

**SUPPORTING STATEMENT
(Form 4562)**

1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

Code section 164 provides for an allowance of a depreciation deduction for property used in a trade or business or held for the production of income. For assets placed in service after 1986, the depreciation deduction is computed by using the applicable depreciation method, recovery period, and convention.

Code section 179 provides for an election to expense depreciable assets. The maximum amount that can be expended in any tax year is \$10,000. This limit is further reduced if the taxpayer places in service more than \$200,000 of assets, or has less than \$10,000 of aggregate taxable income. In certain instances, the taxpayer may be allowed to carry over any disallowed expense deduction to a subsequent tax year.

Code section 280F sets limits on the amount of depreciation for automobiles and other listed property. Code section 274(d) (4) requires all taxpayers who claim a depreciation deduction for automobiles and other listed property to substantiate the deduction. Temporary regulations section 1.274-5(d) requires disclosure of the business use of automobiles on the tax return.

2. USE OF DATA

The form provides the IRS with the information necessary to determine that the correct depreciation deduction is being claimed.

3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN

During these meetings, there is an opportunity for those attending to make comments regarding Form 4562.

As suggested by OMB, our Federal Register notice dated April 19, 2007, requested public comments on estimates of cost burden that are not captured in the estimates of burden hours, i.e., estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. However, we did not receive any response from taxpayers on this subject. As a result, estimates of the cost burdens are not available at this time.
