FEE TYPE CODE(S) :

Type of Application:	Fee Type Code:
a. New station authorization	EAE
b. Modification of authorization	EAE
c. *Confidentiality request	EAE

***Confidentiality Request:** Applications filed with a request for the Commission to withhold any information from public inspection, pursuant to FCC rule provisions in 47 CFR 0.457(d), shall use the additional Fee Type Code EAE. These applications must also contain a letter justifying the withholding of information in accordance with 47 CFR 0.459 of the Rules.

If a corporation, state corporate name; if a partnership, state names of all partners and the name under which the partnership does business; if an unincorporated association, state the name of an executive officer, the office held by him, and the name of the association. If this application involves a station that is now authorized, the name shown must correspond exactly with that name shown on the current authorization.

5. Applicants should make every effort to file complete applications. Failure to do so may result in a rejection and return of the application or a delay in the processing of the application.
5. Each document required to be filed as an exhibit should be current as of the date of filing. If a current and complete answer to any question other than questions 1, 2 and 3, is already on file within the Commission, then the question may be answered by reference to such information on file.

To refer to the material on file it is necessary that the applicant provide sufficient information to locate the previously filed material. If filed with a station application, furnish name of applicant or licensee, call sign, file number, and date of filing. In other cases furnish date of filing and describe the matters in connection with which filed.

Each document or statement required to be filed as an exhibit should be numbered separately. Exhibit numbers should be shown in the blank space provided for this purpose in the individual items of the application form. Where the space left in the application for narrative answers is insufficient a separate statement, bearing an exhibit number in sequence with other exhibits numbered in the application, should be attached to the application and reference to the statement's exhibit number should be made in the answer space.

When the antenna structures proposed to be erected will extend more than 6 meters above ground or above an existing building, the applicant must analyze the structures pursuant to Part 17, Subpart B, of the FCC rules, to determine if notification to FAA is required. If notification is required, the applicant should submit FAA Form 7460-1, (Notice of Proposed Construction or Alteration) to one of the FAA Regional Offices listed on FCC Form 854, (Request for Antenna Height Clearance and Obstruction Marking and Lighting Specifications).

10. The latitude and longitude for locations in the United States and the Caribbean Islands must be referenced to either the North American Datum of 1927 (NAD 27) or 1983 (NAD 83). Topographical maps indicate which datum was used. Coordinates (latitude and longitude) should be accurate to within +/- 5 m of the National Spatial Reference System.
11. If the proposed facility may have a significant environmental impact, as defined in section 1.1307 of the KC rules, the applicant must submit an environmental assessment as required by Section 1.1311.
