Validation edits are performed to assure data integrity. Efforts within VA are underway to provide a mechanism to allow the information to be submitted electronically with a recognized signature technology. There currently is no utility process in place that will allow the data submitted on the form to be incorporated with an existing centralized legacy database.
4. The information is not contained in any other VA records. Similar information is not available elsewhere.
5. The information does not involve any small businesses.
6. The forms are designed for use by the insurance activity to determine the insured's eligibility for the insurance. The collection is generally conducted only once.
7. There are no special circumstances requiring that the collection be conducted in a manner inconsistent with the guidelines in 5 CFR Section 1320.6.

12. We estimate that approximately 15,400 forms a year will be received. We also estimate that it will take approximately 5 minutes each to complete VA Forms 29-8700, 29-8700a, 29-8700b, 29-8700c, 29-8700d, 29-8700e, 29-8701, 29-8701a, 29-8701b, 29-8701c, 29-8701d, 29-8701e, 29-8485 and 29-8485a. We arrived at this estimate by initiating a trial with a VA staff member unfamiliar with the form. The burden hour is 1,284.

13. This submission does not involve any record keeping costs.

14. Cost to Government:

\$8,121.00	Estimated mailing cost (15,400 X 2 minutes per form X \$7.45/hour (average salary for station mail personnel) plus 15,400 forms X 27.9 cents each (presort discount)).
\$8,121.00	Estimated cost for collections (15,400 X 4 minutes per form X \$7.91/hour (average salary of station collections personnel)).
\$14,797.00	Estimated cost for processing (15,400 forms X 5 minutes per form X \$11.53/hour (Average salary for reviewers)).
\$30.00	Estimated printing costs (1,000 X \$30/1,000 forms).
\$31,069.00	Total cost to the Government.

15. There have not been any program changes or adjustments

16. The information is collected for insurance purposes only and there are no plans for publication.

17. The collection instruments, VA Forms 29-8700, 29-8700a, 29-8700b, 29-8700c, 29-8700d, 29-8700e, 29-8701, 29-8701a, 29-8701b, 29-8701c, 29-8701d, 29-8701e, 29-8485 and 29-8485a may be reproduced and/or stocked by the respondents and veteran service organizations. These VA forms do not display an expiration date, and if required to do so would result in unnecessary waste of existing stocks of these forms. These

forms are submitted to OMB for approval every three years. As such, this date requirement would also result in an unnecessary burden on the respondents and would delay Department action on the benefit being sought. VA also seeks to minimize its cost to itself of collecting, processing and using the information by not displaying the expiration date. For the reasons stated, VA continues to seek an exemption that waives the displaying of the expiration date on these VA Forms.

18. There are no exceptions to the certification statement identified in Item 19 of OMB Form 83-I.
