Re: First 12-Month Progress Review – Request for Response
Name: <Insert Beneficiary Name> SSN: <Insert Beneficiary SSN>

We are writing to you about your progress with work and earnings, education, or technical training from <INSERT MONTH AND YEAR> through <INSERT MONTH AND YEAR>. After every 12 months that you work with an Employment Network (EN) or State vocational rehabilitation (VR) agency, we must decide if you are making the expected progress. The 12 months only include months that your ticket was assigned to an EN and active or you were working with a State VR agency and active. Based on the length of time you have been active, we must now conduct your first 12-month Progress Review.

What You Should Do

Please complete the attached Progress Review Form and return it to us according to the instructions on the form within 30 days of the date of this letter. After 30 days, we will decide if you have met the required Timely Progress Guidelines for the first 12-month Progress Review. So your prompt reply is important. Please see the enclosed chart for the specific progress expected for the <X> 12-month Progress Review.

Why Progress Reviews are Important

As long as you are working with an EN or a State VR agency and making the expected progress toward your work-related goals, Social Security will not conduct a medical review to see if you are still disabled under their rules. A Progress Review is the means used to decide if you are making enough progress with work and earnings, education, or technical training to continue to be excused from a medical review.

The Timely Progress Guidelines enclosed with this letter show how much progress you are expected to make in each 12-month period to continue to be excused from a medical review. If you aren't making the expected progress, you will not be excused from a
