## COMPLAINANT CONSENT FORM

The Department of Health and Human Services (HHS), Office for Civil Rights (OCR) has the authority to collect and receive material and information about you, including personnel and medical records, which are relevant to its investigation of your complaint.

To investigate your complaint, OCR may need to reveal your identity or identifying information about you to persons at the entity or agency under investigation or to other persons, agencies, or entities.

The Privacy Act of 1974 protects federal records about an individual containing personally identifiable information and allows OCR to use your name or other personal information only when necessary to complete the investigation of your complaint.

Additionally, OCR may be required to disclose information, including medical records and other personal information, which it has gathered during the course of its investigation in order to comply with a request under the Freedom of Information Act (FOIA) and may refer your complaint to other federal, foreign, state, or local public agencies.

If a request is made under FOIA, OCR may be required to release information regarding the investigation of your complaint; however, we will make every effort, as permitted by law, to protect information that identifies individuals or that, if released, could constitute a clearly unwarranted invasion of personal privacy.

Although consent to reveal your identity or identifying information about you to the entity or agency under investigation or to other persons, agencies, or entities is not required in order to investigate your complaint, failure to give consent is likely to impede the investigation of your complaint and may result in closure of the investigation.

Please read and review the documents entitled, [Protecting Personal Information in Complaint Investigations](#) and [Notice to Complainants and Other Individuals Asked to Supply Information to the Office for Civil Rights](#) for further information regarding how OCR may obtain, use, and disclose your information while investigating your complaint.

**In order to expedite the investigation of your complaint if it is accepted by OCR, please read, sign, and return one copy of this consent form to OCR with your complaint. Please keep one copy for your records.**

- As a complainant, I understand that in the course of the investigation of my complaint it may become necessary for OCR to reveal my identity or identifying information about me to persons at the entity or agency under investigation or to other persons, agencies, or entities.

- I am also aware of the obligations of OCR to honor requests under the Freedom of Information Act (FOIA). I understand that it may be necessary for OCR to disclose information, including personally identifying information, which it has gathered as part of its investigation of my complaint.
- In addition, I understand that as a complainant I am covered by the Department of Health and Human Services' (HHS) regulations which protect any individual from being intimidated, threatened, coerced, retaliated against, or discriminated against because he/she has made a complaint, testified, assisted, or participated in any manner in any mediation, investigation, hearing, proceeding, or other part of HHS' investigation, conciliation, or enforcement process.

**After reading the above information, please check ONLY ONE of the following boxes:**

**CONSENT:** I have read and I understand the above and give permission to OCR to reveal my identity or identifying information about me to persons at the entity or agency under investigation or to other persons, agencies, or entities.

**CONSENT DENIED:** I have read and I understand the above and do not give permission to OCR to reveal my identity or identifying information about me. I understand that this denial of consent is likely to impede the investigation of my complaint and may result in closure of the investigation.
