ANIMAL AND PLANT HEALTH INSPECTION SERVICE  
VETERINARY SERVICES

APPLICATION FOR SCRAPIE CLASSIFICATION, CLASSIFICATION RENEWAL, OR RECLASSIFICATION OF A STATE  
(CFR part 79 section 79.6)

1. STATE	2. OR AREA SMALLER THAN A STATE
----------	---------------------------------

<input type="checkbox"/> CONSISTENT STATUS	3. APPLICATION FOR ("X" one)	<input type="checkbox"/> REINSTATEMENT OF CONSISTENT STATUS
<input type="checkbox"/> RENEWAL OF CONSISTENT STATUS		<input type="checkbox"/> STAGE _____

4. QUALIFICATION ("X" all that apply)

The requirements of 9 CFR part 79 section 79.6 have been met.

The State effectively enforces a State designed scrapie program that is at least as effective in controlling scrapie as the requirements of 9 CFR part 79 section 79.6. State program standards, legal authorities, and other supporting documentation are attached. (The supporting documentation must include which requirement(s) of 79.6 are not being met and the alternate methods being used).

The Scrapie National Generic Database is continuously updated and all the data is accurate and complete for the reporting period.

I have reviewed the RSSS report for the reporting period and it is accurate and correct.

STATE

5. FLOCK AND HERD POPULATION OF STATE					
A. TOTAL NO. SHEEP FLOCKS	B. TOTAL NO. GOAT HERDS	C. NO. OF BREEDING SHEEP	D. NO. OF BREEDING GOATS	E. TOTAL NO. OF SHEEP	F. TOTAL NO. OF GOATS

6. DETERMINED BY	7. REPORT DATES	
	A. FROM	B. TO

EXPOSED AND HIGH RISK ANIMALS	Sheep	Goats
8. Number of animals designated exposed or high risk.		
9. Number of animals designated exposed or high risk for which tracing was required.		
10. Number of animals designated exposed or high risk successfully traced.		
11. Number of animals designated exposed or high risk that could not be successfully traced.		
12. Number of high risk animals tested for Scrapie.		
13. Number of high risk animals tested positive.		

SURVEILLANCE AND TRACES	Sheep	Goats
14. Number of targeted animals slaughtered in State.		
15. Number of animals originating from flocks in the State sampled for targeted surveillance other than at slaughter (if > (0) list sources.)		
16. Number of positive animals originating from flocks in the State identified through targeted surveillance.		
17. Number of infected flocks identified through slaughter surveillance.		
18. Number of targeted surveillance (+) animals collected in State successfully traced to flock of origin.		
19. Number of targeted surveillance (+) animals collected out of State, traced to State of origin and successfully traced to flock of origin.		
20. Number of targeted surveillance (+) animals that could not be traced to flock of origin (if > (0) explain in remarks.)		
21. Number of infected or source flocks not on plans over 60 days after the results report date (if > (0) explain in remarks.)		
22. Number of flocks in plan status over 6 months (if > (0) explain in remarks.)		

IDENTIFICATION OF ANIMALS	
23. Percent of breeding animals identified as required in 9 CFR 79.2	24. Percent of slaughter animals over 18 months identified as required in 9 CFR 79.2.

25. Method of determination

26. Owner's were notified in accordance with 9 CFR Part 79.4(c)

Yes  No (Explain any exceptions.) (If more space is needed, use an attachment sheet.)

27. REMARKS

**CERTIFICATION**
