#### Notes:

1. When a ship departs from a port situated on a river or inland waters, deeper loading shall be permitted corresponding to the weight of fuel and all other materials required for consumption between the point of departure and the sea.
2. When a ship is in fresh water of unit density the appropriate load line may be submerged by the amount of the fresh water allowance. Where the density is other than unity, an allowance shall be made proportional to the difference between 1.025 and the actual density.
3. It is the owner's responsibility to furnish the master with approved information and instructions for loading and ballasting this vessel to provide guidance as to stability of the vessel under varying conditions of service and to avoid unacceptable stresses in the vessel's structure, as defined in 46 CFR 42.09-1.
4. The Winter North Atlantic Load Line applies only to vessels of 328 ft. in length or less, which enter any part of the North Atlantic Ocean during the winter months as defined by the Load Line Regulations in 46 CFR 42.30-5 and 42.30-35. The periods during which the other seasonal load lines apply in different parts of the world are as stated in the Load Line Regulations of 46 CFR 42.30-5 to 42.30-30, inclusive.
5. This Load Line Certificate will be canceled by the Commandant, U.S. Coast Guard, if—
  - (a) The annual surveys have not been carried out within three months either way of each anniversary date of the certificate.
  - (b) The certificate is not endorsed to show that the ship has been surveyed as indicated in (a).
  - (c) Material alterations have been made to the hull or superstructures such as would necessitate the assignment of an increased freeboard.
  - (d) The fittings and appliances for the protection of the openings, guardrails, freeing ports, or the means of access to the crew's quarters have not been in as effective a condition as they were when the Certificate was issued.
  - (e) The structural strength of the ship is lowered to such an extent that the ship is unsafe.
6. When this Certificate has expired or been canceled, it must be delivered to the Assigning Authority.
