## Instructions for Preparation of **Report of Changes in Organizational Structure**

Reporting Form FR Y-10

Effective December 2008

## Instructions for the Report of Changes in Organizational Structure (FR Y-10)

### GENERAL INSTRUCTIONS

#### Introduction

Use the FR Y-10 to report changes to the worldwide organizational structure of bank holding companies (BHCs), member banks, Edge and agreement corporations, and to the U.S. operations of foreign banking organizations (FBOs).<sup>1</sup> Such changes include:

- information about the Reporter itself;
- acquisition of interests in BHCs, FBOs, banks organized under U.S. law;
- acquisition of interests in nonbanking companies that are owned by BHCs and non-qualifying FBOs, and nonbanking companies conducting business in the United States that are owned by qualifying FBOs;
- transfer, sale, or liquidation of such interests;
- merger of companies;
- internal reorganization;
- commencement of new activities;
- certain merchant banking or insurance company investments;
- establishment in the United States of branches, agencies, and representative offices of FBOs and activities through managed non-U.S. branches;
- opening, closing, or relocation of foreign branches of member banks, BHCs, or Edge or agreement corporations and of their foreign subsidiaries;
- opening, acquisition, sale, closing or relocation of domestic branches of U.S. subsidiary depository institutions of top-tier BHCs, of unaffiliated state member banks, and of Edge and agreement corporations; and
- changes to previously reported information.

Depending on the nature of reported changes in structure and activity information, it will not always be necessary to file all schedules. Blank schedules should be omitted.

<sup>1</sup> A FBO with U.S. operations that is not or ceases to be a “qualifying foreign banking organization” (QFBO) within the meaning of Regulation K, and is not otherwise treated as a QFBO under Regulation K, should consult with Federal Reserve staff regarding the scope of its FR Y-10 reporting obligations. In general, a FBO that is not or is not treated as a QFBO is subject to the nonbanking restrictions of the BHC Act with respect to its worldwide operations and, thus, would have to report on the FR Y-10 changes to its worldwide organizational structure.

The instructions are divided into the following sections:

- General Instructions describing overall reporting requirements
- Specific Instructions for completing the:
  - Cover Page
  - Banking Schedule
  - Nonbanking Schedule
  - Merger Schedule
  - 4(k) Schedule
  - Branch, Agency, and Representative Office of FBOs Schedule
  - Foreign Branches of U.S. Banking Organizations Schedule
  - Domestic Branch Schedule
- Glossary of terms used in these instructions
- Appendices consisting of definitions of Federal Reserve Board Legal Authority Codes and of North American Industry Classification System (NAICS) Activity Codes for Commonly Reported Activities

Reporters are required to prepare and file this report in accordance with these instructions to reflect an accurate representation of their organizational structure.

If more than one transaction is reportable for a particular submission, multiple schedules should be submitted. Several supporting schedules may be included under one Cover Page.

#### Who Must Report

The following companies (termed Reporters for purposes of the FR Y-10) are required to file this report:

- Top-tier BHCs (including Employee Stock Option Plans (ESOPs) that are BHCs) organized under U.S. or foreign law that are not FBOs, regardless of financial holding company (FHC) status.
- FBOs (both qualifying and nonqualifying) (see the Glossary), whether or not a BHC.
- State member banks (SMBs) not controlled by a BHC or a FBO.
- Edge and agreement corporations not controlled by a BHC, FBO, or member bank.
- National banks not controlled by a BHC or FBO, but only with respect to their foreign branches, their investments made under Subpart A of Regulation K, and foreign branches of their foreign subsidiaries that are investments made under Subpart A of Regulation K.

## Tiered Organizations

In the case of a tiered BHC organization where one BHC that is not a FBO controls another BHC that is not a FBO, the top-tier BHC should file reports on behalf of all lower-tier BHCs.

The same procedure should be followed by tiered organizations consisting of nonqualifying FBOs.

In the case of a tiered FBO organization, where one qualifying FBO<sup>2</sup> controls another qualifying FBO, the top-tier FBO may file on behalf of all lower-tier FBOs or the lower-tier FBOs may choose to file separately.

In the case where an FBO owns lower-tier FBOs and BHCs, the top-tier FBO may file on behalf of itself and any lower-tier FBOs. The top-tier U.S. BHC is responsible for filing for itself and all lower-tier BHCs.

## What Events Must Be Reported

The following categories of events (termed Reportable Events for purposes of the FR Y-10 and these instructions) generally trigger the requirement to file an FR Y-10. Note that a single transaction by a Reporter may involve more than one reportable event:

- *New Reporters:* Any event that causes a company to become a Reporter. See the Changes in Reporter Status part of these instructions for further explanation and reporting directions.
- *Interests in Banking Companies:* Acquisition, sale, or transfer of a controlling interest in, or more than 5 percent of a class of voting securities of, an existing or new BHC, bank organized under U.S. law, or FBO (Banking Company for purposes of the FR Y-10); changes in the level or type of ownership interest in a Banking Company; cessation of business or liquidation of a Banking Company; changes in the principal activities of a Banking Company; and changes to information previously reported on Federal Reserve structure reports<sup>3</sup> about a Banking Company. See the Banking Schedule part of these

<sup>2</sup> This reference to qualifying FBOs also pertains to FBOs that are treated as qualifying FBOs as well as FBOs that have limited exemption.

<sup>3</sup> Prior to the issuance of this report form on June 30, 2007, changes to organizational structure of banking and nonbanking companies were reported on four forms, i.e., FR Y-10, FR Y-10F, FR Y-10S, and FR 2058. The respondent panels for those forms and the information required to be reported have been incorporated into this form. References to "information previously reported on Federal Reserve structure reports" pertain to information reported on those four report forms.

instructions for further explanation and reporting directions.

- *Interests in Nonbanking Companies:* Acquisition, sale, or transfer of a controlling interest in an existing or new company other than a BHC, bank organized under U.S. law, or FBO (Nonbanking Company for purposes of the FR Y-10); changes in the level or type of ownership interest in a Nonbanking Company; cessation of business or liquidation of a Nonbanking Company; changes in the principal activities of a Nonbanking Company; and changes to information previously reported on Federal Reserve structure reports about a Nonbanking Company. See the Nonbanking Schedule part of these instructions for further explanation and reporting directions.
- *Mergers:* A merger involving a Banking or Nonbanking Company in which the Reporter previously had reported an ownership interest on Federal Reserve structure reports. See the Merger Schedule part of these instructions for further explanation and reporting directions.
- *4(k) Activities:* Commencement by a Reporter that is a FHC of an activity it has not previously conducted, whether the result of acquisition of an existing Nonbanking Company, formation of a new Nonbanking Company, or commencement of a new activity by an existing company.
- *Merchant Banking or Insurance Company Investments:* Certain large merchant banking investments or insurance company investments. See the 4(k) Schedule part of these instructions for further explanation and reporting directions.
- *Branches, Agencies, and Representative Offices:* The opening, closing (with or without license surrender), or liquidation of a branch, agency, or representative office located in the United States and the commencement or termination of the management by a U.S. branch or agency of a non-U.S. branch of a FBO; and any changes to information previously reported on Federal Reserve structure reports about such offices. See the Branch, Agency, and Representative Office of FBOs Schedule part of these instructions for further explanation and reporting directions.
- *Foreign Branches of U.S. Banking Organizations:* The opening, closing, or relocation of foreign branches of unaffiliated member banks, BHCs, or Edge or agreement corporations, or of foreign subsidiaries of such organizations; and any changes to information previously reported on Federal Reserve structure reports about such offices. See the Foreign Branches of U.S. Banking Organizations Schedule of these instructions for further explanation and reporting directions.

- *Domestic Branches:* The opening, purchase, acquisition, sale, closure, relocation, name change, change in service type, or deletion of erroneously reported information of domestic branches of domestic depository institutions (including thrifts) of top-tier BHCs, of unaffiliated state member banks and of Edge and agreement corporations; and any changes to information previously reported on Federal Reserve structure reports about such branches. See the Domestic Branch Schedule part of these instructions for further explanation and reporting directions. A top-tier BHC is responsible for filing branch information for its domestic subsidiary depository institutions' U.S. offices. Also, unaffiliated state member banks and unaffiliated Edge and agreement corporations are responsible for filing for their offices.
- *Cessation of Status as a Reporter:* Any event that terminates a company's status as a Reporter. See the Changes in Reporter Status part of these instructions for further explanation and reporting directions.

### Changes in Reporter Status

The following are Reportable Events:

- *Becoming a Reporter:* Any event that causes a company to become a Reporter. To report, a new Reporter (BHC, FBO, unaffiliated SMB or Edge or agreement corporation, or National Bank) must complete a Banking or Nonbanking Schedule for itself, and a Banking or Nonbanking Schedule for its subsidiary. If the Reporter was a going concern prior to becoming a Reporter, follow instructions for "Acquisition of a Going Concern." If the Reporter is a new company, follow instructions for "De Novo Formation."

In addition, a new Reporter must report interests in any companies that are going concerns at the time the Reporter becomes a Reporter and must report any activity engaged in by the Reporter under Section 4(k) of the BHC Act. Report an interest in a going concern as if the Reporter acquired the interest simultaneously with becoming a Reporter by completing a Banking Schedule or Nonbanking Schedule, as appropriate, following directions for "Acquisition of a Going Concern." Report activities engaged in under Section 4(k) as if commenced simultaneously with becoming a Reporter by completing a 4(k) Schedule, following directions for "Acquisition of a Going Concern Resulting in a New Activity."

A foreign bank that becomes a FBO (and thereby becomes a Reporter) due to the establishment of an initial U.S. branch or agency must also complete a Branch, Agency, and Representative Office of FBOs Schedule with respect to the branch or agency. Such a foreign bank becomes a Reporter when the initial branch or agency opens for business, not when the branch or agency is licensed.

If deemed warranted for supervisory purposes, the Federal Reserve may request an organization chart. Because FR Y-10 reporting requirements differ from the Annual Report of Bank Holding Companies - FR Y-6 and the Annual Report of Foreign Banking Organizations - FR Y-7 reporting requirements, the organization chart submitted with the FR Y-10 may be different from the organization chart submitted with the Reporter's FR Y-6 or FR Y-7 report.

*Cessation of Status as a Reporter:* Any event that terminates a company's status as a Reporter. If termination of Reporter status results from sale or liquidation of a Reporter or from the Reporter becoming inactive, complete a Banking Schedule or Nonbanking Schedule, as appropriate, with respect to the Reporter. Follow the instructions for reporting the event type "External Transfer," "Liquidation," or "Became Inactive", as appropriate, and also check the event type box next to "No Longer Reportable."

If termination of Reporter status results from sale or liquidation of a Reporter's U.S. subsidiary banks, commercial lending company, or Edge or agreement corporation, complete a Banking Schedule or Nonbanking Schedule, as appropriate, following the instructions for "External Transfer" or "Liquidation," as appropriate. In addition, submit a Banking Schedule or Nonbanking Schedule, as appropriate, with respect to the Reporter, but only check the event type box next to "No Longer Reportable," provide the date of the event, and provide the Reporter's legal name and location in items 2 and 3 of the Characteristics Section.

If termination of Reporter status results from sale or closure of a Reporter's U.S. branch(es) or agency(s), complete a Branch, Agency, and Representative Office of FBOs Schedule. In addition, submit a Banking Schedule or Nonbanking Schedule, as appropriate, with respect to the Reporter, but only check the event type box next to "No Longer Reportable", and provide the date of the event and the Reporter's legal name and location in the Characteristics Section.

## Where and When to File this Report

The appropriate Federal Reserve Bank (see the Glossary) must receive an original and one copy of this report within 30 calendar days after a reportable event. Earlier submission would aid the Federal Reserve in reviewing and processing the report.

As an alternative, the Reporter may file the FR Y-10 electronically. Respondents interested in filing electronically must contact the appropriate Federal Reserve Bank in order to obtain a User ID and password. To access the FR Y-10 Online website, use the following URL:

<https://y10online.federalreserve.gov>.

*Note: Reports that contain a request for confidential treatment should not be submitted electronically.*

Information on the CUSIP number of the Reporter (BHC or unaffiliated state member bank); a BHC's lower-tier U.S. BHCs, subsidiary U.S. banks; or a Reporter's largest subsidiary U.S. nonbanking company that has a currently active CUSIP number must be assessed only once a year as of December 31. Changes to this data must be reported on an event-generated basis within 30 calendar days of such changes.

The as-of date for the initial collection of Item 8, Tax ID Number, on both the Banking and Nonbanking Schedules, is December 31, 2008. The initial data must be received by the appropriate Federal Reserve Bank by March 31, 2009.

## Transactions Occurring Between January 1, 2009 and March 31, 2009

Changes to the Tax ID Number that occur between January 1 and March 31, 2009, should be reported by April 30, 2009. Changes to Tax ID Number that occur after March 31, 2009, should be reported within thirty days after the event. De novo institutions established between January 1, 2009, and March 31, 2009, should report all applicable Tax ID data by April 30, 2009. De novo institutions established after March 31, 2009, should report all applicable Tax ID data within days after they are established and changes going forward within thirty days after the change.

## Confidential Treatment

Once submitted, a FR Y-10 report becomes a Federal Reserve Board (Board) record and may be requested by any member of the public pursuant to the Freedom of

Information Act (FOIA), 5 U.S.C. § 552. Under the FOIA, Board records generally must be disclosed unless they are determined to fall, in whole or in part, within the scope of one or more of the FOIA exemptions from disclosure. See 5 U.S.C. § 552(b)(1)-(9).

The exempt categories include (but are not limited to) "trade secrets and commercial or financial information obtained from a person and privileged or confidential" (exemption 4), and information that, if disclosed, "would constitute a clearly unwarranted invasion of personal privacy" (exemption 6). A Reporter may request confidential treatment for any information submitted on the FR Y-10 that the Reporter believes is exempt from disclosure under FOIA. The Reporter must follow the steps outlined immediately below, and certify on the completed and signed Cover Page to the FR Y-10 that these steps have been followed.

Reporters that seek confidential treatment for specific responses to the FR Y-10 must divide their report submission into two parts, filed simultaneously. The separately bound confidential volume should be accompanied by a cover page marked "confidential" and include only those report item responses for which confidential treatment is requested. The public volume should include responses to all of the report items. The responses to those items for which confidential treatment is requested should indicate that the responsive data may be found in the confidential volume. They also should clearly describe or visually indicate the amount of information for which confidential treatment is sought.

The Reporter also must submit a letter concurrent with submission of the two-part FR Y-10, identifying the specific information for which confidential treatment is sought, providing legal justification for the request, and describing the specific harm that would result from disclosure of the information. Unsupported or conclusory statements that disclosure will cause competitive harm or result in an invasion of privacy will be considered insufficient to support the request for confidential treatment.

Reporters must submit a request for confidential treatment at the time of filing this report even if they previously requested (and were or were not accorded) confidential treatment for the same information as previously provided to the Board.

Information for which confidential treatment is requested may be released subsequently by the Federal Reserve System if the Board of Governors determines that the disclosure of such information is required by law or in the public interest. In general, Federal Reserve staff will

notify the Reporter before releasing information for which confidential treatment has been requested. For further information on the procedures for requesting confidential treatment and the Board's procedures for addressing such requests, consult the Board's Rules Regarding Availability of Information, 12 CFR part 261, including 12 CFR 261.15, which governs requests for confidential treatment.

#### **Additional Information Requests**

In some instances, the appropriate Federal Reserve Bank may request a Reporter to submit organization charts, narrative descriptions, or other information to supplement information provided on the FR Y-10. Provision of such information is not a substitute for a requirement to file a FR Y-10, but can aid in the understanding of significant acquisitions, mergers, reorganizations, or other transactions involving multiple reportable events. The Reporter must follow the steps outlined immediately above with respect to any additional information for which it seeks confidential treatment.

#### **What Is the Legal Authority for the FR Y-10?**

Submission of the FR Y-10 is required under authority of Sections 4(k) and 5(c)(1)(A) of the Bank Holding Company Act (12 U.S.C. §§ 1843(k), 1844(c)(1)(A)); Section 8(a) of the International Banking Act (12 U.S.C. § 3106(a)); Sections 9, 11(a)(1), 25(7), and 25A of the Federal Reserve Act (12 U.S.C. §§ 248(a)(1), 321, 602, 611a, and 615; Section 211.13(c) of Regulation K (12 CFR 211.13(c)); ; and Sections 225.5(b) and 225.87 of Regulation Y (12 CFR 225.5(b) and 225.87).

The Reporter also should indicate (by checking the appropriate boxes on the cover page) that a letter justifying the request is being submitted with the form; and that the information for which confidential treatment is sought is being submitted separately and labeled "confidential."

## Specific Instructions for the Banking Schedule (FR Y-10)

### What to Report

Use this schedule to report the acquisition of interests in Banking Companies, and other transactions involving interests in Banking Companies.<sup>4</sup> For purposes of the FR Y-10, a Banking Company is a Bank Holding Company (BHC), bank organized under U.S. law, or Foreign Banking Organization (FBO).<sup>5</sup> To complete the Banking Schedule, check the appropriate event type box(es), provide the date of the reportable event(s), and complete other items on the schedule as directed in the following instructions.

### Interests in Banking Companies

*Initial Acquisition / Formation:* Reporters are required to file the FR Y-10 reports for the following list of general reporting categories. A Reporter's initial acquisition of an interest in a Banking Company, including the formation of a top-tier BHC, is a reportable event if as a result of the acquisition, the Reporter directly or indirectly acquires control of the Banking Company, or directly or indirectly acquires control of more than 5 percent of a class of the Banking Company's voting shares. The acquisition of such an interest is reported either as an "Acquisition of a Going Concern" or as a "De Novo Formation." To determine whether a Reporter controls a Banking Company, apply the definition of "control" found in the Glossary.

*Subsequent Events:* Once a Reporter has acquired such an interest in a Banking Company, the following events become reportable:

- Any subsequent sale or transfer of the interest in whole or in part, and most changes to the Reporter's level of ownership in a Banking Company;
- The transfer of all or part of the interest to another subsidiary within the Reporter's organization;
- Liquidation of a Banking Company;
- Any changes rendering the Reporter's interest in a Banking Company no longer reportable; and
- Any change to information previously reported on this schedule.

<sup>4</sup> A Reporter that is a Banking Company should use the Banking Schedule to report information about itself.

<sup>5</sup> For purposes of the FR Y-10, "Banking Company" refers to BHCs and banks as those terms are defined in the Bank Holding Company Act (BHC Act), as well as to FBOs. Because savings associations, trust companies not accepting demand deposits, certain industrial loan companies, and similar institutions are not included in the BHC Act definition of a bank, acquisition of an interest in such an institution should be reported on the Nonbanking Schedule or 4(k) Schedule, as appropriate.

*Multiple Direct Holders:* In the case of a reportable event in which a Reporter acquires an interest in a Banking Company through more than one direct holder, the Reporter must file a separate Banking Schedule for each direct holder.<sup>6</sup> As long as the Reporter's interest in the Banking Company remains reportable, the Reporter must report any subsequent acquisition of any additional interest in the Banking Company by any additional direct holders.

*Reporting Mergers:* When a Banking Company is merged into a Reporter or a Reporter's subsidiary as part of the same transaction in which the Reporter acquires the Banking Company (i.e., the Banking Company no longer exists as a legal entity), the acquisition of that Banking Company should be reported on the Merger Schedule instead of the Banking Schedule.

**Check box if correction:** Check this box to indicate that previously reported information was filed incorrectly and has been corrected with the information provided.

### Item 1.a. – Event Type

Check the event type box(es) that best describes the event type being reported. Do not report events that occur on separate dates on the same schedule.

*Acquisition of a Going Concern:* Initial acquisition by a direct holder of an interest in a Banking Company that is a going concern. To report, check the event type box next to "Acquisition of a Going Concern," report the date of the event in Item 1.b, and complete all sections of the schedule. Subsequent acquisition by the same direct holder of additional shares or other additional interest in the Banking Company should be reported as a "Change in Ownership."

*Note: If the acquired going concern has one or more subsidiaries, the Reporter must file a separate Banking or Nonbanking Schedule (as appropriate) for each subsidiary.*

*De Novo Formation:* Opening for business of a new Banking Company in which a direct holder has an interest. To report, check the event type box next to

<sup>6</sup> As noted in the instructions for Item 13.a of this schedule, a Reporter that in the aggregate controls 5 percent or more of more than one class of the Banking Company's voting shares need only report the class of which the Reporter controls the highest percentage (the "highest class"). If two or more classes could each be considered the highest class, a Reporter must report each such class, if held by different direct holders. A Reporter must file a separate Banking Schedule for each direct holder through which the Reporter controls shares of the highest class, but need not file any schedule for a direct holder through which the Reporter controls only shares of classes other than the highest class.

"De Novo Formation," report the date of the event in Item 1.b, and complete all sections of the schedule. An interest in a Banking Company is not reportable until the Banking Company opens for business.

*External Transfer:* Sale, divestiture, or other transfer of a direct holder's entire previously reported interest in a Banking Company to a company other than the Reporter or its subsidiaries. To report, check the event type box next to "External Transfer," report the date of the event in Item 1.b, the Banking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section. In addition, in the Ownership Section, the Reporter should list the name and location of the former direct holder of the divested company in Item 16. Item 12 should be left blank.

*Note: Report any partial external transfer of a previously reported interest in a Banking Company as a "Change in Ownership."*

*Internal Transfer:* Sale or other transfer of a direct holder's entire previously reported interest in a Banking Company to the Reporter or to a different subsidiary of the Reporter. To report, check the event type box next to "Internal Transfer," report the date of the event in Item 1.b, the Banking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section. In addition, in the Ownership Section, report the new direct holder's (the acquirer's) name and location in Item 12, and report the former direct holder's (the seller's) name and location in Item 16. If the event results in any change in legal authority, also report the new legal authority code in the Activity and Legal Authority Section.

*Note: Report any partial internal transfer of a previously reported interest in a Banking Company by filing two Banking Schedules: one as a "Change in Ownership" by the transferring direct holder and one as an "Acquisition of a Going Concern" by the acquiring direct holder.*

The transferring direct holder should report by following the directions for reporting a "Change in Ownership." The acquiring direct holder need only report the date of the event in Item 1.b and the Banking Company's legal name in Item 2.a, and complete the Ownership Section as appropriate, excluding Item 16. If the event results in any change in legal authority, also report the new legal authority code in the Activity and Legal Authority Section.

*Change in Ownership:* Report any of the following: an increase or decrease in a direct holder's ownership percentage of a class of voting shares of a Banking Company if the percentage changes by one point or more, after rounding; a change in the direct holder's status with

respect to control of nonvoting shares of the Banking Company, control of any other ownership interest in the Banking Company, or control of the Banking Company; or a change in the Reporter's status with respect to control of the Banking Company. A direct holder's ownership percentage of a class of voting securities may change due to acquisition of additional shares, sale or transfer of some of the direct holder's shares, stock redemption, nonparticipation in a share issuance by the reportable bank, or other causes. To report, check the event type box next to "Change in Ownership," report the date of the event in Item 1.b, the Banking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section. In addition, in the Ownership Section, complete Items 12, 13, 14, 15, and 16 as appropriate, to reflect the Change in Ownership.

*Liquidation:* Liquidation of a Banking Company in which a direct holder previously had reported an interest. For purposes of the FR Y-10, liquidation refers to final distribution of assets, satisfaction of liabilities, and closing of capital accounts of a company, as opposed to sale or transfer of the company. Liquidation may result from voluntary dissolution or bankruptcy, and the liquidation process typically ends with termination of the company's legal existence. To report, check the event type boxes next to "No Longer Reportable" and "Liquidation," report the date of the event in Item 1.b, the Banking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section.

*Note: A Reporter need not file a FR Y-10 if liquidating a company previously reported as "Became Inactive."*

*Change in Characteristics:* Change of a Banking Company's legal name or address, or any other change to information previously reported. To report, check the event type box next to "Change in Characteristics" and report the date of the event in Item 1.b. In addition, to report a name change, complete Items 2.a and 2.b, and for relocation, complete Items 3.a and 3.b. For any other change to this section, report the Banking Company's legal name in Item 2.a and location in Item 3.a of the Characteristics Section, and report updated information for the appropriate items in the section.

*Change in Activity or Legal Authority:* Change in a Banking Company's previously reported primary or secondary activity, commencement of a secondary activity, termination of a previously reported activity, or change in the legal authority under which a previously reported activity is conducted. To report, check the event type box next to "Change in Activity or Legal Authority," report the date of the event in Item 1.b, the Banking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section. In addition, in the Activity and Legal Authority Section, report only the updated information.

*No Longer Reportable:* Any transaction that renders a Reporter's interest in a Banking Company no longer reportable. In general, once a Reporter acquires an interest in a Banking Company, the interest remains reportable so long as the Banking Company is actively engaged in business and: (1) the Reporter in the aggregate directly or indirectly controls more than 5 percent of any class of voting shares of the Banking Company or (2) the Reporter controls the Banking Company. To determine if the Reporter controls the Banking Company, apply definition of "control" found in the Glossary. To report, check the event type box next to "No Longer Reportable." In addition, check the event type box corresponding to the event type that rendered the interest no longer reportable and follow the instructions for reporting that event type. Event types that render an interest no longer reportable include "External Transfer," "Liquidation," and "Became Inactive." Event types that may render an interest no longer reportable include "Change in Ownership" and "Change in Activity or Legal Authority."

*Note:* If reporting a company, which has subsidiaries, as "No Longer Reportable", please report the disposition of each subsidiary. Typically the disposition of a company's interest in a subsidiary may be reported as an "External Transfer," "Internal Transfer," "Liquidation," or "Became Inactive," as appropriate.

*Became Inactive:* Cessation of business by a company in which a direct holder previously had reported an interest. To report, check the event type boxes next to "No Longer Reportable" and "Became Inactive," report the date of the event in Item 1.b, the Banking Company's legal name in Item 2.a, and the location in Item 3.a of the Characteristics Section. If a Banking Company that is inactive subsequently becomes active and was not previously reported by the Reporter, report as a "De Novo Formation." However, if the Reporter had previously reported an interest in the Banking Company and it subsequently became inactive and then it was re-activated, report as a "Change in Activity or Legal Authority."

*Debts Previously Contracted:* For purposes of the FR Y-10, acquisition of shares in a BHC or U.S. bank to secure or collect a debt previously contracted is a reportable

event, even if the Federal Reserve System's prior approval is not required. To report such an acquisition, check the event type box next to "Debts Previously Contracted" and also report as "Acquisition of a Going Concern" or "Change in Ownership," as appropriate.

*Became Reportable:* Any transaction that renders reportable a Reporter's interest in a Banking Company that is already a going concern, but does not involve the Reporter's initial acquisition of an interest in, or formation of, that Banking Company. To report, check the event type box next to "Became Reportable," report the date of the event in Item 1.b, and complete all sections of the schedule.

*Other:* If none of the listed event types adequately describes the reportable event, check the box next to "If other, please describe," and provide a text description in the space provided.

##### **Item 5 – Fiscal Year End (FBOs and BHCs Only)**

Provide the month and day of the FBO's or BHC's fiscal year end. Leave blank if the Banking Company is neither a BHC nor a FBO.

##### **Item 6 – SEC Reporting Status**

**Check the box corresponding to the Banking Company's current SEC reporting status:**

- **Not Applicable-**  
This box should be checked if the Banking Company is not subject to any of the other check box selections described for this item. For example: A De Novo bank that is not subject to sections 13(a) or 15(d) of the Securities Exchange Act of 1934.
- **Subject to 13(a) or 15(d) of Securities Exchange Act of 1934 and Section 404 of SOX Act-**  
This box should be checked if the Banking Company meets the requirements to file annual and other periodic reports pursuant to section 13(a) or 15(d) of the Securities Exchange Act of 1934 and is also subject to Section 404 of the Sarbanes-Oxley Act of 2002, regardless if the banking company has a delay in reporting under Section 404 of the Sarbanes-Oxley Act of 2002.  
*Note: Pursuant to section 12(i) of the Securities Exchange Act of 1934, the Federal Reserve has delegated authority to act on behalf of the Securities and Exchange Commission to collect reports from unaffiliated state member banks. Therefore, unaffiliated state member banks should apply the same SEC reporting requirements pursuant to section 13(a) and 15(d) of the Securities Exchange Act of 1934 and should check this box if such periodic SEC reports*

are filed to the Board of Governors instead of the Securities and Exchange Commission.

- **Subject to 13(a) or 15(d) of Securities Exchange Act of 1934, but not Section 404 of SOX Act-**

This box should be checked if the Banking Company is required to file annual and other periodic reports pursuant to section 13(a) or 15(d) of the Securities Exchange Act of 1934 and not subject to the Sarbanes-Oxley Act of 2002. Do not check this box if the Banking Company has a delay in reporting under Section 404 of the Sarbanes-Oxley Act of 2002.

- **Terminated or Suspended reporting requirements under 13(a) or 15(d) of the Securities Exchange Act of 1934 -**

This box should be checked if the Banking Company has terminated or suspended duties to file periodic reports under section 13(a) or 15(d) of the Securities Exchange Act of 1934 for reasons specified by the SEC regulations.

#### **Item 7 – CUSIP Number**

The Reporter must report the most recently assigned and currently active six-digit CUSIP number for itself, its lower-tier U.S. BHCs and its subsidiary U.S. banks. State member banks not controlled by a BHC should report the CUSIP number for themselves.

A CUSIP number identifies most securities, including (1) stocks and debt (including subordinated issues) of all SEC-registered U.S. companies and (2) U.S. government and municipal bonds. The number consists of nine characters (a combination of letters and numbers) in which the first six digits uniquely identify an issuer. The first six digits (leading six digits) should be reported in the boxes on item 7.

The six-digit CUSIP number may change, for example when:

- The last three digits of the nine-digit CUSIP number are not sufficient to accommodate all outstanding issues (greater than 999) and an additional issuer (six-digit) CUSIP number is assigned; or
- Changes occur to the corporate name, whether or not associated with a merger or reorganization; or
- Reverse stock splits of corporate shares occur.

*Note: A change in a CUSIP number is a reportable event on the FR Y-10 as a “Change in Characteristics.” Exclusions:*

- Do not report any CUSIP numbers associated with entities that are nonsurvivors of mergers. In the event of a merger, the nonsurvivor’s debt-related CUSIP numbers will remain in use until outstanding debt is paid off since the entity will still service the debt. However, no new issues will be made under the nonsurvivor’s CUSIP number. New debt instruments will be issued under the survivor’s CUSIP number. The nonsurvivor’s equity-related CUSIP numbers will be retired.
- Do not report CUSIP numbers associated with securitization vehicles and issuers of trust preferred securities.
- Do not report any CUSIP numbers associated with money market instruments<sup>7</sup> such as certificates of deposit, medium-term notes,<sup>8</sup> and commercial paper.
- Do not report historical information on CUSIP numbers that existed prior to December 31, 2005.

#### **Item 8 – Tax ID Number**

Enter a 9-digit number for the reporter and its reportable Banking entities. A federal tax identification number (also known as an employer identification number or EIN) is a nine-digit number assigned solely to a business by the Internal Revenue Service. The Tax ID Number is required only for entities located in the United States.

#### **Item 9 – Banking Company Type**

Check the box corresponding to the type that most accurately describes the Banking Company:

- U.S. Bank Holding Company (BHC),
- Foreign Banking Organization (FBO),
- U.S. Commercial Bank,
- U.S. State Chartered Savings Bank, or

If none of the listed types adequately describes the Banking Company, check the box next to "If other, please describe," and provide a text description.

#### **Item 10 – Business Organization Type**

Check the appropriate box to indicate the legal organization type of the Banking Company. If none of the listed descriptions adequately describes the organization type, check the box next to "If other, please describe," and provide a text description.

<sup>7</sup> However, subordinated issues should be included.

<sup>8</sup> Medium term notes are a type of money market instrument with an average maturity of 4 to 6 years.

**Item 11 – Is the Banking Company Consolidated in the reporter’s Financial Statements? (only reportable for foreign investments)**

Check “Yes” if the Banking Company is consolidated in any subsidiary domestic commercial bank’s Consolidated Reports of Condition and Income (FFIEC 031) within the reporter’s organization. Otherwise, check “No.”

**Ownership Section**

**Item 12 – Direct Holder's Name and Location** Provide the legal name, city, state/province, and country of the direct holder. If the Reporter holds the interest through more than one direct holder, complete a separate Banking Schedule for each direct holder. Leave this item blank if filed by a Reporter about itself or for event type "External Transfer."

**Item 13.a – Percentage of a Class of Voting Shares**

If the Reporter in the aggregate controls more than 5 percent of a class of the Banking Company's voting shares, report the percentage of such class controlled by the direct holder. If the Reporter in the aggregate controls more than 5 percent of more than one class of the Banking Company's voting shares, report the direct holder's percentage for the class in which the Reporter controls the highest percentage. If needed, see the instructions on page Banking – 1 (and accompanying footnote) of these instructions for further information on multiple classes of voting shares and multiple direct holders.

Determine the appropriate percentage by rounding the actual number down to the nearest whole percentage. For example, a percentage of 79.85 should be rounded down to 79.

*Note: There are two exceptions to this rounding rule: when the percentage is greater than 50 but less than 51, report the percentage as 51, or if the percentage is greater than 0 but less than 1, report the percentage as 1.*

In general, a direct holder is considered to control all shares that it has the power to vote, but not shares held in a fiduciary capacity. However, shares held by the direct holder as fiduciary are deemed controlled by the direct holder if the shares are held for the benefit of employees, shareholders, members, or affiliates of the Reporter or any subsidiary of the Reporter, or if the shares are of a BHC or bank organized under U.S. law and the Reporter has directly or indirectly had the sole power to vote the shares for more than 2 years. In addition, a security that is convertible into a voting security at a holder's option is deemed to be a share of the class into which it is convertible.

*Interests in Partnerships or Limited Liability Companies:* Report general partner interests in limited partnerships, managing member interests in limited liability companies, and partner interests in general partnerships and limited liability partnerships, by reporting the percentage as 0 in item 13.a, and completing Item 13.c Report limited partner interests in limited partnerships, as well as nonmanaging member interests in limited liability companies, by completing Item 13.c but not Item 13.a.

**Item 13.b – Percentage of Nonvoting Equity:** Only if the Reporter has left Item 13.a blank because it does not control more than 5 percent of any class of the Banking Company's voting shares, report the percentage that, of the total nonvoting equity of the Banking Company, is controlled by the direct holder. Report the percentage rounded down to the nearest whole percentage. For example, a percentage of 61.75 should be reported as 61.

*Note: There are two exceptions to this rounding rule: when the percentage is greater than 50 but less than 51, report the percentage as 51, or if the percentage is greater than 0 but less than 1, report the percentage as 1. Leave blank if the direct holder does not control any nonvoting shares.*

**Item 13.c – Other Interest**

Only if the Reporter has left Items 13.a and 13.b blank (except as described above for certain interests in partnerships and limited liability companies), check the “Yes” box to indicate whether the direct holder has an ownership interest, other than voting or nonvoting shares, in the Banking Company. Such an interest may include exercise of control over the management of the Banking Company through a management agreement, or the direct holder's election of one or more directors of the Banking Company. Otherwise, check the “No” box.

**Item 14 – Control by Direct Holder**

Check the appropriate box to indicate whether the direct holder controls the Banking Company. To determine if the direct holder controls the Banking Company, apply the definition of “control” found in the Glossary.

**Item 15 – Control by Reporter**

Check the appropriate box to indicate whether the Reporter controls the Banking Company. To determine if the Reporter controls the Banking Company, apply the definition of “control” in the Glossary.

**Item 16 – Former Direct Holder's Name and Location**

Provide the name and location of the former direct holder, if the Event Type reported in Item 1.a is an External or Internal Transfer.

## **Activity and Legal Authority Section**

### **Item 17.a – Primary Activity**

Report the activity that generated the largest percentage of the Banking Company's gross revenue during the Banking Company's most recently completed fiscal year. For a Banking Company that has been in operation for less than one year, report the activity that the Reporter expects will generate the largest percentage of the Banking Company's gross revenue during the Company's first fiscal year.

### **Item 17.b – Secondary Activity**

For Banking Companies other than a bank, report the activity that generated the second largest percentage of the company's gross revenue as of the company's most recent fiscal year. For a Banking Company that has been in operation for less than one year, report the activity that the Reporter expects will generate the second largest percentage of the Banking Company's gross revenue during the Company's first fiscal year. Do not report more than one secondary activity. If the Banking Company does not engage in any activity other than its primary activity or is a bank, leave this item blank.

### **Item 17.c – Termination of Activity**

Report the termination of any previously reported primary or secondary activity.

### **FRS Legal Authority Code**

Consult Appendix A of these instructions and choose the appropriate FRS legal authority code under which this activity is being conducted.

### **NAICS Activity Code**

Consult Appendix B (*North American Industry Classification System (NAICS) Activity Codes*) for commonly reported activities and select the code that best describes the activity being reported. If an appropriate code is not listed in Appendix B, select a five or six-digit NAICS code from the U.S. Census Bureau's website: <http://www.census.gov/epcd/www/naics.html>.

### **Description of Activity**

Provide a text description of an activity only if unable to identify a five or six-digit NAICS code corresponding to the activity.

## Specific Instructions for the Nonbanking Schedule (FR Y-10)

### What to Report

Use this schedule to report the acquisition of interests in Nonbanking Companies, and other transactions involving interests in Nonbanking Companies, with certain exclusions.<sup>9</sup> For purposes of the FR Y-10, a Nonbanking Company is any company that is not a BHC, bank organized under U.S. law, or Foreign Banking Organization (FBO); Nonbanking Companies include Edge and agreement corporations and foreign banks that are not FBOs.<sup>10</sup> In addition to completing a Nonbanking Schedule, a FHC must complete a 4(k) Schedule with respect to the acquisition of an interest in a nonbanking company that results in the FHC engaging in a nonbanking activity it has not previously conducted. To complete the Nonbanking Schedule, check the appropriate event type box(es), provide the date of the reportable event(s), and complete other items on the schedule as directed in the following instructions.

### Interests in Nonbanking Companies

In general, a Reporter's acquisition of an interest in a Nonbanking Company is a reportable event if, as a result of the acquisition, the Reporter directly or indirectly acquires control of the Nonbanking Company. The acquisition of such an interest is reported either as an "Acquisition of a Going Concern" or as a "De Novo Formation." In all cases, a Reporter that is required to file a regulatory financial report with the Federal Reserve System about a Nonbanking Company is also required to file FR Y-10 report(s) regarding the subject Nonbanking Company. In addition, a Reporter is required to file FR Y-10 reports for any company (even if it does not otherwise meet the reporting criteria) that is both a subsidiary of the Reporter and a parent of the subject Nonbanking Company.<sup>11</sup>

**Control:** To determine whether a Reporter controls a Nonbanking Company for purposes of the FR Y-10, apply the definition of "control" in the Glossary. In addition, with respect to control of interests held under authority of

<sup>9</sup> For purposes of the FR Y-10, "Banking Company" refers to BHCs and banks as those terms are defined in the Bank Holding Company Act (BHC Act), as well as to FBOs. Because savings associations, trust companies not accepting demand deposits, certain industrial loan companies, and similar institutions are not included in the BHC Act definition of bank, acquisition of an interest in such an institution should be reported on the Nonbanking Schedule or 4(k) Schedule, as appropriate.

<sup>10</sup> A Reporter that is a Nonbanking Company should use the Nonbanking Schedule to report information about itself.

<sup>11</sup> However, a Reporter need only report information in response to Items 2.a, 3.a, 11, 12, and 13 with respect to a company that does not otherwise meet the reporting criteria but is both a subsidiary of the Reporter and a parent of a Nonbanking Company.

Subpart A of Regulation K, please see the instructions for reporting such interests under Item 15.

**Note:** In general, an interest in a Nonbanking Company is not reportable unless the Reporter directly or indirectly controls the Nonbanking Company<sup>12</sup>. Accordingly, note the following:

- Variable Interest Entities (as defined in Financial Accounting Standards Board Interpretation No. 46R) generally are not reportable on the FR Y-10.
- Advising and administering a mutual fund by itself does not constitute a reportable interest of a Reporter in that fund.

**Exclusions:** The following interests are not reportable on the FR Y-10 even if they meet the definition of control found in the Glossary:

- **Inactive Companies:** An interest in a company that exists as a matter of law, but does not engage in any business activity. The interest becomes reportable once the company begins to engage in business, as follows: report as either a "De Novo Formation" if the Reporter has not previously reported an interest in the Nonbanking Company or report as a "Change in Activity or Legal Authority" if the Reporter has previously reported an interest in the Nonbanking Company. Note that the term "inactive companies" includes companies that have been setup as name-saving organizations or have been formed or incorporated but do not yet conduct any business activity. These types of companies become reportable only when they commence an activity;
- **U.S. Investments of Unaffiliated National Banks:** Any interest held under any authority other than Subpart A of Regulation K, by a national bank not controlled by a BHC or FBO;
- **Companies Held by a Small Business Investment Company:** Companies held directly or indirectly by Small Business Investment Companies (SBICs) are not required to be reported on the FR Y-10. However, if a BHC or a FBO that is a FHC engaged in merchant banking activities holds shares in the same merchant banking investment through a merchant banking subsidiary as well as through a SBIC, the entire investment is treated as the merchant banking investment, subject to the reporting criteria;

<sup>12</sup> Some merchant banking or insurance company investments made under authority of section 4(k) of the Bank Holding Company Act may be reportable on the FR Y-10 even if the Reporter making the investment does not control the company in which the investment is made. See the 4(k) Schedule for further information on the reportability of merchant banking and insurance company investments.

- *Debts Previously Contracted* An interest in a Nonbanking Company acquired to secure or collect a debt previously contracted or in a Nonbanking Company that solely holds assets acquired in satisfaction of a debt previously contracted;
- *Interests Held as Collateral:* An interest held solely as collateral securing an extension of credit;
- *Companies Controlled Through an Insurance Underwriter:* An interest in a Nonbanking Company organized under U.S. federal or state law, if controlled directly or indirectly by an insurance underwriter. This exception does not apply to either of the following: an interest in a Nonbanking Company that is the underwriter's highest-tier provider in the United States of any primary line of insurance, or any interest that is a reportable merchant banking or insurance company investment as described in the 4(k) Schedule instructions;
- *Special Purpose Vehicles (SPV):* An interest in a special purpose vehicle formed for specific leasing transactions, such as a special purpose vehicle engaged in a single leasing transaction;
- *Companies Required to be Conformed or Divested:* An interest in any company which must be divested, or the activities of which must be conformed, pursuant to Sections 4(a) (2) or 4(n)(7) of the BHC Act or pursuant to a commitment made to the Board or the Federal Reserve Bank. (See also 12 C.F.R. 225.85.)
- *Certain Interests Held Under Regulation K:* With respect to any company that is held under authority of Subpart A of Regulation K, but is not a subsidiary of the Reporter as defined in Section 211.2(w) of Regulation K,<sup>13</sup> do not report any interest held directly or indirectly by such company under authority of Subpart A of Regulation K.
- *Investments Held by FBOs Under Section 211.23(f)(5) of Regulation K:* A FBO that is, or is treated as, a QFBO, need not report an interest in any Nonbanking Company (1) that does not engage in any activities in the U.S.; or (2) the U.S. activities of which, pursuant to Section 211.23(f)(5) of Regulation K, are to the same kind of activities or related to the activities the company primarily conducts outside the

U.S. This exception does not apply, however, to interests held by a FBO through a BHC or bank organized under U.S. law, or through an Edge or agreement corporation.

- *Public Welfare Investments:* Public welfare investments subject to prior-notice or post-notice filing requirements with federal banking agencies (such as CD-1 or H-6), if held through a company that has been reported on the FR Y-10 and that is principally engaged in community development or public welfare investment activities.

*Subsequent Events:* Once a Reporter has reported the acquisition of a reportable interest in a Nonbanking Company, the following events become reportable:

- Any subsequent sale, transfer or change in ownership affecting the voting interest in whole or in part which causes a direct holder's interest to fall within a different range than that previously reported;
- The transfer of all or part of a reportable company to another subsidiary within the Reporter's organization;
- A Reporter's liquidation of a Nonbanking Company;
- Any changes rendering the Reporter's interest in the Nonbanking Company no longer reportable; or
- Any change to information previously reported on this schedule.

*Multiple Direct Holders:* In the case of a reportable event in which a Reporter acquires an interest in a Nonbanking Company through more than one direct holder, the Reporter must file a separate Nonbanking Schedule for each direct holder.<sup>14</sup> As long as the Reporter's interest in the Nonbanking Company remains reportable, the Reporter must report any subsequent acquisition of any additional interest in the Nonbanking Company by any additional direct holders.

*Reporting Mergers:* When a Nonbanking Company is merged into a Reporter or a Reporter's subsidiary as part of the same transaction in which the Reporter acquires the Nonbanking Company (i.e., the Nonbanking Company no longer exists as a legal entity), the acquisition of that Nonbanking Company should be reported on the Merger Schedule instead of the Nonbanking Schedule.

<sup>13</sup> Note that the definition of "Subsidiary" in Section 211.2(w) of Regulation K differs from the definition of subsidiary found in the Glossary appended to these instructions. For example, in general under Section 211.2(w) of Regulation K, Company B is a subsidiary of Company A if: Company A directly or indirectly controls more than 50 percent of Company B's voting securities; Company A is a general partner of Company B; Company A directly or indirectly controls more than 50 percent of the equity of Company B; or Company A otherwise controls Company B.

<sup>14</sup>

<sup>2</sup> As noted in the instructions for Item 13.a of this schedule, a Reporter that in the aggregate controls 25 percent or more of more than one class of the Nonbanking Company's voting shares need only report the class of which the Reporter controls the highest percentage (the "highest class"). If two or more classes could each be considered the highest class, a Reporter must report each such class, if held by different direct holders. A Reporter must file a separate Nonbanking Schedule for each direct holder through which the Reporter controls shares of the highest class, but need not file any schedule for a direct holder through which the Reporter controls only shares of classes other than the highest class.

**Check box if correction:** Check this box to indicate that previously reported information was filed incorrectly and has been corrected with the information provided.

#### **Item 1.a – Event Type**

Check the event type box(es) that best describes the event type being reported. Do not report events that occur on separate dates on the same schedule.

*Acquisition of a Going Concern:* Initial acquisition by a direct holder of an interest in a Nonbanking Company that is a going concern. To report, check the event type box next to "Acquisition of a Going Concern," report the date of the event in Item 1.b, and complete all sections of the schedule. Subsequent acquisition by the same direct holder of additional shares or other additional interests in the Nonbanking Company or disposition of such shares or interests should be reported as a "Change in Ownership."

*Note: If the acquired going concern has one or more subsidiaries, the Reporter must file a separate Banking or Nonbanking Schedule (as appropriate) for each subsidiary.*

*De Novo Formation:* Opening for business of a new Nonbanking Company in which a direct holder has an interest. To report, check the event type box next to "De Novo Formation," report the date of the event in Item 1.b, and complete all sections of the schedule. An interest in a Nonbanking Company is not reportable until the Nonbanking Company opens for business.

*External Transfer:* Sale, divestiture, or other transfer of a direct holder's entire previously reported interest in a Nonbanking Company, to a company other than the Reporter or its subsidiaries. To report, check the event type box next to "External Transfer," report the date of the event in Item 1.b, the Nonbanking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section. In addition, in the Ownership Section, the Reporter should list the name and location of the former direct holder of the divested company in Item 16. Item 12 should be left blank.

*Note: Report any partial external transfer of a previously reported interest in a Nonbanking Company as a "Change in Ownership."*

*Internal Transfer:* Sale or other transfer of a direct holder's entire previously reported interest in a

Nonbanking Company to the Reporter or to a different subsidiary of the Reporter, as part of an internal reorganization. To report, check the event type box next to "Internal Transfer," report the date of the event in Item 1.b, the Nonbanking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section. In addition, in the Ownership Section, report the new direct holder's (the acquirer's) name and location in Item 12, and report the former direct holder's (the seller's) name and location in Item 16. If the event results in any change in legal authority, also report the new legal authority code in the Activity and Legal Authority Section.

*Note: Report any partial internal transfer of a previously reported interest in a Nonbanking Company by filing two Nonbanking Schedules: one as a "Change in Ownership" by the transferring direct holder and one as an "Acquisition of a Going Concern" by the acquiring direct holder. The transferring direct holder should report by following the directions for reporting a "Change in Ownership". The acquiring direct holder need only report the date of the event in Item 1.b, the Nonbanking Company's legal name in Item 2.a, and complete the Ownership Section, as appropriate, excluding Item 16. If the event results in any change in legal authority, also report the new legal authority code in the Activity and Legal Authority Section.*

*Change in Ownership:* Denote any of the following: an increase or decrease in a direct holder's ownership percentage of a class of voting shares of a Nonbanking Company if the resulting percentage would fall within a range different from the range previously reported in Item 13.a of the Ownership Section; a change in the direct holder's status with respect to control of any other ownership interest in the Nonbanking Company or control of the Nonbanking Company; or a change in the Reporter's status with respect to control of the Nonbanking Company. A direct holder's ownership percentage of a class of voting securities may change due to acquisition of additional shares, sale or transfer of some of the direct holder's shares, stock redemption, nonparticipation in a share issuance by the reportable Nonbanking Company, or other causes. To report, check the event type box next to "Change in Ownership," report the date of the event in Item 1.b, the Nonbanking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section.

In addition, in the Ownership Section complete Items 12, 13, 14, 15, and, 16 as appropriate, to reflect the

## Change in Ownership.

*Liquidation:* Liquidation of a Nonbanking Company in which a direct holder previously had reported an interest. For purposes of the FR Y-10, liquidation refers to final distribution of assets, satisfaction of liabilities, and closing of capital accounts of a company, as opposed to sale or transfer of the company. Liquidation may result from voluntary dissolution or bankruptcy, and the liquidation process typically ends with termination of the company's legal existence. To report, check the event type boxes next to "No Longer Reportable" and "Liquidation," report the date of the event in Item 1.b, the Nonbanking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section.

*Note:* A Reporter need not file a FR Y-10 if liquidating a company previously reported as "Became Inactive."

*Change in Characteristics:* Change of a Nonbanking Company's legal name or address or any other change to information previously reported on the Characteristics Section of this schedule. To report, check the event type box next to "Change in Characteristics" and report the date of the event in Item 1.b. In addition, to report a name change, complete Items 2.a and 2.b and for relocation, complete Items 3.a and 3.b. For any other change to this section, report the Nonbanking Company's legal name in Item 2.a and location in Item 3.a of the Characteristics Section, and report updated information for the appropriate items in the section.

*Change in Activity or Legal Authority:* Change in a Nonbanking Company's previously reported primary or secondary activity, commencement of a secondary activity, termination of a previously reported activity, or change in the legal authority under which a previously reported activity is conducted. To report, check the event type box next to "Change in Activity or Legal Authority," report the date of the event in Item 1.b, the Nonbanking Company's legal name in Item 2.a, and location in Item 3.a of the Characteristics Section. In addition, in the Activity and Legal Authority Section, report only the updated information.

*No Longer Reportable:* Any transaction that renders a Reporter's interest in a Nonbanking Company no longer reportable. In general, once a Reporter acquires control of a Nonbanking Company, the Reporter's interests in the Nonbanking Company remain reportable so long as

the Nonbanking Company is actively engaged in business and the Reporter controls the Nonbanking Company (apply the definition of control in the Glossary). To report, check the event type box next to "No Longer Reportable." In addition, check the event type box corresponding to the event type that rendered the interest no longer reportable and follow the instructions for reporting that event type. Event types that will render an interest no longer reportable include "External Transfer," "Liquidation," and "Became Inactive." Event types that may render an interest no longer reportable include "Change in Ownership," and "Change in Activity or Legal Authority."

*Note:* If reporting a company, which has subsidiaries, as "No Longer Reportable," please report the disposition of each subsidiary. Typically the disposition of a company's interest in a subsidiary may be reported as an "External Transfer," "Internal Transfer," "Liquidation," or "Became Inactive," as appropriate.

*Became Inactive:* Cessation of business activity by a company in which a direct holder previously had reported an interest. To report, check the event type boxes next to "No Longer Reportable" and "Became Inactive," report the date of the event in Item 1.b, the Nonbanking Company's legal name in Item 2.a, and the location in Item 3.a of the Characteristics Section. If a Nonbanking Company that is inactive subsequently becomes active and was not previously reported by the Reporter, report as a "De Novo Formation." However, if the Reporter had previously reported an interest in the Nonbanking Company and it subsequently became inactive and then it was re-activated, report the event as a "Change in Activity or Legal Authority."

*Became Reportable:* Any transaction that renders reportable a Reporter's interest in a Nonbanking Company that is already a going concern, but does not involve the Reporter's initial acquisition of an interest in, or formation of, that Nonbanking Company. To report, check the event type box next to "Became Reportable," report the date of the event in Item 1.b, and complete all sections of the schedule.

*Other:* If none of the listed event types adequately describes the reportable event, check the box next to "If other, please describe," and provide a text description in the space provided.

## **Item 1.b – Date of Event**

Provide the date on which the reportable event took legal effect as follows:

##### **Item 4 – If the Nonbanking Company is a Functionally Regulated Subsidiary, indicate its functional regulator**

Check the box to indicate the regulator(s) of the Nonbanking Company, if the Nonbanking Company is not an insured depository institution but is regulated by one of the functional regulators listed below. If the Nonbanking Company is not regulated by one of the functional regulators listed below, check the box next to "Not Applicable."

- Not applicable;
- The Securities and Exchange Commission (SEC) and the Commodities Futures Trading Commission (CFTC); or
- The Securities and Exchange Commission (SEC) only; or
- The Commodities Futures Trading Commission (CFTC) only; or
- A state securities department; or
- A state insurance regulator.

##### **Item 5 – Is the Nonbanking Company a Financial Subsidiary of an Insured Depository Institution?**

Check the applicable box to indicate whether or not the Nonbanking Company is a financial subsidiary. A financial subsidiary is a subsidiary of an insured depository institution that, as authorized under 12 U.S.C. §§ 24a, 335, or 1831w, engages in activities not permissible for the insured depository institution itself.

##### **Item 6 – SEC Reporting Status**

**Check the box corresponding to the Nonbanking Company's current SEC reporting status:**

- **Not Applicable-**  
This box should be checked if the Nonbanking Company is not subject to any of the other check box selections described for this item. For example: A De Novo bank that is not subject to sections 13(a) or 15(d) of the Securities Exchange Act of 1934.
- **Subject to 13(a) or 15(d) of Securities Exchange Act of 1934 and Section 404 of SOX Act-**  
This box should be checked if the Nonbanking Company meets the requirements to file annual and other

periodic reports pursuant to section 13(a) or 15(d) of the Securities Exchange Act of 1934 and is also subject to Section 404 of the Sarbanes-Oxley Act of 2002, regardless if the Nonbanking Company has a delay in reporting under Section 404 of the Sarbanes-Oxley Act of 2002.

*Note: Pursuant to section 12(i) of the Securities Exchange Act of 1934, the Federal Reserve has delegated authority to act on behalf of the Securities and Exchange Commission to collect reports from nonbank subsidiaries of state member banks. Therefore, nonbank subsidiaries of state member banks should apply the same SEC reporting requirements pursuant to section 13(a) and 15(d) of the Securities Exchange Act of 1934 and should check this box if such periodic SEC reports are filed to the Board of Governors instead of the Securities and Exchange Commission.*

- **Subject to 13(a) or 15(d) of Securities Exchange Act of 1934, but not Section 404 of SOX Act-**

This box should be checked if the Nonbanking Company is required to file annual and other periodic reports pursuant to section 13(a) or 15(d) of the Securities Exchange Act of 1934 and not subject to the Sarbanes-Oxley Act of 2002. Do not check this box if the Nonbanking Company has a delay in reporting under Section 404 of the Sarbanes-Oxley Act of 2002.

- **Terminated or Suspended reporting requirements under 13(a) or 15(d) of the Securities Exchange Act of 1934 -**

This box should be checked if the Nonbanking Company has terminated or suspended duties to file periodic reports under section 13(a) or 15(d) of the Securities Exchange Act of 1934 for reasons specified by the SEC regulations.

#### **Item 7 – CUSIP Number:**

The Reporter must report the most recently assigned and currently active six-digit CUSIP number for the

Reporter's largest subsidiary Nonbanking Company in the U.S with an active CUSIP number. A CUSIP number identifies most securities, including (1) stocks and debt (including subordinated issues) of all SEC-registered U.S. companies and (2) U.S. government and municipal bonds. The number consists of nine characters (a combination of letters and numbers) in which the first six digits uniquely identify an issuer. The first six digits (leading six digits) should be reported in the boxes on Item 7.

The six-digit CUSIP number may change, for example when:

- The last three digits of the nine-digit CUSIP number are not sufficient to accommodate all outstanding issues (greater than 999) and an additional issuer (six-digit) CUSIP number is assigned; or
- Changes occur to the corporate name, whether or not associated with a merger or reorganization; or
- Reverse stock splits of corporate shares occur.

*Note: A change in the CUSIP number is a reportable event on the FR Y-10 as a "Change in Characteristics."*

The largest subsidiary Nonbanking Company in the U.S. with an active CUSIP number is determined by dividing the total assets of each U.S. subsidiary Nonbanking Company with an active CUSIP number by the consolidated assets of the Reporter as of the most recent December 31 and ranking the percentages from the highest to lowest (with the resulting entity with the highest percentage value). If available, please use total assets reported on Federal Reserve or FFIEC regulatory reports.

The largest U.S. subsidiary Nonbanking Company with an active CUSIP number must be assessed only once a year as of December 31. Thus any changes to the CUSIP numbers for this subsidiary that occur during the year should be reported within thirty days. If there is a change as to which company is the largest U.S. subsidiary Nonbanking Company with an active CUSIP number (when reviewing the most recent December 31 financial data), begin reporting information on the new subsidiary starting January 30 the following year.

*Exclusions:*

- Do not report any CUSIP numbers associated

with entities that are nonsurvivors of mergers. In the event of a merger, the nonsurvivor's debt-related CUSIP numbers will remain in use until outstanding debt is paid off since the entity will still service the debt. However, no new issues will be made under the nonsurvivor's CUSIP number. New debt instruments will be issued under the survivor's CUSIP number. The nonsurvivor's equity-related CUSIP numbers will be retired.

- Do not report CUSIP numbers associated with securitization vehicles and issuers of trust preferred securities.
- Do not report any CUSIP numbers associated with money market instruments<sup>15</sup> such as certificates of deposit, medium-term notes<sup>16</sup>, and commercial paper. Do not report historical information on CUSIP numbers that existed prior to December 31, 2005.

#### **Item 8 – Tax ID Number**

Enter a 9-digit number for the reporter and its reportable Nonbanking entities. A federal tax identification number (also known as an employer identification number or EIN) is a nine-digit number assigned solely to a business by the Internal Revenue Service. The Tax ID Number is required only for entities located in the United States.

#### **Item 9 – Nonbanking Company Type**

Provide the Nonbanking Company type from the list below. The type selected should be based upon the legal documents issued by the chartering or licensing authority or other documents of formation. Note that a reportable change in nonbank company entity type is likely to be associated with a change in activity.

##### Nonbanking Company Types

Industrial bank, industrial loan company  
or Morris Plan bank  
Limited charter bank  
Savings and loan association  
Federal savings bank  
Cooperative bank  
Banking Edge or agreement corporation  
Depository trust company

<sup>15</sup> However, subordinated issues should be included.

<sup>16</sup> Medium term notes are a type of money market instrument with an average maturity of 4 to 6 years.

Investment Edge or agreement corporation  
Foreign bank other than a FBO  
Securities underwriter Securities broker or dealer  
Insurance underwriter  
Insurance broker or agent  
Nondepository trust company

#### **Item 10 – Business Organization Type**

Check the appropriate box to indicate the legal business organization type of the Nonbanking Company. If none of the listed descriptions adequately describes the organization type, check the box for "If other, please describe" and provide a text description.

#### **Item 11 – Is the Nonbanking Company Consolidated in the reporter's Financial Statements? (for certain types of foreign offices)**

Answer this question only if the Nonbanking Company is one of the following "foreign" offices: (a) Consolidated subsidiary in a foreign country; or (b) Majority-owned Edge or agreement subsidiary. Check "Yes" only if the Nonbanking Company is consolidated in any subsidiary domestic commercial bank's Consolidated Reports of Condition and Income (FFIEC 031) within the reporter's organization. Otherwise, check "No."

*Note: A consolidated subsidiary in Puerto Rico or a U.S. Territory or possession is a "foreign" office.*

#### **Ownership Section**

#### **Item 12 – Direct Holder's Name and Location**

Provide the legal name, city, state/province, and country of the direct holder. If the Reporter holds the interest through more than one direct holder, complete a separate Nonbanking Schedule for each direct holder. Leave this item blank on any Nonbanking Schedule filed by a Reporter about itself or for event type "External Transfer."

#### **Item 13.a – Percentage of a Class of Voting Shares**

If the Reporter in the aggregate controls 25 percent or more of a class of the Nonbanking Company's voting shares, check the appropriate box for the percentage of

<sup>17</sup> Companies formed to issue trust preferred securities typically are reported as "Other company".

such class controlled by the direct holder. If the Reporter in the aggregate controls 25 percent or more of more than one class of the Nonbanking Company's voting shares, check the box corresponding to the direct holder's percentage for the class in which the Reporter controls the highest percentage. If needed, see the instructions on page Nonbanking-2 (and accompanying footnote) of these instructions for further information on multiple classes of voting shares and multiple direct holders.

Determine the appropriate box to check by rounding the actual percentage down to the nearest whole percentage. For example, a percentage of 79.85 should be rounded down to 79 and reported by checking the box next to ">50% to <80%".

*Note: There are two exceptions to this rounding rule: when the percentage is greater than 50 but less than 51, report the percentage as 51 by checking the box next to ">50% to <80%"; and if the percentage is greater than 0 but less than 1, report the percentage by checking the box next to "<25% but 25% or more in the aggregate or otherwise controlled elsewhere within the organization".*

In general, a direct holder is considered to control all shares that it has the power to vote, but not shares held in a fiduciary capacity. However, shares held by the direct holder as fiduciary are deemed controlled by the direct holder if the shares are held for the benefit of employees, shareholders, members, or affiliates of the Reporter or any subsidiary of the Reporter. In addition, a security that is convertible into a voting security at a holder's option is deemed to be shares of the class into which the security is convertible.

*Interests in Partnerships or Limited Liability Companies:* Report general partner interests in limited partnerships or managing member interests in limited liability companies, and partner interests in general partnerships and limited liability partnerships, by checking the box next to "<25% but 25% or more in the aggregate or otherwise controlled elsewhere within the organization" in Item 13.a, and completing Item 13.b Report limited partner interests in limited partnerships and limited liability limited partnerships, as well as nonmanaging member interests in limited liability companies, by completing Item 13.b but not Item 13.a.

#### **Item 13.b – Other Interest**

Only if the Reporter has left Item 13.a blank (except as described above for certain interests in partnerships and limited liability companies), check the box next to "Yes" to indicate whether the direct holder has an ownership interest, other than voting shares, in the Nonbanking Company. Such an interest may include nonvoting shares, exercise of control over the management of the Nonbanking Company through a management agreement, or the direct holder's election of one or more directors of the Nonbanking Company. Otherwise, check the box next to "No."

#### **Item 14 – Control by Direct Holder**

Check the appropriate box to indicate whether the direct holder controls the Nonbanking Company. To determine if the direct holder controls the Nonbanking Company, apply the standard found in the definition of "control" in the Glossary.

#### **Item 15 – Regulation K, Subpart A Investments**

Complete this item only if the interest in the Nonbanking Company is held under authority of Subpart A of Regulation K (12 CFR section 211.1 et seq.). This item is intended to indicate the **character** of the investment under subpart A of Regulation K. For interests held under Subpart A of Regulation K, check the box that best describes the Reporter's aggregate investment in the Nonbanking Company.

The FR Y-10 relies on the Regulation Y standard of control, found in the definition of control found in the Glossary, for determining the **reportability** of investments in Nonbanking Companies, regardless of the authority<sup>18</sup> (e.g., Regulation K or Y) under which those investments were made. The control standard applicable under Subpart A of Regulation K differs in some respects from the Regulation Y control standard. The Reporter should follow the "control" standard set forth in the Glossary in determining the **reportability** of investments made under subpart A of Regulation K. The Reporter should refer to the Regulation K definitions of "subsidiary" (12 CFR section 211.2(w)), "joint venture" (12 CFR section 211.2(p)), and "portfolio investment" (see 12 CFR sections 211.2(u) and 211.8(c)(3)(i)) for purposes of characterizing the nature of the investment under Regulation K and responding to this report item.

<sup>18</sup> Those investments that are made under authority of Subpart A of Regulation K that are not reportable on the FR Y-10 are subject to the internal record-keeping requirements described in SR 02-2, and may be reportable on the FR Y-6 or Y-7 in accordance with the specific instructions to that reporting form.

*Under Regulation K:*

- A Nonbanking Company is a *subsidiary* of a Reporter for purposes of Item 14 if the Reporter directly or indirectly holds more than 50 percent of the Nonbanking Company's voting shares, or the Nonbanking Company is otherwise controlled or capable of being controlled by the Reporter or an affiliate under any authority. Among other circumstances, an investor is considered to control an organization if: the Reporter or an affiliate is a general partner of the Nonbanking Company; or the Reporter and its affiliates directly or indirectly own or control more than 50 percent of the equity of the Nonbanking Company. See 12 CFR 211.2(w).
- An investment in a Nonbanking Company is a *joint venture* of a Reporter for purposes of Item 15 if the Nonbanking Company is not a subsidiary of the Reporter (as defined immediately above), but the Reporter or an affiliate directly or indirectly holds 20 percent or more of the Nonbanking Company's voting shares under any authority. See 12 CFR 211.2(p).
- An investment in a Nonbanking Company is a *portfolio investment* of a Reporter for purposes of Item 15 if the total direct and indirect investments by the Reporter and its affiliates in the Nonbanking Company, when combined with all other shares in the Nonbanking Company held under any authority, do not exceed: 40 percent of the total equity of the organization; or 19.9 percent of the Nonbanking Company's voting shares. See 12 CFR 211.8(c)(3)(i), and also 12 CFR 211.2(u).

**Item 16 – Former Direct Holder's Name and Location**

Provide the name and location of the former direct holder if Event Type reported in Item 1.a is an External or Internal Transfer.

**Activity and Legal Authority Section**

**Item 17.a – Primary Activity**

Report the activity that generated the largest percentage of the Nonbanking Company's gross revenue during the Nonbanking Company's most recently completed fiscal

year. For a Nonbanking Company that has been in operation for less than one year, report the activity that the Reporter expects will generate the largest percentage of the Nonbanking Company's gross revenue during the company's first fiscal year.

**Item 17.b – Secondary Activity**

Report the activity that generated the second largest percentage of the company's gross revenue as of the company's most recent fiscal year. For a Nonbanking Company that has been in operation for less than one year, report the activity that the Reporter expects will generate the second largest percentage of the Nonbanking Company's gross revenue during the Company's first fiscal year. Do not report more than one secondary activity. If the Nonbanking Company does not engage in any activity other than its primary activity, leave this item blank.

**Item 17.c – Termination of Activity**

Report the termination of any previously reported primary or secondary activity.

**FRS Legal Authority Code**

Consult Appendix A of these instructions and choose the appropriate FRS legal authority code under which this activity is being conducted.

**NAICS Activity Code**

Consult Appendix B (North American Industry Classification System (NAICS) Activity Codes) for commonly reported activities and select the code that best describes the activity being reported. If an appropriate code is not listed in Appendix B, select a five or six-digit NAICS code from the U.S. Census Bureau's website <http://www.census.gov/epcd/www/naics.html>.

**Description of Activity**

Provide a text description of an activity only if unable to identify a five or six-digit NAICS code corresponding to the activity.

## Specific Instructions for the Merger Schedule (FR Y-10)

### What to Report

Use this schedule to report a merger of a Banking or Nonbanking Company with a Reporter or with a company in which the Reporter has a previously reported interest, if after the merger the Reporter has a reportable interest in the surviving company. If correcting information previously reported on this schedule, check the box provided for that purpose at the top of the schedule.

Determine the surviving company based upon considerations such as the source of the management of the merged company and the relative asset size of each company involved in the merger, irrespective of the source of the surviving charter. If the merger involves more than one nonsurviving company, file a separate schedule for each nonsurvivor.

Note: The following event types are not reportable on a Merger Schedule:

- The disposition of banking or nonbanking subsidiaries of merged (nonsurviving) entities. Complete other FR Y-10 schedules, as appropriate, for these reportable business events.
- Banking or nonbanking companies that, as a result of a merger, become non-reportable. Changes to the status of these entities should be reported on the appropriate Banking or Nonbanking Schedule.

### Reportable Events

The following are event types reported on this schedule.

*Merger Involving the Acquisition of a Company, with Reporter or Reporter Subsidiary as Survivor:* In the following examples, Company B is not affiliated with the Reporter before the merger.

Company B merges with and into the Reporter, with the Reporter as the surviving company:

Company B merges with and into Company A, with Company A as the surviving company:

To report these types of events, complete the Merger Schedule.

*Merger Involving the Acquisition of a Company, with the Company as Survivor:* In the following example, Company B is not affiliated with the Reporter prior to the merger. Company A merges into Company B, with Company B as the survivor, and the Reporter acquires a reportable interest in Company B as a result of the merger.

To report this type of event, complete the Merger Schedule. In addition, complete a Banking Schedule or Nonbanking Schedule, as appropriate, for the surviving company, according to instructions for "Acquisition of a Going Concern."

*Internal Merger:* In the following example, the Reporter has previously reported interests in both Company A and Company B. Company B merges into Company A, with Company A as the surviving company.

To report this type of event, complete the Merger Schedule.

## Non-reportable Events

### *Mergers Involving an External Transfer:*

In the following example, Company B is unaffiliated with the Reporter both before and after the merger. Company A merges with Company B, with Company B as the surviving company.

Do not report this type of merger on this schedule. Instead, report on the Banking Schedule or Nonbanking Schedule, as appropriate for the company being transferred (Company A in this case), following the instructions for "External Transfer."

Note: If a bank is the only subsidiary held by a BHC, and the subsidiary bank merges, one of the following events should be reported: No longer reportable, the BHC liquidated, the BHC was merged, or the BHC was acquired as a lower tier BHC.

**Check box if correction:** Check this box to indicate that previously reported information was filed incorrectly and has been corrected with the information provided.

### **Item 1 – First Full Calendar Date the Nonsurvivor No Longer Exists**

All information provided for a particular transaction date or effective date should reflect the structure of the organization on the first full calendar date the nonsurvivor no longer exists.

### **Item 2 – Survivor**

Provide the surviving company's current legal name and the location of the company's head office.

### **Item 3 – Nonsurvivor**

Provide the nonsurviving company's legal name and the location of the company's head office.

### **Item 4 – Did the head office of the nonsurvivor become a branch of the survivor?**

Only for a merger involving an insured depository institution organized under U.S. law, check the appropriate box to indicate whether the head office of the nonsurviving company became a branch of the surviving company.

## Specific Instructions for the 4(k) Schedule (FR Y-10)

### What to Report

Use this schedule to fulfill legal obligations of FHCs under Section 4(k) of the Bank Holding Company Act to notify the Federal Reserve System within 30 days of commencing a new 4(k) activity, acquiring a controlling interest in a going concern or a de novo company, or making certain large merchant banking or insurance company investments. To determine if a FHC controls a Nonbanking Company, apply the standard for "control" found in the Glossary section of these instructions.

**Note: In some instances a Reporter must complete a Nonbanking Schedule in addition to completing this schedule.**

### Reportable Events

The following event types are reportable on this schedule.

*New Activity Commenced Directly by a FHC or through an Existing Subsidiary:* Commencement under Section 4(k) by a FHC, whether directly or indirectly through an existing subsidiary (or subsidiaries), of an activity not previously engaged in directly or indirectly by the FHC. If a new activity is commenced through more than one subsidiary on the same date, only one 4(k) Schedule is required. If more than three new activities are commenced, complete additional schedules, as needed. In Item 1.a check the box next to "New Activity Commenced Directly by a FHC or through an Existing Subsidiary." Report the date of the event in Item 1.b. In Item 2.a check the box next to the appropriate FRS legal authority code, provide the five or six-digit NAICS activity code, and provide a description of the activity only if unable to identify a five or six-digit NAICS code corresponding to the new activity. Report additional new activities in Items 2.b and 2.c if applicable. *Note: If commencement of the new activity results in a change to the primary or secondary activity of the FHC or any of its subsidiaries, also report as a "Change in Activity or Legal Authority" on the Banking Schedule or Nonbanking Schedules, as appropriate, with respect to the relevant FHC or FHC subsidiary.*

*New Activity Commenced Through Acquisition of a Going Concern:* A FHC's acquisition of control of a

Nonbanking Company (or companies) pursuant to Section 4(k) that also results in the FHC conducting an activity not previously engaged in directly or indirectly by the FHC. To determine if a FHC controls a Nonbanking Company, apply the standard for "control" found in the Glossary section of these instructions. If a new activity is commenced through the acquisition of more than one company on the same date, only one 4(k) Schedule is required. If more than three new activities are commenced, complete additional schedules, as needed. In Item 1.a check the box next to "New Activity Commenced Through Acquisition of a Going Concern." Report the date of the event in Item 1.b. In Item 2.a check the box next to the appropriate FRS legal authority code, provide the NAICS activity code, and provide a description of the activity only if unable to identify a five or six-digit NAICS code corresponding to the new activity. Report additional new activities in Items 2.b and 2.c if applicable. **In addition, complete a Nonbanking Schedule(s) for the "Acquisition of a Going Concern."**

*New Activity Commenced Through a De Novo Formation:* Conducting an activity under Section 4(k) through a de novo company (or companies) that was not previously engaged in directly or indirectly by the FHC. To determine if a FHC controls a Nonbanking Company, apply the standard for "control" found in the Glossary section of these instructions. If a new activity is commenced through the formation of more than one company on the same date, only one 4(k) Schedule is required. If more than three new activities are commenced, complete additional schedules, as needed. In Item 1.a check the box next to "New Activity Commenced Through a De Novo Formation." Report the date of the event in Item 1.b. In Item 2.a check the box next to the appropriate FRS legal authority code, provide the NAICS five or six-digit activity code, and provide a description of the activity only if unable to identify a five or six-digit NAICS code corresponding to the new activity. Report additional new activities in Items 2.b and 2.c if applicable. **In addition, complete a Nonbanking Schedule(s) for the "De Novo Formation."**

*Previously Reported Activity Commenced through an Existing Company is not reportable on the 4(k) Schedule:* A FHC that has filed notice on the 4(k) Schedule that it is engaging in a particular activity pursuant to Section 4(k) may subsequently engage in that activity directly, or indirectly through other existing

subsidiaries, as authorized under Section 4(k), without filing an additional post-transaction notice on this schedule. *Note: If commencement of the previously reported activity results in a change to the primary or secondary activity of the FHC or any of its subsidiaries, also report as a "Change in Activity or Legal Authority" on the Banking Schedule or Nonbanking Schedule, as appropriate, with respect to the relevant FHC or FHC subsidiary.*

*Large Merchant Banking Investments or Insurance Company Investments as a New Activity:* Commencement of large merchant banking activities by a FHC that has not previously engaged directly or indirectly in merchant banking activities, or commencement of insurance company investment activities by a FHC that has not previously engaged directly or indirectly in insurance company investment activities. This may be a "New Activity Commenced directly or indirectly through an Existing Subsidiary," or a "New Activity Commenced Through Acquisition of a Going Concern," or a "New Activity Commenced Through a De Novo Formation," and should be reported according to the instructions above for the appropriate event type.

*Large Merchant Banking Investments or Insurance Company Investments:* A large merchant banking investment or insurance company investment by a FHC is reportable if: a) the FHC directly or indirectly acquires more than 5 percent of a Nonbanking Company's voting shares or assets or total equity and b) the cost to the FHC exceeds \$200 million or 5 percent of the FHC's tier 1 capital, whichever is less. To report, complete the Items 1 through 5 of the Large Merchant Banking or Insurance Company Investments Section. Companies held directly or indirectly by Small Business Investment Companies (SBICs) are not required to be reported on the FR Y-10. However, if a BHC or a FBO that is a FHC engaged in merchant banking activities holds shares in the same merchant banking investment through a merchant banking subsidiary as well as through a SBIC, the entire investment is treated as the large merchant banking investment, and is subject to the reporting criteria. *Note: Large merchant banking and insurance company investments are exempt from reportability on the Banking and Nonbanking Schedules. Only the initial transaction should be reported on this schedule when the company meets the reporting criteria for the first time. Subsequent changes to or divestiture*

*of a large merchant banking or insurance company investment are not reportable.*

**Check box if correction:** Check this box at the top of the 4(k) Schedule to indicate that previously reported information was filed incorrectly and has been corrected with the information provided.
