### 2010 \$50 Gold Buffalo Tribute Proof

One of the most popular coins ever produced by the U.S. Mint, the \$50 Gold Buffalo is the first 2010 fine 24-karat gold coin issued by the U.S. Government - and the premier gold coin ever issued by anyone! Given the current rush to buy gold, this coin is being snapped up by eager collectors - with the price of the last release through the roof - as high as \$2,400! Now you can have your own.

Mint as a 24-KT Fine Gold Coin  
Proof & to hold a thing of pure gold and honor the United States!

Based on the 1916 Buffalo nickel on the reverse, the obverse shows the classic Indian Head design in striking relief. The gold base price was set at \$19 per gram, but during our special release, the 24 karat pure gold had a market price of 2 years for only \$19.95.

With gold skyrocketing past \$1000 an ounce, prices are sure to go through the roof. Each new 2010 \$50 gold Buffalo release goes out with an individually numbered certificate of authenticity.

There's a great deal on this great gold coin. The price is so low that it's almost like a steal. Each Buffalo nickel has the same inscription on the reverse, for you must have.

Send \$19.95 and receive \$19.95.
