**WARNING** False statements made knowingly and willfully in passport applications or in affidavits or other supporting documents submitted therewith are punishable by fine and/or imprisonment under the provisions of 18 U.S.C. 1001 and/or 18 U.S.C. 1542. Alteration or mutilation of a passport issued pursuant to this application is punishable by fine and/or imprisonment under the provisions of 18 U.S.C. 1543. The use of a passport in violation of the restrictions contained therein or of the passport regulations is punishable by fine and/or imprisonment under 18 U.S.C. 1544. All statements and documents are subject to verification.

**PURPOSE** An Affidavit Regarding a Change of Name may be submitted with an application for a U.S. passport when the name which is used by the applicant is (1) substantially different from that shown on the evidence of citizenship and/or (2) has been adopted without formal court proceedings and was not acquired by a marriage or under operation of state law. The affiant (preferably a blood relative) must have personal knowledge of the applicant's use of both names. To support a change of name that has been adopted without formal court proceedings or by a marriage, the applicant must present three or more public documents showing exclusive use of the name for a long period of time, generally five years. Affidavits Regarding a Change of Name from at least two persons attesting that they have known the applicant by both names and that the applicant has used the new name for all purposes for five years may be provided in place of one of the public documents if the applicant cannot obtain a third public document. Final determination of the name(s) to be shown in the U.S. passport will be made by Passport Services based on all of the evidence submitted. Completed affidavits will be retained and requests for copies of this affidavit should be made at the time of execution. An Affidavit does not need to be submitted if an applicant can present a court order documenting the change of their name.
