**To:** Caroline Scully, OECA Desk Officer

On November 13, 2006, Region 2 received approval from Office of Management and Budget (OMB) for Fiscal Year 2007 an Information Collection Request (ICR) to capture Government Performance Results Act (GPRA) outcome measures. The Region is requesting an extension through Fiscal Year 2008 for the current generic ICR, OMB Control # 2020-0015.

The original generic clearance is through ICR #1860.03, expiration date March 31, 2008.

This survey request is to measure the Region's success in reporting the GPRA goals as defined through OECA for measuring the effectiveness of the Region's compliance assistance outcomes achieved from direct compliance assistance provided to regulated entities. The three GRPR outcome measures include (1) the number of respondents reporting an increased understanding, (2) the number reporting a change in environmental practices, and (3) the number reporting a reduction in pollution. For Fiscal Year 2008, we estimate we will reach approximately 15,000 multi-sector recipients.

If you have any questions, please contact Linda Longo, EPA Region 2, at 212-637-3565.
