The Legal Reason You Must Complete the Application to Participate

The law states that if the U.S. Department of Education (Department) does not receive a completed application by October 1 each year, you cannot be assured your school will be allocated funds for any of the campus-based programs. The regulatory and statutory citations are Federal Perkins Loan (34 CFR 673.3) (20 U.S.C. 1087bb), FWS (34 CFR 673.3) (42 U.S.C. 2752), and FSEOG (34 CFR 673.3) (20 U.S.C. 1070b-3).

The Legal Reason You Must Complete the Fiscal Operations Report

Federal regulations state that if you spent campus-based program funds in 2007-2008 or have a Federal Perkins Loan Fund, you must submit a Fiscal Operations Report. The regulatory and statutory citations are as follows: Federal Perkins Loan (34 CFR 674.19), FWS (34 CFR 675.19), and FSEOG (34 CFR 676.19), (20 U.S.C. 1094).

Disclosure of Estimated Burden

According to the Paperwork Reduction Act of 1995, persons are not required to respond to a collection of information unless it displays a valid OMB control number. The FISAP’s OMB control number is 1845-0030.

The time required to complete this information collection is estimated to average 6.86 hours per response, including the time to review instructions, search existing data resources, gather the needed data, and complete and review the information collection. **If you have any comments concerning the time estimate’s accuracy, or suggestions for improving this form, please write to U.S. Department of Education, Washington, D.C. 20202-4651. If you have comments or concerns regarding the status of your school’s submission of this form, contact the Campus-Based Call Center at 1-877-801-7168. Customer service representatives are available Monday through Friday from 8:00 a.m. until 8:00 p.m. (ET). You may also send an e-mail to CBFOB@ed.gov.**

Introduction to the Fiscal Operations Report and Application to Participate (FISAP)

What is the FISAP?

The FISAP contains two sections:

- the Application to Participate in the three campus-based programs (Federal Perkins Loan, Federal Supplemental Educational Opportunity Grant [FSEOG], and Federal Work-Study [FWS]) for the award year July 1, 2009 through June 30, 2010, *and*
- the Fiscal Operations Report for program participation during the award year July 1, 2007 through June 30, 2008.

What do these programs provide?

All programs provide funds (in different ways) to students with financial need to help pay postsecondary education costs.

The Federal Perkins Loan Program provides low-interest loans, the FSEOG Program offers grants, and the FWS Program provides part-time employment for students. Each program has a CFDA number. (“CFDA” is the acronym for the Catalog of Federal Domestic Assistance, which describes all federal programs.) For Perkins, the number is CFDA#84.038; for FSEOG, it is CFDA#84.007; and for FWS, it is CFDA#84.033.

What should new applicants do to participate in the campus-based programs?

If your school is a first-time participant or does not possess a current Program Participation Agreement (PPA) for the Title IV programs, apply for participation to the U.S. Department of Education’s School Eligibility Channel (SEC). Schools *must* use the online application available at <http://eligcert.ed.gov>.

Once your school answers questions for initial

applicants and prints and faxes them to the School Participation Team (SPT) for your school’s home state, the SPT will provide your school with an OPEID number that gives your school access to complete the E-application.

Your school does not need to establish eligibility before filing the FISAP by the October 1, 2008 deadline. However, if your school wishes to participate in the campus-based programs in the 2009-2010 award year, your school must have an OPEID number to access the eCampus-Based system to apply for funds before the October 1st deadline.

Also, your school will not receive any Campus-Based funds until your school is certified by the Department as eligible to participate in Federal Student Aid programs.

Will I need to complete the entire FISAP?

Not necessarily. To decide what parts must be completed, you must know what your school did last year and what it plans to do next year. The FISAP contains data cells for two separate award years: an Application for funds for 2009-2010 and the Fiscal Operations Report for funds received in 2007-2008.

The FISAP is divided into three main areas: Identifying Information, Certification and Warning; the Application to Participate; and the Fiscal Operations Report. (See the table of contents for the six FISAP parts.)

Use the following table to determine what parts need to be completed.

Program Summary

In addition, if your school is in the process of liquidating its Federal Perkins Loan Fund, or you made loans from the Fund even though your school did not receive a Federal Capital Contribution for the 2007-2008 award year, you must complete the Identifying Information, Certification and Warning section and the Part III Perkins Loan Program section of the Fiscal Operations Report.

My school has additional locations. Can I complete one FISAP to cover funding for all locations?

Yes, you may always submit one application. In fact, a school *must* submit only one application if the following conditions are true:

- The school has one Eligibility Certification and Approval Report (ECAR) from the Department’s School Eligibility Channel (SEC) that covers the school’s locations, and those locations are not separately eligible, and
- Those locations have students eligible for assistance under these programs.

You *must* include data for all eligible locations and make funds reasonably available to all

eligible students.

The Department considers locations not included in the ECAR to be non-eligible sites. Therefore, students attending such locations cannot be included in the FISAP or receive aid under these programs.

Schools with separate ECARs that are under the same administrative control or ownership have the following options:

OPTION A: Each school may complete a separate application. (Any data you enter in a school’s application must not be duplicated in any other school’s application.)

OPTION B: These schools may combine to complete one application. In this case, you must include in your FISAP the name, address, and OPEID of each separately eligible school location the FISAP covers. You must also be able to provide *all* FISAP data separately for each location if required to do so by an audit or program review.

On the bottom of the first page of the Identifying Information screen, you will be asked if you are listing any other separately eligible locations that are included in the application. If you answer yes, you must enter all locations on that screen.

How do I submit my FISAP data?

You must go online to the Department’s FISAP on the Web site: <http://cbfisap.ed.gov>. At that site, you can also receive communications from the Department and submit corrections.

To submit your FISAP on the Web, you must have a User ID and password. If you don’t have these, go to the Web site mentioned above and click on the “Login” button. Then click on the registration link in the left navigation bar and enter the information requested. Once you have registered, you will receive your User ID by e-mail. When you have your ID, return to the site and click “Login.” Enter your User ID and the password you created when you registered. Click “Submit” to access eCB.

Note: If you are a new destination point administrator (DPA) at your school, before you can register, you must go to <http://fsawebenroll.ed.gov> to enroll.

What does the Department of Education do with the FISAP information I submit?

The Department uses the information you provide in the Application to Participate and in the Fiscal Operations Report to determine the amount of funds you will receive for each campus-based program. You must provide accurate data. If you do not, you might not receive all the funds to which you are entitled, or you might be required to return funds you were not entitled to receive. You must retain accurate and verifiable records for program review and audit purposes.

The Department uses your Fiscal Operations Report data to manage the Perkins Loan Fund portfolio and to monitor expenditures in the campus-based programs.

When is the FISAP due?

The FISAP data must be submitted before midnight EDT on October 1, 2008.

How do I know the Department of Education has received my FISAP?

After submission, your school will receive a confirmation listing the date and time the Department received your FISAP.

When will I hear from the Department about my school’s award amounts?

The Department lets you know your tentative 2009-2010 award amount(s) by February 1, 2009 and your final award amount(s) by April 1, 2009.

What general instructions should I follow when I complete the FISAP?

Have these instructions handy as you complete your FISAP to make sure you have reported information correctly.

Use actual figures, except where estimates are requested.

When a dollar amount is requested, use whole dollars only. **Do not report cents.** The electronic FISAP system will not accept cents.

Round to the nearest dollar. For example, report \$175 if the actual amount in your records is \$175.49. Report \$176 if the actual amount in your records is \$175.50.

Do not enter negative amounts. The FISAP on the Web will accept only positive amounts. (Most calculations are performed for you.)

Complete only those items that pertain to your school.

Instructions for Part I: Identifying Information, Certification and Warning

Who must complete Part I?

All schools must complete Part I and must submit the signed hard copy of the certification and signature pages (see page I-3).

Field-by-field instructions for Part I

Section A. Identifying Information

Field

1a Name and address of school

If your school currently participates in the campus-based programs, the FISAP on the Web automatically provides your school's name and address as it is listed in our files. You will need to verify this data for accuracy and make any corrections necessary. You can update school changes by going to <http://eligcert.ed.gov>. The School Eligibility Channel (SEC) will process these actions.

If your school is a new applicant, you will need to enter its name and address, which must be that of a school of postsecondary education. The address must be the school's *street* address. Do not enter the P.O. Box, an administrative entity location, or the address of the corporation that controls the school. To apply for eligibility, go to the Web site given in the preceding paragraph.

If the school is a new applicant for 2009-2010, but its students were included in the 2008-2009 application filed last year by another school or location, see the instructions for Field 5 on the next page.

The following are the only permissible characters to use in Field 1a: letters (A-Z), numbers (0-9), periods (.), apostrophes ('), dashes (-), number signs (#), at (@), percent signs (%), ampersands (&), slashes (/), or blanks (spaces). Use street address abbreviations such as APT (apartment) or AVE (Avenue) if the address extends beyond the space provided.

1b Mailing address (if different from 1a)

If your school currently participates in the campus-based programs, the FISAP on the Web automatically provides your school's mailing address as it is listed in our files. You will need to verify this data for accuracy and make any corrections necessary.

If your school is a new applicant, you will need to enter its mailing address if different from the address in Field 1a. You may enter a P.O. Box or an administrative entity location. However, if your school uses the services of a private firm in administering these programs and reports that fact in Field 7, do *not* report that firm here.

The following are the only permissible characters to use in this field: letters (A-Z), numbers (0-9), periods (.), apostrophes ('), dashes (-), number signs (#), at (@), percent signs (%), ampersands (&), slashes (/), or blanks (spaces). Use street address abbreviations such as APT (apartment) or AVE (Avenue) if the address extends beyond the space provided.

2 OPEID Number

The FISAP on the Web automatically provides the OPEID.

3 Type of school

If your school currently participates in the campus-based programs, the FISAP on the Web automatically provides the type of school as it is listed in our files. You will need to verify this data for accuracy and make any corrections necessary.

If your school is applying for campus-based funds for the first time, select the type of school that best describes your school.

Valid selections are :

Public
Private/Non-Profit
Proprietary (with the following sub-types):
 Art
 Business
 Cosmetology
 Trade and Technical
 Other

Note: Only proprietary schools enter the appropriate sub-type. If your school is “public” or “private non-profit,” do NOT try to select a proprietary sub-type.

4 Length/type of longest program

If your school currently participates in the campus-based programs, the FISAP on the Web automatically provides the length of your school’s longest program. You will need to verify this data for accuracy and make any corrections necessary.

If your school is a new applicant, select the number from the drop down box that best describes the length of your school’s longest program.

Note: If you are preparing this FISAP on behalf of two or more schools with different program types or lengths, for fields 3 and 4, enter information representing the *highest percentage* of enrolled students entered in Part II, Section D.

5 Additional locations

If your school currently participates in the campus-based programs, the FISAP on the Web automatically provides the name and address of your school’s additional locations (if any) as listed in our files. You will need to verify this data for accuracy and make any corrections necessary.

A school that includes students at other, *separately eligible* schools must list the name, address, and OPEID for each school in the space provided.

Note: A school’s eight-digit OPEID must end in “00” for that location to be considered separately eligible (for example: 123456-00). If your school has a location whose OPEID ends in anything other than “00,” you cannot enter that location.

To enter or delete your school’s separately eligible locations, perform the following steps:

- Click in the first field to enter the OPEID of the additional location; then press the Tab key to advance to the next field and enter the name of the additional location. Follow the same steps for the address, city, state, and ZIP code.

If you need to enter more than three locations, click the “Add Location” button, then repeat the above steps. The “Add Location” button takes you to the end of the locations listing where there is a blank line(s) for entering new locations.

The “More Locations” button takes you to the next screen that displays 1-10 locations. If you have more than 10 locations, use the links at the bottom of the listings to navigate between locations.

- To delete an additional location, click the “Delete Location” button, then select the location you want to delete from the drop down list. Locations are listed by

OPEID and name. After highlighting the location to be deleted, click the “Delete” button. Clicking the “Cancel” button will return you to the previous screen.

If the school entered in Field 1a is a new applicant for 2009-2010, but its students were included in a 2008-2009 application filed last year by another school, identify that school’s name, address, and OPEID on the FISAP “Additional Information” screen. Then enter a brief explanation of how the students came to be counted in different places.

6 Financial Aid Administrator

If your school currently participates in the campus-based programs, the FISAP on the Web will provide the name, address, telephone number, and e-mail address of your school’s financial aid administrator. You must verify this data for accuracy and make any corrections necessary.

If your school is a new applicant, you will need to enter all the FAA information in Field 6. **Note that the Department uses the FAA e-mail addresses to communicate with schools about campus-based program issues.**

7 Name and address of private financial aid consultant firm, if any

If your school uses the services of a private firm in the administration of these programs, you must complete this field. Do *not* include private CPAs or billing and collection agencies.

Section B. Certification and Warning

8 Chief Executive Officer (includes President, Chancellor, and Director)

All entries must be completed in this section. Your school’s CEO, President, Chancellor, or Director must sign here to certify that the school is in compliance with the anti-lobbying requirements and that the

FISAP data is “true and accurate.” The certifying official must be aware that the information in this FISAP is subject to audit and program review. Providing false or misleading information may result in criminal penalties.

You are required to send the hard copy of the combined certification and signature pages—containing Section A information and containing, in Section B, the original signature of one of the officials listed above—to the address below. Print out these pages by clicking the Self-Service tab, going to “Forms and Reports,” selecting “Signature Pages,” and then selecting “File” and “Print.”

Mail the signature pages to the following address:

FISAP Administrator
2020 Company, LLC
3110 Fairview Park Drive
Suite 950
Falls Church, VA 22042

Note: You submit signature pages only once a year—not every time you submit a FISAP. To see if your signature pages have been logged as submitted, go to <http://cbfisap.ed.gov> and log in, then select “Self-Service,” then “Submission Log.”

The full text of the lobbying certification will print as part of the Certification and Warning page.

Instructions for Part II: Application to Participate

Who must complete Part II?

All schools must complete Part II to request campus-based funds for the 2009-2010 award year.

Section summaries are given below. Details follow in these instructions.

Section A: Current legislation and regulations contain formulas that use the information you provide in this section to determine the amount of funds your school will receive. **Note:** The amount you request in Section A will be the *maximum* you can receive.

Section B: Check “yes” here if your school wants to withdraw from the Federal Perkins Loan Program. You must follow the approved liquidation procedures outlined in Dear Partner Letter CB-00-5. You can also find more information specific to the assignment process in DPL CB-06-12.

Section C: You can request a waiver of the penalty for an underuse of 2007-2008 award year funds if you provide a written explanation of the cause of the underuse and include steps your school has taken to ensure the cause has been remedied.

Field-by-field instructions for Part II

Section A. Request for Funds for the 2009-2010 Award Year

Enter in Field 1 your Federal Perkins Loan Level of Expenditure (LOE) request. In fields 2 through 4, enter the amount of authorization your school wants to receive for each campus-based program. If you do not enter an amount in a field, your school will not receive any funds

for that program. The amount you request should represent the maximum amount your

school believes it needs. Do not request more federal funds for a program than you expect to use. Unexpended balances from the previous year indicate requests were over-estimated and should be reduced.

Field

1 Federal Perkins Loan Level of Expenditures (LOE)

Enter the amount your school wants to expend from its loan fund to make loans to students and to pay administrative and collection costs.

Schools planning to expend loan fund cash on hand in 2009-2010 must still complete Field 1 **even though they will not be requesting any new Federal Capital Contribution.** (Schools cannot request new Federal Capital Contribution for 2009-2010 because Congress has not authorized these funds.)

A school that will make no loans in 2009-2010 but anticipates charging allowable collection costs to its loan fund cash must request an LOE in Field 1.

2 Federal Perkins Loan Federal Capital Contribution (FCC)

You cannot enter any data in this field because Congress did not authorize any FCC for the 2009-2010 application year.

3 FSEOG federal funds

Enter the amount of federal dollars your school wants for awards to students and for administrative costs. Ask only for what you think you can spend.

Valid amounts are

000000000-999999999

This field **can** be blank.

4 FWS federal funds

Enter the amount of federal dollars your school wants for awards to students, for expenditures for the Job Location and Development Program (JLD), and for administrative costs. Ask only for what you think you can spend.

Valid amounts are

000000000-999999999

This field **can** be blank.

Section B. Federal Perkins Loan Program Liquidation Request

5 Request to liquidate Perkins

If your school no longer wishes to participate in the Federal Perkins Loan Program, you must notify the Department of your intention to liquidate your portfolio by clicking the “yes” radio button and following the liquidation procedures outlined in Dear Partner Letter CB-00-5. This letter can be found at <http://ifap.ed.gov> in the “Archived Publications” section.

To liquidate, you must return to the Department the federal share of cash on hand in the portfolio, and you must either assign all outstanding loans to the Department or purchase them.

Section C. Waiver Request for the Underuse of Funds

If your school has returned more than 10 percent of its Federal Perkins Loan, FSEOG, or FWS allocation for the 2007-2008 award year, your school’s 2009-2010 allocation for that program will automatically be reduced by the amount of the 2007-2008 funds returned.

You may, however, request a waiver of this underuse penalty by selecting “yes” in Field 6. Then, using the FISAP “Additional Information” screen, you must explain the circumstances that caused your school’s allocation to be underused. Select edit number

02090 from the drop down box on the Additional Information screen. You must include the name of each program for which you are requesting a waiver and show that the circumstances were beyond your school’s control and are not expected to recur.

All waiver requests must be submitted to the Department by midnight February 13, 2009.

Waiver requests received after this deadline will not be accepted. A Department review panel will consider each waiver request. Schools should receive their waiver approval or denial decisions by March 15, 2009.

6 Waiver request for the underuse of funds

Indicate your school wishes to request a waiver of the underuse of funds penalty by clicking the “yes” radio button. If you click “yes,” you must read the notice and follow its instructions.

Waivers of the FWS/FSEOG institutional-share requirement for Title III/V Schools

Schools designated as Title III/V eligible that want a waiver of the institutional-share requirement under the FWS Program and/or the FSEOG Program for the 2009-2010 award year are considered to have applied for a waiver simply by submitting a complete FISAP by October 1, 2008. No other action is required.

The Department will send notices to those schools’ financial aid administrators, indicating waivers have been granted. A school receiving a waiver still has the option of providing an institutional share and determining the amount of that share.

If your 2009-2010 FISAP is on behalf of two or more separately eligible school locations, but not all these locations are Title III/V eligible, **you must file separate FISAPs for eligible and non-eligible locations.** Otherwise, Title III/V-eligible locations will not receive waivers of the institutional-share requirement.

If you are unsure of your Title III/V eligibility for the 2009-2010 award year, or if you need to apply for Title III/V eligibility, contact

Section D. Information on Enrollment

Traditional or non-traditional calendar

A traditional calendar means your school has

- academic terms that are quarters, trimesters, or semesters *and*
- only one admission period during each academic term.

If your school has a traditional calendar, select the “Traditional” radio button and report enrollment in Field 7 or 8.

A non-traditional calendar means your school admits a new group of students monthly, or more frequently, into a majority of its eligible programs—even if those students enroll on a quarter, trimester, or semester basis.

If your school has a non-traditional calendar, select the “Non-Traditional” radio button and report enrollment in fields 9 through 21, *not* in Field 7 or 8.

Classify a student as an undergraduate or graduate student according to the instructions

in Section F (see page II-8). If a student enrolled as an undergraduate during an earlier term in 2007-2008 but enrolled as a graduate student in a subsequent term in 2007-2008, report the student as a graduate student in Section D.

7 & 8 Information on enrollment for a school with a traditional calendar

Schools that operate on a traditional academic calendar, or that have a majority of their eligible programs operating on a traditional calendar, must enter an unduplicated number of all postsecondary students enrolled (full time and less than full time) for the twelve-month period ending June 30, 2008. “Unduplicated” means each student is counted/reported only **ONCE**, *regardless* of how many terms a student enrolls in.

A person is not enrolled if he or she did not begin attending class.

Field 7 or Field 8 must include all postsecondary students enrolled in at least one undergraduate or graduate/professional course that met one of the following criteria:

- Creditable toward a degree or certificate
- Listed as an undergraduate or graduate/professional course in the school’s catalog
- Offered as an elective or required course as part of the undergraduate or graduate/professional curriculum
- Required as a remedial course as part of the student’s degree or certificate program
- Otherwise considered by the school to be an undergraduate or graduate/professional course

Do not include students who were

exclusively auditing a class or classes.

Column a. Report the number of students enrolled in undergraduate classes.

Column b. Report the number of students enrolled in graduate/professional classes.

7 Total number of students, 2007-2008

When you report the number of students your school enrolled at any time during the twelve-month period July 1, 2007 through June 30, 2008, **count each student only ONCE.**

Report the number of students in the appropriate boxes (“Undergraduate” or “Graduate/Professional”).

Valid entries are

0000000-9999999

This field **cannot** be blank.

8 Estimated number of students, 2008-2009

If your school has a traditional calendar and had no enrollment in 2007-2008 but will have enrollment in 2008-2009, report the estimated *unduplicated* numbers expected to enroll at any time during 2008-2009. **Count each student only ONCE.**

Report the number of students in the appropriate boxes (“Undergraduate” or “Graduate/Professional”).

Valid entries are

0000000-9999999

This field **cannot** be blank.

9-21 Information on enrollment for a school with a non-traditional calendar

Complete fields 9-20 if most of your school’s eligible programs operate on a non-traditional calendar.

As mentioned at the beginning of Section D, a non-traditional calendar means your school admits a new group of students monthly, or more frequently, into a majority of its eligible programs—even if those

students attend classes on a quarter, trimester, or semester basis.

Include only postsecondary students who were enrolled in campus-based *eligible* educational or instructional programs during any month from July 1, 2007 through June 30, 2008.

In each field in column (a), enter the number of students who were enrolled in the previous month and who were still enrolled on the first day of the month for which you are entering information. For example, if you are completing Field 14(a), include any students enrolled in November (Field 13(a)) who were still enrolled on December 1. In column (b), enter the number of new starts. New starts are students who begin at any time during the month and include students who were enrolled in the previous year and are re-enrolling at the school after a break in enrollment.

Once a student is reported in Field 9 (a) or in fields 9 (b) through 19 (b), the student must be reported in fields 10 (a) through 20 (a) for any succeeding months through June 30, 2008 during which the student was enrolled at the school.

Example: Suppose you had 100 continuing students who were enrolled as of July 1, 2007 (Field 9 (a)), and 50 new students who enrolled during July (Field 9 (b)). If all those students were still enrolled as of August 1, 2007, you would show 150 continuing students in Field 10 (a). If you also had 75 new students during the month of August—Field 10 (b)—you would add those to the 150 continuing students for a total of 225 continuing students for September 1, 2007—Field 11 (a). This example assumes all 225 students continued to be enrolled as of September 1, 2007.

In each column, Field 21 is the sum of fields 9 through 20. The FISAP on the Web automatically calculates the sum of each column.

Note: Remember that the amounts in Field 21 column (a) and Field 21 column (b) will not be the total number of *students* at your school, because you have students duplicated in those totals. Rather, the totals represent the number of *months* all your students were enrolled.

A school with a non-traditional calendar that completes fields 9 through 21 must use only the undergraduate columns in sections E and F.

Valid entries for these fields are

0000000-9999999

These fields **cannot** be blank.

Section E. Assessments and Expenditures

22 Total tuition and fees for the award year July 1, 2007 through June 30, 2008

Note: The tuition and fees revenue you enter here must be *only* for those students reported in Section D. Do not include tuition and fees revenue collected from individuals not meeting Section D’s description of an enrolled student.

If a student enrolled as an undergraduate during an earlier term in 2007-2008 but enrolled as a graduate student in a subsequent term in 2007-2008, divide the tuition and fees revenue between columns (a) (undergraduate) and (b) (graduate) in proportion to the time spent in each type of class.

To complete Field 22, you will need to determine the amount of tuition and fees assessed (**whether or not you collected tuition and/or fees**), and subtract from it the amount refunded to students.

“Tuition and fees assessed” means

- amounts you charged and collected;
- amounts you charged but did not collect;

- remissions or waivers of costs (for example, your school waives a book fee for all low-income students); and
- the types of fees included in the cost of attendance, as allowed under Part F, Section 472(1) of the Higher Education Act of 1965, as amended.

If you charged a total fee for tuition and room and board, do not count the cost of room and board. Allot a reasonable amount to “tuition.”

Note: Every student has a tuition and fee value associated with attendance at your school.

What to exclude: Exclude any fees you assess to all students but that all students are not required to pay (example: life and medical insurance for students).

What to do with terms/programs that cross award years: If an academic term extended beyond June 30, 2008, but the majority of the term took place in award year 2007-2008, include the tuition and fees assessment for that term in Field 22. If the majority of an academic term did *not* take place in 2007-2008, do not include that term’s tuition and fees in Field 22; instead, report that amount on next year’s FISAP.

If a student paid for a complete program of study and that program occurred in two award years, prorate if possible, the tuition and fees that apply to award year 2007-2008. If proration is not possible, you may include in Field 22 the total tuition and fees assessed, but you must report that total the same way for *all* students and for each succeeding year.

Thus, if you do not prorate, you must choose either the first or the second year of the program when reporting the total tuition and fees charged your students. You must then *always* use that year for *all* your students.

For example, suppose you have 1,000 new students who enrolled in 2007-2008, and they paid their tuition and fees up front. You decide you want to report that amount here, even though the students will continue in 2008-2009. Therefore, you cannot *also* report tuition and fees for those 1,000 students for the second year of study. For 2008-2009, you can report tuition and fees only for students who began enrollment in 2008-2009.

23 Total Title IV, Part A, Subpart I, Grants

The Department collects this information because it considers these expenditures a resource when determining the amount of FSEOG funds awarded your school.

The FISAP on the Web will automatically calculate Field 23 to include the total of fields 23(a), 23(b) and 23(c).

23(a) Total Federal Pell Grant expenditures for the 2007-2008 award year

Report the total amount expended against your Federal Pell Grant authorization for the period July 1, 2007 through June 30, 2008. This amount should agree with the final cumulative expenditures through June 30, 2008, as entered in G5.

Any Pell expenditure adjustments you make in G5 after filing this FISAP must also be made in Field 23a when you submit your edit corrections, due by December 15, 2008.

23(b) Total ACG expenditures for the

2007-2008 award year

Report the total amount expended against your Academic Competitiveness Grant (ACG) authorization for the period July 1, 2007 through June 30, 2008. This amount should agree with the final cumulative expenditures through June 30, 2008, as entered in G5.

24 Total expended for state grants and scholarships made to undergraduates for the award year July 1, 2007 to June 30, 2008

As is true for Pell, ACG, and SMART Grant expenditures, the Department collects this information because it considers state grant and scholarship

expenditures a resource when determining the amount of FSEOG funds awarded your school.

Report the amount of state grants and scholarships expended for the award year July 1, 2007 through June 30, 2008, even if your school received the funds after June 30, 2008.

Include the following need-based and non-need-based expenditures:

- State grants
- State scholarships
- Tuition equalization (non-need-based grants exclusively for private colleges, paid by a state to a student to offset his or her higher tuition rates)
- Competitive awards
- Instructional grant awards (grants paid by a state to students taking courses in areas related to their work)
- Leveraging Educational Assistance Partnership (LEAP) and Special Leveraging Educational Assistance Partnership (SLEAP) (previously SSIG) awards. Include federal and matching shares. **Note:** The source of the match is immaterial. Total LEAP and SLEAP awards must always be reported.

Include awards from the state where your school is located and awards from other states.

Do *not* include

- Robert C. Byrd Honors Scholarships and
- state awards, *if* your school has the final decision on which students get the funds (*unless* the funds are used as a source of match for the LEAP and SLEAP programs).

Section F. Information on Eligible Aid Applicants Enrolled in Your School for Award Year 2007-2008

Report the number of eligible aid applicants *enrolled* at your school in award year 2007-2008 who applied for financial aid for that year. (Whether those applicants *received* aid is immaterial.) To receive reports only for those students who actually enrolled at your school, see the second “Note” on the next page.

Use the following definitions—and subsequent income cell placement information—when completing Section F.

Regular student: A student enrolled at an institution of higher education in 2007-2008 for the purpose of obtaining a degree, certificate, or other recognized educational credential.

Enrolled student: A student who meets all the criteria in the instructions for Section D, beginning on page II-3. A person is not enrolled if he or she did not begin attending a class.

Independent student: A student who

- was born before January 1, 1984;
- was at the beginning of the 2007-2008 academic year working on a master’s or doctorate program;
- was married on the day he or she applied (even if separated but not divorced);
- has children who receive more than half their support from the student;
- has dependents (other than his or her children or spouse) who live with the student and receive more than half their

support from the student at the time he or she applied and through June 30, 2008;

- has both parents deceased or is (or was until age 18) a ward or dependent of the court;
- is currently serving on active duty in the U.S. Armed Forces for purposes other than training;
- is a veteran of the U.S. Armed Forces; or
- is a student for whom a financial aid administrator made a documented determination of independence by reason of unusual circumstances.

A student who does not meet at least one of the criteria above is a dependent student.

Undergraduate student without a baccalaureate or first professional degree: A regular student who has never earned a baccalaureate degree or a first professional degree but is enrolled in an undergraduate course of study that usually does not exceed four academic years at an institution of higher education. This category includes students enrolled in a four- to five-year academic program designed to lead to a first degree. A student enrolled in a program of any other length is considered an undergraduate student only for the first four academic years of that program.

Undergraduate student with a baccalaureate or first professional degree: A regular student who has already received a baccalaureate degree (or its equivalent) or a first professional degree but is enrolled in an undergraduate course of study at an institution of higher education and meets the remaining criteria specified in the preceding paragraph.

Graduate/Professional student: A regular student who

- is enrolled in a program or course of study

above the baccalaureate level at an institution of higher education or is enrolled in a program leading to a first professional degree;

- has completed the equivalent of at least three years of full-time study at an institution of higher education, either prior to entering the program or as part of the program; and
- is not receiving Title IV aid as an undergraduate student for the same period of enrollment.

Eligible aid applicant: A regular student who

- was enrolled in an academic or training program that was eligible for the campus-based programs during award year 2007-2008,
- met citizenship or residency requirements for award year 2007-2008, and
- applied for financial aid for award year 2007-2008 and has an “official” Expected Family Contribution (EFC) calculated by the Central Processing System (CPS).

Any student meeting the above criteria, regardless of the family’s ability to contribute to the cost of attendance, is to be included as an eligible aid applicant. You must include students **for whom you had no funds to award** and students who you determined **did not need funds**.

Note: If a student was an undergraduate during an earlier term in 2007-2008 but a graduate student in a subsequent term in 2007-2008, report the student as a graduate student in sections D and F. In Section E, Field 22, however, divide the tuition and fees revenue between columns a (undergraduate) and b (graduate) in proportion to the time the student spent in each type of class.

If during 2007-2008 a student was an undergraduate during an earlier term, later

received a baccalaureate degree, and was subsequently enrolled in an undergraduate course of study, that student must be reflected in column b if he or she was dependent or in column d if he or she was independent.

Categorizing 2007-2008 Eligible Aid Applicants for Entry in Part II, Section F, Fields 25-40

In fields 25 through 39, columns a through e, report all eligible aid applicants according to each applicant's correct category. Include applicants who were eligible but who did not receive aid.

In each column, Field 40 is the sum of fields 25 through 39. However, students reported in Field 25 *must not* be included in the entries for fields 26 through 39.

Note: You may use the 2007-2008 EDEXpress software to access the FISAP Eligible Dependent and Eligible Independent student reports that list students by income range and enrollment status. These reports list all students who applied for aid, whether enrolled at your school or not. To obtain reports only for those students enrolled at your school, follow the steps below:

- Print a List–Unpackaged Records report via File | Print | Packaging, then compare this list against your enrollment roster.
- Delete any pre-existing Packaging records for non-enrolled students by going to File | Delete | Packaging globally.
- Click “OK” and then click “Select Records.”
- Go down the list of students, mark the “Selected” checkbox for students you wish to delete, then click “OK.”

If you need assistance using the EDEXpress software, please contact the CPS/SAIG Technical Support Center at 1-800-330-5947.

Field 25

Students with an “Automatic” Zero EFC

An applicant who meets certain tax filing and income criteria will qualify automatically for an Expected Family Contribution (EFC) figure of “0.” When those criteria are met, the CPS assigns a “0” EFC and does not perform a calculation except for Total Income (TI), Student's Total Income (STI), and FISAP Total Income (FTI). Only these intermediate values will appear in the FAA information section on the Student Aid Report (SAR) or on the Institutional Student Information Record (ISIR).

Not every student with a zero EFC has received an “automatic” zero EFC. To determine which students have received an automatic zero EFC, check the SAR or ISIR containing the official EFC and the CPS-processed data. The automatic zero flag will be set to “Y” if the student met the automatic zero EFC criteria. The SAR/ISIR field will be *blank* if the student did not meet those criteria.

In Field 25, report *only* those students whose output documents show a “Y” for the automatic zero calculation.

Valid amounts are

0000000-9999999

This field **cannot** be blank.

Fields 26-39

In these fields, determining the proper income category, or cell, for an eligible aid applicant depends on the income used to calculate that applicant's EFC for 2007-2008. That income was (or would have been, in the case of applicants who received no aid) the basis for any campus-based funds awarded to the applicant.

Use the FISAP Total Income (FTI), one of the intermediate computed values on the SAR or ISIR, to determine the proper cell for each student. For dependent students, FTI is the sum of Total Income (TI) and Student's Total Income (STI). For independent students, the FTI will equal the TI. **Remember, extract this information only from the SARs/ISIRs of**

students who actually *enrolled* in your school.

You might need to correct or adjust a student's income information and recalculate the EFC. If so, you must use that corrected or adjusted information when determining the proper income cell for a student. In such a case, to determine the income cell for a dependent student, you must use the student's *and* parents' base year incomes, as reported on the SAR/ISIR.

Do not report "automatic" zero students here; report them in Field 25.

Field 40

In each column, Field 40 is the sum of fields 25 through 39. (Field 40 is automatically calculated.)

Instructions for Part III: Federal Perkins Loan Program Fiscal Operations Report

Who must complete Part III?

You must complete Part III if

- your school is continuing participation in the Federal Perkins Loan Program, or
- your school is in the process of liquidating its Federal Perkins Loan Fund (hereafter known as the “Fund”), or
- your school made loans from its fund even though your school did not receive a Federal Capital Contribution for award year 2007-2008.

Note: Your Perkins Loan Fund is not completely liquidated until you have

- returned to the Department the federal share of cash on hand in the portfolio;
- assigned all outstanding loans to the Department, or purchased them;
- reported all these activities on a “final” Perkins Loan Report; *and*
- completed the required audit.

What will I need to complete Part III?

You will need your Federal Perkins Loan Program Account Ledgers. However, because your ledgers are set up according to the Department’s accounting reference manual, *The Blue Book*, your accounting numbers will *not* match the field numbers in Section A. Therefore, do not simply transfer data from a ledger number that matches a field number—the data will not correspond.

General instructions for Part III

Section A requests cumulative data. When reporting data for unduplicated students, count each student only **ONCE**, regardless of the number of transactions the student has in any field.

Section B requests the annual fund activity.

Section C requests the cumulative repayment information.

Sections D and E contain cohort default rate data.

The following information also must be reported in Part III, as applicable:

- Amounts received under the Department of Defense Educational Loan Repayment Program (10 U.S.C. 2172)
- Amounts received from the consolidation of a Federal Perkins Loan
- Amounts received under subtitle D of Title I of the National Community Service Act of 1990, Subpart D

If your school is liquidating its Fund, or if your school made loans from its Fund even though your school did not receive a Federal Capital Contribution for the 2007-2008 award year, you must complete the Identifying Information, Certification and Warning, and the Federal Perkins Loan Program sections of the Fiscal Operations Report.

FUND REPAYMENTS ARE DUE if there is an accumulation of excess liquid capital in the Fund, or if your school is in the process of liquidating the Fund.

A school has excess liquid capital in its Loan Fund if projected funds available for the 2008-

2009 award year (June 30, 2008 cash on hand plus projected collections, plus Institutional Capital Contributions, plus other income) significantly exceed projected 2008-2009 expenditures from the Loan Fund.

Note: In a year when Federal Capital Contributions are authorized, they would also be included in projected funds available.

The return of the Fund's excess liquid capital requires schools to send payments of \$100,000 or more to the National Finance Center (NFC) via Treasury's Financial Communications System (TFCS), Deposit Message Retrieval System (DMRS) (commonly known as FEDWIRE). Procedures for using FEDWIRE are contained in *The Blue Book*. For amounts less than \$100,000, a school may either use FEDWIRE or send a check to

FISAP adjustment not required for prior year recoveries

If, in a prior year, your school took some or all of its Federal Perkins Loan administrative cost allowance entitlement from an FSEOG or FWS allocation, and your school recovered Federal Perkins Loan funds in 2007-2008 that were issued to students in a prior year, you are not required to adjust your FISAP to report the recovery of the Perkins funds. You must make an adjustment only if ED's School Eligibility Channel requests it.

Field-by-field instructions for Part III

Section A. Fiscal Report (Cumulative) as of June 30, 2008

Field

1.1 Cash on hand and in depository as of

6/30/2008

Column c. Report the total cash you had on hand and in depository as of June 30, 2008. **Include reimbursements the school made to the Fund of interest and principal the borrower did not pay because he or she received a repayment incentive discount.**

Reduce the amount reported as cash on hand by the full amount of any loan payments you returned to borrowers because of the following circumstances:

- You received payments from those borrowers on or after the date they became totally and permanently disabled but before their loans were assigned to the Department, *and*
- The Department has discharged those loans during the award year because of the borrowers' total and permanent disability.

You may never enter a negative amount in Field 1.1. Expenditures that exceed the amount of cash on hand in the Loan Fund must be charged to an Institutional Capital Contribution (ICC) and deposited into the Fund as of June 30, 2008. These funds are considered as additional ICC and are reported in Field 22. If a school intends to reclaim the additional ICC that it deposited during the 2007-2008 award year, the additional ICC must be entered as a short-term, no interest loan made to the Fund in the accounting records of the school. A school repays a short-term, no interest loan with monies made available through collections or the receipt of FCC in years when FCC is authorized. When a school repays itself a short-term, no interest loan it made to the Fund, the repayment must be reported in Field 23.

Valid amounts are

This field **cannot** be blank.

1.2 Cash on hand and in depository as of 10/31/2008

Note: Completion of this field is not possible before October 31, 2008.

Column a. When you are verifying Part III, Section A as part of the edit corrections you submit by December 15, report the total cash you had on hand and in depository as of October 31, 2008. You may never report this entry as a negative amount.

Expenditures that exceed the amount of cash on hand in the Loan Fund must be charged as ICC and deposited into the Fund as of October 31, 2008. This increased ICC must be reported in Field 22 on the next FISAP that is due by October 1, 2009. If a school intends to reclaim this additional ICC, it must follow the instructions provided in Field 1.1 for a short-term, no interest loan made to the fund.

Section C. Cumulative Repayment Information as of June 30, 2008

Section C is an analysis of the repayment status

for all past and current National Defense/Direct Student Loan and Federal Perkins Loan borrowers as of June 30, 2008 at your school. **Count the number of borrowers and not the number of loans made.**

In fields 1.1 through 5.4, each borrower is counted *only once*. That is, when a borrower has more than one loan and falls into more than one category in Section C, the dollars should be reported in the appropriate fields. The borrower, however, should be reported *only once* in column b, in the field for the loan where the borrower's principal amount outstanding is the *greatest*.

In column b, the sum of fields 1.1, 2, 3, 4, 5.1, 5.2, 5.3, and 5.4 equals Field 4, column b of Part III, Section A of the Fiscal Operations Report.

The following instructions are basic to each column:

Column a. Report the amount paid into the Loan Fund to purchase loans.

Column b. Report the *unduplicated* borrowers for each field as of June 30, 2008.

Column c. Report the total amount lent to the borrowers reported in column b.

Column d. Report the principal amount outstanding on all loans as of June 30, 2008. This figure is the portion of the amount lent that was not repaid or canceled as of June 30, 2008.

Column b. Report the unduplicated, CUMULATIVE number of all past borrowers who, as of June 30, 2008, have completely repaid their loans or had them canceled. Include

- any loans discharged because the borrower was unable to complete a program in which he or she was enrolled due to the school's closing, and
- those borrowers whose loans your school purchased because they were deemed unenforceable by the Department and were rejected for assignment.

Valid entries are

0000000-9999999

This field **cannot** be blank.

Column c. Report the total dollar amount lent to those borrowers.

Column a. Of the loans included in 1.1 as fully retired, report in column a the outstanding principal balance, all interest due, and any collection fees due on all loans you submitted for assignment that were not accepted and for which your school reimbursed the Fund. This entry will be used for liquidation purposes.

Before a school can have a fully liquidated Perkins Loan portfolio, all loans with a principal amount outstanding at the school must *either* be assigned to the Department *or* fully retired, including loans the school is purchasing.

The information reported here permits the Department to determine whether the school's portfolio is fully liquidated.

The Perkins liquidation procedures can be found in Dear Partner Letter CB-00-5 at <http://ifap.ed.gov> under “Archived Publications.”

3 Total borrowers not in repayment status

Column b. Report the unduplicated, CUMULATIVE number of borrowers attending postsecondary schools at least half time. This number includes those students attending your school and those who have filed for student deferments from other schools. Report those whose grace periods have expired as well as those who have not used their first grace periods.

Also report borrowers who were in the first grace period. A first grace period is defined based on when the loans were made:

- For loans made before October 1,

1980, a grace period is 9 consecutive months, starting from the date the borrower ceased to be at least a half-time student at a postsecondary school.

- For loans made on or after October 1, 1980, but before July 1, 1987, a grace period is 6 consecutive months, starting from the date the borrower ceased to be at least a half-time student at a postsecondary school.
- For loans made on or after July 1, 1987, a grace period is 9 consecutive months, starting from the date the borrower ceased to be at least a half-time student at a postsecondary school.

Review Section 674.32 of the regulations for terms relevant to less-than-half-time borrowers.

For borrowers in deferment and other grace periods, report those who obtained deferment in accordance with the governing regulations.

Note: For loans made on or after October 1, 1980, a second grace period of 6 consecutive months follows the completion of a deferment period for study, service, or disability.

Note: All assigned notes the Department has rejected and returned to you, or notes for which you received an acceptance letter from the Department dated after June 30, 2008, must be counted in the appropriate default category, according to the oldest payment in default. These notes may not be included in either Field 2 of this section, or in Section A, Field 6.

Cohort Default Rate (Sections D and E)

If your school had fewer than 30 borrowers who entered repayment in the 2006-2007 award year, complete Section E. If your school had 30 or more borrowers who entered repayment in the 2006-2007 award year, complete Section D.

For the purpose of calculating the cohort default rate

- a borrower has *entered repayment* the day after the borrower's initial grace period ended, or the day the borrower waived the initial grace period. This date does not change if a deferment or a cancellation is granted after the borrower has entered repayment.

- a loan is *in default* if the borrower failed to make an installment payment when due or to comply with the other terms of the promissory note, and this situation has existed for at least 240 days for loans with monthly payment installments or at least 270 days for loans with less frequent payment installments.
- a loan is *still* considered to be in default even if the school, its owner, agency, contractor, employee, or any other entity or individual affiliated with the school makes a payment to prevent the borrower from defaulting.
- a loan is *not* considered to be in default *only* if the borrower has
 - made six voluntary consecutive payments;
 - voluntarily made all payments currently due;
 - repaid the loan in full;
 - rehabilitated the loan or had it canceled;
 - received a deferment or forbearance on the loan based on a condition that began before the loan became 240 days past due;
 - received a discharge because of death, permanent and total disability, bankruptcy, or because of a closed school; or
 - repaid the loan in full in accordance with Section 674.33(a) or Section 674.47(h).
- a loan assigned to the Department of Education is still considered part of the cohort default rate calculation, unless the loan has been assigned because of a total and permanent disability cancellation.

Instructions for Part IV: Federal Supplemental Educational Opportunity Grant Program (FSEOG) Fiscal Operations Report

Who must complete Part IV?

You must complete Part IV if your school received FSEOG federal funds for 2007-2008.

Field-by-field instructions for Part IV

Section A. Federal Funds Authorized for FSEOG

Use this section to report your authorization and any changes to that authorization.

Field

1 Final adjusted FSEOG authorization

Figure the correct amount for this field as follows:

- The amount of your original authorization (your first allocation letter for award year July 1, 2007 through June 30, 2008) **plus**
- Any supplemental authorization you received for the FSEOG Program **minus**
- Any FSEOG funds from your 2007-2008 award year allocation that you returned to the federal government prior to October 1, 2008.

Enter the result here.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

Section B. Federal Funds Available for FSEOG Expenditures

Use this section to calculate the federal funds you had available for FSEOG expenditures.

Transferring Funds Between Programs/Carry Forward, Carry Back

To transfer *any* funds between programs or to carry forward or back funds between award years, your school must actually draw down the funds from G5. Simply *reporting* such transfers on the FISAP does not make the funds *move* from one program to another. Also, the funds drawn down from G5 must be spent against the program authorization from which the funds were taken, *not* against the program authorization for the award year in which the funds are/were used.

2 FWS funds transferred to and spent in FSEOG

Enter the amount of any FWS funds you transferred to, and spent in, the FSEOG Program. You must return to FWS any transferred amount you did not spend in FSEOG.

The maximum amount you may transfer from FWS to FSEOG is 25 percent of the sum of your 2007-2008 FWS original and supplemental allocations.

The amount in this field must be the same as the entry in Part V, Field 3.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

3 Federal Perkins Federal Capital Contribution funds transferred to and spent in FSEOG

You cannot enter any data in this field

because Congress did not authorize any FCC for the 2007-2008 reporting year.

4 2008-2009 FSEOG funds carried back and spent in 2007-2008

Report any amount of your 2008-2009 FSEOG allocation that you carried back and spent in award year 2007-2008. The maximum amount you could have carried back and spent is 10 percent of the sum of your 2008-2009 original and supplemental FSEOG allocations.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

5 Additional 2008-2009 FSEOG funds carried back and spent for 2008 summer enrollment

If you report in Field 4 the maximum 10 percent carry back amount, report here any additional amount of your 2008-2009 FSEOG allocation that you carried back and spent for awards to students for payment periods that began on or after May 1, 2008 but that ended before July 1, 2008.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

6 2006-2007 funds carried forward and spent in 2007-2008

Report any amount of your 2006-2007 FSEOG allocation that you carried forward and spent in award year 2007-2008. The maximum amount you could have carried forward and spent is 10 percent of the sum of your 2006-2007 original and supplemental FSEOG allocations.

If this entry is different from the one in Part IV, Field 7 of your 2006-2007 Fiscal Operations Report, you must submit a revised 2006-2007 Fiscal Operations

Report.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

Note: You need to spend all 2006-2007 funds carried forward *before* spending any funds from the 2007-2008 award year.

7 2007-2008 funds carried forward to be spent in 2008-2009

Report any amount of your 2007-2008 FSEOG allocation that you carried forward to spend in award year 2008-2009. The maximum amount you could have carried forward to be spent is 10 percent of the sum of your 2007-2008 original and supplemental FSEOG allocations.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

Note: You need to spend all 2007-2008 funds carried forward *before* spending any funds from the 2008-2009 award year.

8 2007-2008 funds carried back and spent in 2006-2007

Report any amount of your 2007-2008 FSEOG allocation that you carried back and spent in award year 2006-2007. The maximum amount you could have carried back and spent is 10 percent of the sum of your 2007-2008 original and supplemental FSEOG allocations.

If the entry here is different from the one in Part IV, Field 4 of your 2006-2007 Fiscal Operations Report, you must submit a revised 2006-2007 Fiscal Operations Report.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

9 Additional 2007-2008 funds carried back and spent for 2007 summer enrollment

If you report in Field 8 the maximum 10 percent carry back amount, report here any additional amount of your 2007-2008 FSEOG allocation that you carried back and spent for awards to students for payment periods that began on or after May 1, 2007 but that ended prior to July 1, 2007.

If the entry here is different from the one in Part IV, Field 5 of your 2006-2007 Fiscal Operations Report, you must submit a revised 2006-2007 Fiscal Operations Report.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

10 Total federal funds available for 2007-2008 FSEOG

Field 10 equals Field 1 plus Field 2 plus Field 3 plus Field 4 plus Field 5 plus Field 6 minus Field 7 minus Field 8 minus Field 9. This field is automatically calculated.

Section C. Funds to FSEOG Recipients

DO NOT include in either Field 11 or 12 below any nonfederal funds in excess of the required 25 percent nonfederal share.

11 Total funds to FSEOG recipients

The amount reported must consist of the required 25 percent nonfederal plus 75 percent federal shares, unless your school has been granted a waiver of the institutional match requirement for 2007-2008. In that case, report whatever federal funds your school expended.

Field 11 equals Field 12 plus Field 13.

Valid amounts are:

000000000-999999999

This field cannot be blank.

12 Nonfederal share of funds to FSEOG recipients

For nonfederal funds to be reported in this field, the recipients of these monies must have also received some federal funds from the FSEOG Program in the 2007-2008 award year.

Field 12, which is automatically calculated, must be 25 percent of Field 11, unless your school has been granted a waiver of the institutional-match requirement for 2007-2008. In that case, you can report less than 25 percent. Schools that have not been granted a waiver must **not enter any school expenditures that exceed the 25 percent requirement.**

Your school must provide the nonfederal share from its own resources, which might include school grants and scholarships, tuition or fee waivers, state scholarships, or foundation or other charitable organization funds. You can use one of three methods to provide the nonfederal share; these are discussed in Volume 6 of the 2007-2008 *Federal Student Aid Handbook*. See Chapter 1, "FSEOG Nonfederal Share."

Although Field 12 is automatically calculated, you must know how the total is derived so you can determine what to enter in fields 12(a) and 12(b). Therefore, perform the following steps:

- Divide the total federal FSEOG funds expended for FSEOG recipients by 75.
- Take that result and multiply it by 25. You will then have your school's FSEOG nonfederal matching requirement.

Note: Do NOT simply take 25 percent of

the total federal FSEOG funds expended or 25 percent of your FSEOG award—neither is an accurate calculation of your nonfederal matching requirement.

Once you have determined the FSEOG nonfederal matching requirement, you must break down that amount for fields 12(a) and 12(b).

12(a). If some or all of your nonfederal share consisted of a cash outlay by your school, enter the amount contributed.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

12(b). If some or all of your nonfederal share consisted of one of the other types of school resources listed on the preceding page, enter the amount designated.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

Field 12 must equal Field 12(a) plus Field 12(b).

Section D. Federal Funds Spent for FSEOG Program

Use this section to report how you spent the federal funds available.

13 Federal share of funds to FSEOG recipients

Report the amount of FSEOG federal funds expended for students, plus any FWS federal funds transferred into FSEOG and spent for FSEOGs.

Field 13 must equal 75 percent of Field 11, unless your school has an approved waiver of the institutional match requirement for 2007-2008. In that case, report whatever

federal funds your school expended.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

14 Administrative cost allowance claimed

Use Part VI, Section B, steps 1 and 2 to see how your administrative cost allowance (ACA) is calculated. In Part VI, Section B, Step 3, report how much administrative cost allowance you claimed in the FSEOG Program.

The amount in Field 14 must be the same as the amount in Part VI, Section B, Field 23(b). This amount could include funds claimed for any or all of the three programs.

Note: Remember that your ACA comes from your campus-based program allocations and therefore should be budgeted in advance as part of those allocations. **The ACA is not a supplemental amount from the U.S. Department of Education.**

For more information on calculating the ACA, see the 2007-2008 *Federal Student Aid Handbook*, Volume 6, Chapter 1.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

15 Federal funds spent for FSEOG

Field 15 equals Field 13 plus Field 14. This field is automatically calculated.

Section E. Use of FSEOG Authorization

Use this section to derive your unexpended (if any) and expended authorization amounts.

16 Expended FSEOG authorization

Field 16 equals the sum of fields 7, 8, 9,

and 15 minus the sum of fields 2, 3, 4, 5, and 6. This field is automatically calculated.

The amount in Field 16 must agree with your final FSEOG draw downs reported in G5. Also, this amount cannot exceed your authorization in Field 1.

17 Unexpended FSEOG authorization

Field 17 equals Field 1 minus Field 16. This field is automatically calculated. **The resulting amount will ultimately be deducted from your G5 grantee account.**

ED will not accept a negative figure for this field.

An excess expenditure must be charged to institutional funds; however, the excess institutional share is *not* entered in this report.

Note: Unless your school has received an underuse waiver, a penalty will be assessed against your school's 2009-2010 FSEOG allocation if the amount in Field 17 plus any other amounts you previously returned to ED are greater than 10 percent of your combined 2007-2008 initial plus supplemental allocations. The penalty consists of a reduction in your 2009-2010 FSEOG allocation by an amount equal to the total amount you did not spend in 2007-2008.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

Information on prior year recoveries for FSEOG and FWS

Prior year recoveries are the federal shares of any monies students have returned to the school for an award year that has already undergone closeout in the Campus-Based system (that is, awards have already been

reduced to FISAP expenditure levels). You are not required to report prior year recoveries or make an adjustment to your FISAP unless the Department's School Eligibility Channel requests it.

Use existing G5 procedures to refund to the Department any funds recovered on prior year awards. Refunds must be applied to the award corresponding to the funding year in which recovered funds were awarded. For example, if you made an award in 2007-2008 and the money was recovered in 2008-2009, you must return the recovered funds to the *2007-2008* authorization.

The available balance for this award will increase as a result of the refund.

However, the award authorization amount will be reduced by this refund amount when the award enters the closeout state in G5. Therefore, you should not draw down the available balance created by the refund.

6 2006-2007 funds carried forward and spent in 2007-2008

Report any amount of your 2006-2007 FWS allocation that you carried forward and spent in award year 2007-2008. The maximum amount you could have carried forward and spent is 10 percent of the sum of your 2006-2007 original and supplemental FWS allocations.

If this entry is different from the one in Part V, Field 7 of your 2006-2007 Fiscal Operations Report, you must submit a

revised 2006-2007 Fiscal Operations Report.

Valid amounts are

This field **cannot** be blank.

Note: You need to spend all 2006-2007 funds carried forward *before* spending any funds from the 2007-2008 award year.

7 2007-2008 funds carried forward to be spent in 2008-2009

Report any amount of your 2007-2008 FWS allocation that you carried forward to spend in award year 2008-2009. The maximum amount you could have carried forward to be spent is 10 percent of the sum of your 2007-2008 original and supplemental FWS allocations.

Valid amounts are

Note: You need to spend any 2007-2008 funds carried forward *before* spending any funds from the 2008-2009 award year.

8 2007-2008 funds carried back and spent in 2006-2007

Report any amount of your 2007-2008 FWS allocation that you carried back and spent in award year 2006-2007. The maximum amount you could have carried back and spent is 10 percent of the sum of

your 2007-2008 original and supplemental FWS allocations.

If the entry here is different from the one in Part V, Field 4 of your 2006-2007 Fiscal Operations Report, you must submit a revised 2006-2007 Fiscal Operations Report.

9 Additional 2007-2008 funds carried back and spent for 2007 summer employment

If you report in Field 8 the maximum 10 percent carry back amount, report here any additional amount of your 2007-2008 FWS allocation that you carried back and spent for payments to students for wages earned on or after May 1, 2007 but before July 1, 2007.

If the entry here is different from the one in Part V, Field 5 of your 2006-2007 Fiscal Operations Report, you must submit a revised 2006-2007 Fiscal Operations Report.

10 Total federal funds available for 2007-2008 FWS

Field 10 equals Field 1 plus Field 2 minus Field 3 plus Field 4 plus Field 5 plus Field 6 minus Field 7 minus Field 8 minus Field 9. This field is automatically calculated.

Section C. Total Compensation for FWS

Use this section to report the total FWS compensation earned in award year 2007-2008, both federal and institutional shares. This

amount reflects gross compensation, including tax and other withholdings.

Total FWS compensation earned means *all* types of FWS work, whether or not that work qualifies as community service employment. For more on community service activities and reporting those earnings, see the instructions for Section G on page V-8.

11 Total earned compensation for FWS Program

In Field 11, the FWS total earned compensation (federal and nonfederal share) is reported for all students for the 2007-2008 award year. This amount is automatically calculated.

The amount here includes any compensation FWS students might have earned while employed as reading or mathematics tutors of children or while employed in family literacy activities, even if the federal share exceeds the normal 75 percent rate.

Any FWS earned compensation paid to FWS students employed in these tutoring and family literacy activities must be reported in Field 11a for on-campus employment and in Field 11b for off-campus employment at public or private nonprofit agencies. (Any amounts earned for these activities are reported, whether or not the activities qualify as community service work.)

11 a. Report the earned compensation for on-campus employment.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

11 b. Report the earned compensation for off-campus employment at public or private nonprofit agencies,

excluding expenditures required to be reported in Field 11c.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

11 c. Report the earned compensation for off-campus employment at public or private nonprofit agencies that were unable to pay the regular nonfederal share and that had a federal share not exceeding 90 percent.

Valid amounts are

000000000-999999999
This field **cannot** be blank.

- 11 d. Report the earned compensation for off-campus employment in the private for-profit sector.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

Field 11 equals fields 11(a) plus 11(b) plus 11(c) plus 11(d). This field is automatically calculated.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

12 Total institutional share of earned compensation

Report the total institutional share of all earned compensation. The minimum required institutional share varies by type of employment and is the complement of each federal share percentage reflected in Field 13.

The institutional share consists of the amounts your school has contributed and the amounts any off-campus employer has contributed.

If the institutional share of student compensation was paid in kind (examples include a tuition waiver and room and board), you must convert the in-kind compensation to cash value.

Field 12 must equal Field 11 minus Field 13.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

Section D. Funds Spent from Federal Share of FWS

13 Total federal share of FWS earned compensation

In Field 13, the federal share of the FWS total earned compensation paid to all students for the 2007-2008 award year is reported. This amount is automatically calculated.

The amount here includes the federal share of any earned compensation paid to FWS students employed as reading or mathematics tutors of children, or employed in family literacy activities, even if the federal share exceeds the 75 percent rate.

- 13 a. Report the federal share of compensation earned at the maximum 75 percent rate: applies to on-campus employment or off-campus employment at public or private nonprofit agencies.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

- 13 b. Report the federal share of compensation earned at the maximum 100 percent rate: applies to on-campus employment or off-campus employment at public or private nonprofit agencies. As mentioned, report here the federal share of compensation FWS students earned while employed as reading or mathematics tutors of children or while employed in family literacy activities.

If your school is designated as Title III/V eligible and had an approved waiver of the nonfederal share, report your federal share here.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

- 13 c. Report the federal share of compensation earned at the maximum 90 percent rate: applies to

off-campus employment at public or private nonprofit agencies unable to pay the regular nonfederal share.

The 90 percent federal share is limited to no more than 10 percent of the students paid under the FWS Program for the 2007-2008 award year.

For example, if you had 10 students who earned FWS compensation in 2007-2008, 10 percent of those students equals one student. Therefore, you could fund only one student at the 90 percent federal share. If you wanted to fund two or more students, you would have to fund them at the 75 percent federal share amount, not at the 90 percent federal share amount.

Note: This 10 percent limit does not include students whose FWS wages have been exempted from the full nonfederal share requirement (generally 25 percent) because those students were employed as reading or mathematics tutors of children or were employed in family literacy activities. See Volume 6 of the 2007-2008 *Federal Student Aid Handbook* for more information.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

- 13 d. Report the federal share of compensation earned at the maximum 50 percent rate: applies to off campus employment in the private for-profit sector.

This amount may not exceed 25 percent of the sum of your 2007-2008 original plus supplemental authorizations.

For example, if the FWS award is \$10,000, the amount you report here

cannot exceed 25 percent of this amount, or \$2,500. Because this field is a 50-percent category, you must report another \$2,500 in Field 12 if you spend the entire amount permitted for employment in the private for-profit sector.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

Field 13 equals fields 13(a) plus 13(b) plus 13(c) plus 13(d).

This field is automatically calculated.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

14 Administrative cost allowance claimed

Use Part VI, Section B, steps 1 and 2 to calculate your administrative cost allowance (ACA). In Part VI, Section B, Step 3, report how much administrative cost allowance you claimed in the FWS Program.

The amount reported in Field 14 must be the same as the amount in Part VI, Section B, Field 23(c). This amount could include funds claimed for any or all of the three programs.

Note: Remember that your ACA comes from your campus-based program allocations and therefore should be budgeted in advance as part of those allocations. **The ACA is not a supplemental amount from the U.S. Department of Education.**

For more information on calculating the ACA, see the 2007-2008 *Federal Student Aid Handbook*, Volume 6, Chapter 1.

This field **cannot** be blank.

15 Federal share of Job Location and Development (JLD) Program expenditures

Report the federal share of the amount spent for the Job Location and Development Program. This amount must be the lesser of \$50,000 or 10 percent of the sum of your 2007-2008 original and supplemental FWS allocations. See Volume 6 of the 2007-2008 *Federal Student Aid Handbook* for more information.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

16 Total federal funds spent for FWS

Field 16 equals the sum of fields 13 through 15. This field is automatically calculated.

Section E. Use of FWS Authorization

This section shows how your expended and unexpended authorization amounts were derived.

17 Expended FWS authorization

Field 17 equals the sum of fields 3, 7, 8, 9, and 16 minus the sum of fields 2, 4, 5, and 6. This field is automatically calculated.

The amount in Field 17 must agree with your final FWS draw downs reported in G5. Also, this amount cannot exceed your authorization in Field 1.

18 Unexpended FWS authorization

Field 18 equals Field 1 minus Field 17. This field is automatically calculated. **This**

amount will ultimately be deducted from your G5 grantee account.

Any calculation that results in a negative figure will not be accepted for transmission to ED.

An excess expenditure must be charged to the school share of earned compensation.

Note: Unless your school has received an underuse waiver, a penalty will be assessed against your school's 2009-2010 FWS allocation if the amount in Field 18 plus any other amounts you previously returned to ED are more than 10 percent of your combined 2007-2008 initial plus supplemental allocations. The penalty

consists of a reduction in your 2009-2010 FWS allocation by an amount equal to the total amount you did not spend in 2007-2008.

Information on prior year recoveries for FWS and FSEOG

Prior year recoveries are the federal shares of any monies students have returned to the school for an award year that has already undergone closeout in the Campus-Based system (that is, awards have already been reduced to FISAP expenditure levels). You are not required to report prior year recoveries or make an adjustment to your FISAP unless the Department's School Eligibility Channel requests it.

Use existing G5 refund procedures to refund to the Department any funds recovered on prior year awards. Refunds must be applied to the award corresponding to the funding year in which the recovered funds were awarded. For example, if you made an award in 2007-2008 and the money was recovered in 2008-2009, you must return the recovered funds to the 2007-2008 authorization.

The available balance for this award will increase as a result of the refund.

However, the award authorization amount will be reduced by this refund amount when the award enters the closeout state in G5. Therefore, you should not draw down the available balance created by the refund.

Section F. Information About the Job Location and Development (JLD) Program

19 Total expenditures for the JLD Program

Report the total amount spent (federal and institutional share) to establish, maintain, or expand the Job Location and Development (JLD) Program.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

20 Institutional expenditures for the JLD Program

Report the total amount of institutional funds spent. If your expenditures were paid in kind (for example, staff salaries, related travel, or printing and mailing costs), convert those contributions to their cash values.

If you used federal funds to operate the JLD Program, the amount reported in this field must be at least 20 percent of the amount reported in Field 19.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

21 Number of students for whom jobs were located or developed

Report the number of students for whom you developed or located jobs through the JLD Program and who had earnings through JLD placement in award year 2007-2008.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

22 Total earnings of the students in Field 21 above

Report the total amount earned in 2007-2008 by the students reported in Field 21. If you do not know their actual wages, report a reasonable estimate.

Valid amounts are

000000000-999999999

This field **cannot** be blank.

Section G. Information About FWS Students Employed in Community Service Activities

Your school is required to use at least 7 percent of its FWS allocation to employ students in community service jobs, unless your school received a Community Service Waiver from the Department. The information you report in Section G will determine whether your school has met this requirement for the 2007-2008 award year.

If your school also received reallocated supplemental FWS federal funds, this section determines whether your school used those funds *only* to pay students in community service jobs, as is required.

The minimum amount of FWS Federal funds the school must expend on community service jobs for an award year is one of the following two amounts, **whichever is greater**:

(1) 7 percent of the sum of:

- your original FWS allocation **plus**
- your FWS supplemental allocation (if any), **minus**
- any amount of FWS Federal funds you returned through the reallocation process or earlier

OR

(2) 100 percent of your FWS supplemental allocation (if any).

For information on the kinds of activities that qualify as community service employment, see Volume 6 of the 2007-2008 *Federal Student Aid Handbook*. The most basic requirement of community service employment is that the activities involved must be open and accessible to the community. "Open and accessible" means the service is publicized to the community and the general public uses the service.

A school in and of itself is not considered a community for the purpose of determining community service employment. For example, if a school has an on-campus program to tutor the children of faculty in reading, that program would not qualify. If, however, the tutoring program is open to children in the community, it would qualify.

Note: As part of the 7 percent expenditure requirement for community service, at least one of the FWS students your school employs must

- work as a reading tutor for children who are preschool age or are in elementary school *or*
- perform family literacy activities in a family literacy project that provides services to families with preschool age children or elementary school children.

You will include in this section information on any funds spent to compensate students employed in jobs that satisfy these criteria. As noted above, these activities must be "open and accessible" to the community.

A school may pay students for a reasonable amount of time spent for training directly related to FWS employment and for travel directly related to employment in community service activities.

Note: Because Section G collects information on all types of community service, you might

duplicate some of the information you report here in sections H and I.

23 Number of students in community service employment

Report the number of students employed during the 2007-2008 award year in FWS jobs that met the definition of community service in the Higher Education Act of 1965, as amended, Part C, Section 441(c). Also see Volume 6 of the *Federal Student Aid Handbook* for a discussion of community service.

This field **cannot** be blank.

24 Federal share of community service earned compensation

Enter the federal share of compensation earned in FWS community service jobs during the 2007-2008 award year.

This amount must not exceed 75 percent of the total earned compensation for community service (the sum of fields 24 and 25), unless the institutional-share requirements have been waived, or unless an off-campus agency qualified for a 90 percent federal share.

For example, if the total earned compensation for community service is \$10,000, then Field 24 should be \$7,500 ($\$10,000 \times .75$). Field 25 should be \$2,500 ($\$10,000 \times .25$). If the school has an approved waiver of the institutional share, Field 24 could be \$10,000 and Field 25 could be \$0.

25 Nonfederal share of community service earned compensation

campus employer) share of compensation students earned while employed in community service jobs.

Section H. Information About FWS Students Employed as Reading Tutors of Children or Employed in Family Literacy Activities

For this section, report information about students employed in these types of activities *whether or not* those activities qualify as community service employment.

The information you report here could, however, also be part of the information you report in Section G, if the reading tutoring for children or the family literacy activities were open and accessible to the community. As mentioned in Section G, a service is considered open and accessible if it is publicized to the community and the general public uses the service.

26 Number of FWS students employed as reading tutors of children or employed in family literacy activities

Report the number of FWS students employed during the 2007-2008 award year as reading tutors of children or employed in family literacy activities.

The reading tutoring must be provided to preschool age children or children who are in elementary school. The family literacy activities must be in a family literacy project that provides services to families with preschool age children or children who are in elementary school.

The FWS student must perform the work for the school itself; for a federal, state, or

27 Federal share of earned compensation for FWS students employed as reading tutors of children or employed in family literacy activities

Enter the federal share of compensation earned by FWS students employed during the 2007-2008 award year as reading tutors of children or employed in family literacy activities.

The federal share can be as high as 100 percent; your school is not required to ask the Department for a waiver of the FWS institutional-share requirements. Your school has the option, however, of continuing to provide an institutional share and determining the amount of that share.

27 a. Report the amount of the federal share entered in Field 27 that was spent on community service employment. To qualify as community service employment, the reading tutoring for children or family literacy activities must have been open and accessible to the community. As mentioned earlier, service is considered open and accessible if it is publicized to the community and the general public uses that service.

This information will be used to determine whether your school, as part of meeting the 7 percent community service expenditure requirement, employed one or more students in at least one reading tutoring project as a reading tutor of children or in a family literacy

project performing family literacy activities.

Further, this information will be used to determine whether your school met one of the requirements for receiving reallocated supplemental FWS funds, if you requested such funds. That requirement is that you must, as part of your community service activities, spend at least 5 percent of your original plus supplemental FWS allocations to pay students employed as reading tutors of children or employed in family literacy activities.

28 Total earned compensation for FWS students employed as reading tutors of children or employed in family literacy activities

Report the total compensation FWS students earned during the 2007-2008 award year while employed as reading tutors of children or while employed in family literacy activities. Any nonfederal share of this compensation would come from your school and/or private nonprofit organizations.

Section I. Information About FWS Students Employed as Mathematics Tutors of Children

For this section, you report information about students employed in this activity *whether or not* that activity qualifies as community service employment.

The information you report here could, however, also be part of the information you

report in Section G, if the mathematics tutoring for children was “open and accessible” to the community, as defined in Section G.

29 Number of FWS students employed as mathematics tutors of children

Report the number of FWS students employed during the 2007-2008 award year as mathematics tutors of children. The mathematics tutoring must be provided to students from the elementary through ninth-grade levels. The FWS student must perform the work for the school itself; for a federal, state, or local public agency; or for a private nonprofit organization.

Enter the federal share of compensation FWS students earned during the 2007-2008 award year while employed as mathematics tutors of children.

The federal share can be as high as 100 percent; your school is not required to ask the Department for a waiver of the FWS institutional-share requirements. Your school has the option, however, of continuing to provide an institutional share and determining the amount of that share.

Instructions for Part VI: Program Summary for Award Year July 1, 2007 through June 30, 2008

Section A. Distribution of Program Recipients and Expenditures by Type of Student

Who must complete Part VI, Section A?

If you participated in the Federal Perkins Loan, FSEOG, or FWS Program in the 2007-2008 award year, you must complete this section.

What do I need to complete this section?

You will need data from parts III, IV, and V of this FISAP and from your school's records.

General instructions for Section A

Report the distribution of aid recipients and the amounts spent during the 2007-2008 award year—by taxable and untaxed income levels—for undergraduate dependent students (fields 1 through 7), undergraduate independent students (fields 8 through 14), and/or graduate/professional students (Field 15). Definitions for types of students are found in Part II, Section F of these instructions (see page II-8).

Students reported in fields 1 through 15 will be *all* students, whether full time or part time.

Students entered in Field 17 are those students from fields 1 through 15 who are enrolled less than full time.

Students entered in Field 18 are those students from fields 1 through 15 with automatic zero EFCs.

The entries in column g are unduplicated counts, and for most schools, are *not* the sum of columns a, c, and e. Column g represents a head

count of enrolled students; each student is counted *only once*. If a student received funds

from more than one program, you would nevertheless report that student only once in this column.

The table below illustrates this concept on a very basic level. Each student listed participates in a varying number of campus-based programs, indicated by the entries in each program column, but each student is counted only once and is therefore “unduplicated.”

	FWS	Perkin s	FSEOG	Unduplicated
Student A	*		*	1
Student B		*		1
Student C	*	*		1
Student D	*	*	*	1

In this example, a school has four students who receive campus-based program funds.

Placing students into the correct income categories for fields 1 through 14 is done in the same way as for “eligible aid applicants” in Part II, Section F.

To place a student with an automatic zero EFC into the appropriate income category, use the student's income that would have been used to calculate an Expected Family Contribution for 2007-2008 if the student had not been designated as having an automatic zero EFC. Such students should be included in fields 1 through 15.

For Perkins and FWS recipients: A student who was a recipient in more than one academic category in 2007-2008 (e.g., undergraduate one term and graduate in another, dependent in one term and independent in another, or full time in one term, less than full time in another) should be reported in the category in which he or she was enrolled during the *final term* of the 2007-

2008 academic year (or the final month of the training program, for schools with a non-traditional calendar).

For students who received only FSEOG funds: As FSEOG recipients can *only* be undergraduate students, report them in the appropriate undergraduate category (dependent or independent, by income) regardless of any subsequent work they might have done as graduate students.

For FSEOG recipients who also received Perkins/FWS: If FSEOG recipients also received Perkins and/or FWS funds, report such students, *only once*, in the unduplicated recipients column (g), according to the students' status in the *final term* (or month) of the 2007-2008 academic year.

Field-by-field instructions for Section A

Field

1-14 Undergraduate dependent and independent students

Column a. Report the number of undergraduate dependent and independent Federal Perkins Loan Program recipients for each income level in fields 1 through 14.

Valid entries are
0000000-9999999
This field **cannot** be blank.

Column b. Report the amounts of funds lent to the borrowers you reported in column a, according to their income levels. For example, in column a, Field 3, you might have reported 100 undergraduate dependent students with incomes in the \$12,000 to \$23,999 range. In column b, Field 3, enter the total amount of funds you lent those 100 students.

Valid amounts are
000000000-999999999
This field **cannot** be blank.

Column c. Report the number of undergraduate dependent and independent FSEOG recipients for each income level in

fields 1 through 14.

To be an FSEOG recipient, the student must have received some federal funds from the FSEOG Program in the 2007-2008 award year.

Valid entries are
0000000-9999999
This field **cannot** be blank.

Column d. In fields 1 through 14, report the amounts of FSEOG funds provided to the recipients you reported in column c, according to their income levels.

Under the "Individual FSEOG Recipient Basis" and "Fund-Specific Basis" methods of providing the required nonfederal share, you must report, for *each* FSEOG recipient, the appropriate 25 percent nonfederal and 75 percent federal shares, unless your school has been granted a waiver of the institutional match requirement for 2007-2008. In that case, report whatever federal funds your school expended.

Under the "Aggregate Basis" method, however, each FSEOG recipient will not have received the 25 percent nonfederal share. Therefore, you must only ensure that the *sum* of all funds awarded to FSEOG recipients in the 2007-2008 award year comprises 75 percent FSEOG federal funds and 25 percent nonfederal resources. For example, if you had awarded a total of \$60,000 to FSEOG recipients in 2007-2008, \$45,000 must have come from FSEOG federal funds, and \$15,000 must have come from nonfederal resources. If there are 100 FSEOG recipients, the entire \$15,000 nonfederal resource requirement could be met by awarding that amount to just four FSEOG recipients, if you chose. You would then break down and report the \$15,000 according to the appropriate income levels of the four FSEOG recipients.

For more information on the methods of

providing the nonfederal share, refer to the 2007-2008 *Federal Student Aid Handbook*, Volume 6, Chapter 1. See the section entitled “FSEOG Nonfederal Share.”

Section B. Calculating the Administrative Cost Allowance

This worksheet is automatically calculated for you, based on other FISAP fields you have completed.

You may charge the administrative cost allowance (ACA) against one or all of the campus-based programs from which you awarded funds to students during the 2007-2008 award year.

Note: Remember that your ACA comes from your campus-based program allocations and therefore should be budgeted in advance as part of those allocations. **The ACA is not a supplemental amount from the U.S. Department of Education.**

For more information on calculating the ACA, see the 2007-2008 *Federal Student Aid Handbook*, Volume 6, Chapter 1.

You may not charge the ACA against Federal Perkins Loan or FWS program funds if your only expenditure in that program(s) was a transfer of funds to another program.

Step 3, Field 23 - Once the total administrative cost allowance is computed, you may charge this amount, at your school's discretion, to available campus-based program funds, as described above. (For the Federal Perkins Loan Program, "available funds" represents cash on hand in the Loan Fund.)

Retain a copy of the worksheet for audit and program review purposes.
