### **GK-12 Fellow Protocol**

#### **Fellow Interview Protocol:**

Please describe your GK-12 assignment.

- What were your responsibilities?
- What types of activities did you do?
- How much autonomy did you feel you had?
- What worked well? What did not?

What has been the greatest benefit of your GK-12 experience to date?

What have you gained from your GK-12 experience that you do not think you would otherwise have gained from your other graduate experiences?

How has your GK-12 experience influenced the progression of your own research?

What types of activities have you done/did you do in graduate school in addition to your research and coursework? For example, have you done any TAs as a graduate student? If yes, has GK-12 had an influence on how you conducted the TAs? Please describe other activities.

Have you had any teaching experiences since completing your GK-12 experience? If yes, did your GK-12 experience have any influence on how you teach now?

What are your current career interests? Did your GK-12 experience have any impact on your career interests?

How do you envision the range of your responsibilities and activities as a post-graduate professional? Did/does your experience in GK-12 influence this vision?

Did your GK-12 experience have any impact on the way that you perceive the responsibilities of scientists regarding K-12 education?
