms and ammunition security is the responsibility of all MCJROTC personnel.

Arms and ammunition must be protected because of the potential for misuse and the capability to cause injury or death. Procedures concerning the security of weapons assigned to MCJROTC units will be in accordance with OPNAVINST 5530.13_(Department of the Navy Physical Security Instruction for Conventional Arms, Ammunition and Explosives (AA&E)).

3. MCJROTC units are not authorized possession of any category I or Category II Arms, Ammunition and Explosives (AA&E).

4. MCJROTC unit arms and ammunition storage sites will meet the construction requirements of OPNAVINST 5530.13_. Sites will be inspected by District Headquarters for approval prior to storage of

arms or ammunition. A copy of the site approval will be maintained on site and at District Headquarters. Annual inspections of AA&E storage sites will be conducted accordance with OPNAVINST 5530.13_.

5. The SMI or MPC at each school will be assigned in writing as the AA&E Accountability Officer. Personnel will be initially and annually screened by District Headquarters for suitability purposes.

6. Guidance concerning control and accountability of arms and ammunition is provided in OPNAVINST 5530.13_. Each storage site will maintain a copy on hand.

7. The JROTC Memorandum Receipt for Individual Equipment (Form 4430) will be utilized as an inventory control card for the initial issue of individual weapons and associated equipment. A sample of this card is shown in Appendix AA. Daily use of weapons will be conducted with the NAVMC Form 10520.

8. Waivers/exceptions and clarification to requirements of OPNAVINST 5530.13_ will be addressed to CMC (POS-10) via the Chain of Command.

9. The District Headquarters will provide instructions for the care and maintenance of ordnance items. The District inspector will ensure, during the units annual inspection, that the maintenance and safeguarding of all weapons and associated equipment is being accomplished.

GUIDELINES FOR SCHOOL SHOULDER PATCH DESIGN

1. School shoulder patches for wear on the MCJROTC uniform must be designed per the basic heraldic principles and must be appropriate for wear on a military uniform. Patches will be 2 inches to 2 1/2 inches in length or diameter.

2. The following guidelines are included for use when designing school shoulder patches.

a. The following will not be authorized:

(1) No part of the coat of arms of the United States will be used. No complete coat of arms, seal, or flag of any state or country may be used, although devices may be taken from them, if applicable.

(2) Insignia consisting of the letters "U.S."

(3) Badges of insignias that simulate any of the uniformed services' qualification badges.

b. Insignias for MCJROTC uniforms will be conservative and will conform to Department of Defense policies and heraldic principles. Basic heraldic principles are as follows:

(1) Designs will be of dignified nature; i.e., no caricature should be used.

(2) Normally, only school and/or Marine Corps colors are appropriate.

(3) Symbols on MCJROTC distinctive institutional insignias should face the front or right whether an animate or inanimate symbol. The right side is the right side of the wearer of the design. To the observer this would appear as the left side.

(4) No lettering or numerals will appear on a shield-shaped device. However, if the insignia is not shield-shaped, lettering, with the exception is "JROTC," "USMC," and "U.S.," may be used.

(5) The complete school seal or coat of arms will not be used for distinctive or shoulder sleeve insignia; however, elements therefrom may be used when feasible.

MCJROTC SOP

(6) Insignia for the MCJROTC uniform will not be restricted as to composition, except when in violation of existing laws. However, if it is obvious that a design is in poor taste or should be revised, the school will be advised.

c. The following manufacturing restrictions should be considered in design of shoulder sleeve insignia:

(1) Shape must be simple and such that it may be easily and rapidly trimmed by hand.

(2) A "schragg" stitch edge, 1/8 of an inch in width, must be provided for when the entire insignia is to be made of embroidery. This may be in the form of a border of 1/8 of an inch or wider and in one color only, or may be a part of the background with the elements of the design kept in sufficiently from the border. This is not necessary if the background is to be made of felt; however, for visibility and appearance, this practice is generally advised when felt is used.

(3) All elements of the design will be at least 1/16 of an inch in width, including lettering. However, details within a symbol may be produced by a change in the stitch.

APPENDIX U

CRITERIA AND DESCRIPTION OF RIBBON AWARDS

1. Authority is granted for MCJROTC units to participate in the below listed award programs for JROTC cadets. Additionally, recipient cadets are authorized to wear the ribbons on their MCJROTC uniform, denoting receipt of the awards. The awards are sponsored by the national organizations and are available to all MCJROTC units.

2. Participation will be a matter of record. Ribbons will be worn per MCO P1020.34 and this Manual.

AWARD: LEGION OF VALOR BRONZE CROSS FOR ACHIEVEMENT

CRITERIA: For the Legion of Valor Bronze Cross for Achievement, eligible cadets must:

a. Have an MCJROTC class standing in the top 25 percent of their class to be considered.

b. Have a school academic class standing in the top 25 percent of their class to be considered.

c. Have demonstrated exemplary military leadership.

d. Have demonstrated academic leadership (demonstrated qualities of leadership in scholastic activities, student or organizations, community activities, and interscholastic athletic participation).

e. Nominees MUST be enrolled in MCJROTC their senior year in order to be eligible for this award.

SELECTION: Senior Marine Instructors will recommend one junior year cadet or the Legion of Valor Bronze Cross for Achievement. The nomination, with justification endorsed by the high school principal, will be submitted to District Commanding Officers no later than 1 June of each year. A selection board appointed by the District Commanding Officer will select the outstanding junior year MCJROTC cadet to receive the Legion of Valor Bronze Cross for Achievement. Selection will be based on leadership potential. District Commanding Officers will forward the names of the recipients, with supporting justification, to the CG MCCDC (C 462R) no later than 30 June of each school

APPENDIX X

RELIEF OF MILITARY PROPERTY CUSTODIAN (MPC)

PROCEDURES TO BE FOLLOWED FOR RELIEF OF AN MPC:

1. Prior to relief of a MPC, the relieving custodian and the custodian being relieved shall jointly make an inventory in the same manner prescribed for an annual inventory required in Paragraph 8008 of this Manual, except as indicated in Paragraph 2, below.

2. If an annual physical inventory has been conducted within the previous three months, and there is not a reason to question the validity of outstanding receipts of custody records as evidenced that the property in question is on hand. Should it subsequently be discovered that such receipts or custody records are in error, the discrepancies will be made the subject of a report of investigation, if necessary.

3. Upon completion of the inventory and adjustment action, a new CMR will be prepared. Upon receipt of the new CMR, the relieving custodian will prepare the following certificate:

"I certify that I have inventoried the property on charge to the MCJROTC Unit (Enter Name of School and Location) and that the items on hand as reflected by CMR dated _____ are correct. I further certify that all Class V (W) material on hand has been inventoried and no discrepancies were noted. I do this date assume responsibility therefore and in relief of:

Name, Grade, Social Security Number of Custodian Relieved

Date

Military Property Custodian

The original of this certificate will be forwarded to the district supply officer, a copy will be retained in the files of the MPC, and a copy will be furnished to the responsible custodian relieved.

4. When time does not permit completion of the foregoing action prior to departure of the relieved custodian, the relieving custodian will prepare a certificate indicating that the individual assumes responsibility for property on charge subject to count and verification. This certificate will be forwarded to the district headquarters and a copy furnished to the relieved custodian. The relieving custodian will then complete the inventory as prescribed above, within 30 days unless an extension of time is granted by the District Commanding Officer.

MCJROTC SOP

5. After review and approval of inventories by district headquarters, new CMR's will be prepared and forwarded to MCJROTC units. Upon receipt of the new CMR, the MPC, after ensuring that all corrective action has been incorporated in the new CMR, will prepare the following certificate: "I certify that a physical inventory of all property on charge to MCJROTC Unit (Enter Name of School and Location) has been conducted and that the items on hand as reflected by the CMR date are correct. I further certify that all Class V (W) material on hand has been inventoried and no discrepancies were noted. I do this date assume responsibility therefore in relief of:"
