

Transportation Threat Assessment and Credentialing (TTAC), TWIC Program, (571) 227-4545; e-mail: credentialing@dhs.gov.

Background

The Department of Homeland Security (DHS), through the United States Coast Guard and the Transportation Security Administration (TSA), issued a joint final rule (72 FR 3492; January 25, 2007) pursuant to the Maritime Transportation Security Act (MTSA), Public Law 107-295, 116 Stat. 2064 (November 25, 2002), and the Security and Accountability for Every Port Act of 2006 (SAFE Port Act), Public Law 109-347 (October 13, 2006). This rule requires all credentialed merchant mariners and individuals with unescorted access to secure areas of a regulated facility or vessel to obtain a TWIC. In this final rule, on page 3510, TSA and Coast Guard stated that a phased enrollment approach based upon risk assessment and cost/benefit would be used to implement the program nationwide, and that TSA would publish a notice in the **Federal Register** indicating when enrollment at a specific location will begin and when it is expected to terminate.

This notice provides the start date for TWIC initial enrollment at the Ports of Hilo, HI; International Falls, MN; Ontonagon, MI; Morehead City, NC; Huntington, WV; and Port Canaveral, FL. Enrollment will begin in Hilo on January 3, 2008; International Falls, Ontonagon, Morehead City, and Huntington on January 16, 2008; and Port Canaveral on January 17, 2008. The Coast Guard will publish a separate notice in the **Federal Register** indicating when facilities within the Captain of the Port Zone Honolulu, including those in the Port of Hilo; Captain of the Port Zone Duluth, including those in the Ports of International Falls and Ontonagon; Captain of the Port Zone North Carolina, including those in the Port of Morehead City; Captain of the Port Zone Ohio Valley, including those in the Port of Huntington; and Captain of the Port Zone Jacksonville, including those in the Port of Port Canaveral must comply with the portions of the final rule requiring TWIC to be used as an access control measure. That notice will be published at least 90 days before compliance is required.

To obtain information on the pre-enrollment and enrollment process, and enrollment locations, visit TSA's TWIC Web site at <http://www.tsa.gov/twic>.

Issued in Arlington, Virginia, on December 18, 2007.

Director, Maritime and Surface Credentialing, Office of Transportation Threat Assessment and Credentialing, Transportation Security Administration.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 250, Subpart M, Unitization.

OMB Control Number: 1010-0068.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

This notice concerns the reporting and recordkeeping elements of 30 CFR Part 250, Subpart M, Unitization. We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR Part 2) and under regulations at 30 CFR 250.197, "Data

and information to be made available to the public or for limited inspection." No items of a sensitive nature are collected. Responses are required to retain a benefit. The MMS OCS Regions use the information to determine whether to approve a proposal to enter into an agreement to unitize operations under two or more leases or to approve modifications when circumstances change. The information is necessary to ensure that operations will result in preventing waste, conserving natural resources, and protecting correlative rights, including the Government's interests. We also use information submitted to determine competitiveness of a reservoir or to decide that compelling unitization will achieve these results.

Frequency: The frequency of reporting is on occasion.

Estimated Number and Description of Respondents: Approximately 130 Federal OCS oil and gas or sulphur lessees.

Estimated Reporting and Recordkeeping "Hour" Burden: The currently approved annual reporting burden for this collection is 5,884 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Citation 30 CFR part 250 subpart M	Reporting requirement	Hour burden; fee burden
1301	General description of requirements	Burden included in the following sections.
1301(d), (f)(3), (g)(1), (g)(2), (ii)	Request suspension of production or operations	Burden covered in 1010-0114.
1302(b)	Request preliminary determination on competitive reservoir	39
1302(b)	Submit concurrence or objection on competitiveness with supporting evidence	39
1302(c), (d)	Submit joint plan of operations, supplemental plans, or a separate plan if agreement cannot be reached.	39
1303	Apply for voluntary unitization, including submitting unit agreement or revision, unit operating agreement, initial plan of operation, and supporting data; request for variance from model agreement and other related requirements.	161 \$10,700 fee.
1304(b)	Request compulsory unitization, including submitting unit agreement, unit operating agreement, initial plan of operation, and supporting data; serving non-consenting lessees with documents.	161

1304(d)	Request hearing on required unitization	1
1304(e)	Submit statement at hearing on compulsory unitization	5
1304(e)	Pay for and submit three copies of verbatim transcript of hearing	1
1304(f)	Appeal final order of compulsory unitization	Exempt under 5 CFR 1320(a)(2), (c).

Citation 30 CFR part 250 subpart M	Reporting requirement	Hour burden; fee burden
1300–1304	General departure and alternative compliance requests not specifically covered elsewhere in subpart M regulations.	1

* These requirements are specified in each Unit Agreement.

Estimated Reporting and Recordkeeping “Non-Hour Cost”

Burden: We have identified two “non-hour cost” burdens for this collection. Section 1303 requires fees for a voluntary unitization or unit expansion and a fee for a unitization revision. We have not identified any other “non-hour cost” burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”. Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the “non-hour cost” burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not

include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Comment Procedures: Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: December 11, 2007.
