QUESTIONNAIRE FORMAT EXPLANATION

The purpose of this page is to illustrate the layout of questions in this instrument and help the reader to interpret the formatting and instructions, so they can follow the flow of the questions. This format was designed for ease of use by those who will be programming the computer-aided telephone interviewing (CATI) survey instrument. If this questionnaire was administered in a paper and pencil version, the formatting would be changed; however, the skip logic would remain the same.

Line 2: This box indicates if a previously answered question affects whether this question is asked or which part of the question is asked, and if so, the specific responses to the earlier question that trigger this question or a specific part of it.

Question number is displayed in the shaded area.

FS42.2

IF FS42=most of the time (2), some of the time (3), OR none of the time (4)

he if CMALE; **she** if CFEMALE

Indicates that the question stem should only be asked if question FS42 was answered 2 or 3.

(IF FS42 =2 or 3) When [he/she] is not living with you,

This code tells the programmer or interviewer to insert the name of the focal child.

Question Text

(W/w)ho does [CHILD] live with?

These are skip instructions to the next question asked. You should follow the lowest number skip to the next question, to see if that question is appropriate. Instructions at those questions will tell you how to proceed.

Line 3: Indicates wording changes, pronouns to be used, or variations in the question, based on a known variable about the respondent, such as gender or relationship status.

(Hello, my name is [NAME] and I'm calling from Mathematica Policy Research, Inc., a research company in Princeton, New Jersey.) I'm calling you about the Building Strong Families study you joined about three years ago. You may have received a letter recently to let you know that we would be calling you.

We last spoke with you on [RA DATE]. At that time, we told you that we would be contacting you again to learn how you are doing.

The interview will take about 45-50 minutes and you will receive \$25 for completing the interview. Everything that you tell me is confidential and your privacy will be protected to the extent allowable by law. Your participation in the survey is voluntary and will not affect any benefits or services you or your family receive now or in the future. You do not have to answer any questions that make you uncomfortable.

Because we want to get your opinion, it is important that you answer the questions without help from anyone else. Of course, you can share what you said with others after we have completed the interview.

This interview may be taped so my supervisor can monitor the interview and make sure that the questions are asked correctly.

Is now a good time to start?
