INDUCTION ACTIVITIES TEACHER QUESTIONNAIRE

STUDY OF TEACHER INDUCTION PROGRAMS

Induction refers to a program of professional development and support for beginning teachers. Teacher induction programs consist of various components and activities and often include mentoring and professional development workshops.

The questions on this form ask about your induction experiences during your first year of teaching. For each item, please mark only one answer, unless instructions say to "MARK (X) YES OR NO FOR EACH." Thank you very much for helping us to learn more about teacher induction.

We want you to know that:

- 1. We are asking you these questions to gather information about new teachers' career decisions and their experiences with teacher induction.
- 2. You may skip any questions you do not wish to answer; however, we hope that you answer as many questions as you can. Your answers to questions will not affect your eligibility for any public program.
- 3. All responses are <u>confidential</u>. Your responses will be combined with those of other teachers, and the answers you give will never be identified as yours.

F. PROFESSIONAL DEVELOPMENT

Professional development activities are those in which teachers participate to enhance their pedagogical and content knowledge in a variety of areas, such as teaching strategies, education standards, student assessment, applications of technology to instruction, and classroom management. Professional development activities include in-service workshops, study groups, seminars and continuing education courses and can include activities other than school or district offerings.

F1. In the past 3 months, for each of the topics listed below, indicate (a) if professional development was offered on the topic, (b) if you attended, and (c) the amount of time spent on the topic.

EXCLUDE those activities that involve you working one-on-one with a mentor.

NOTE: Workshops may cover multiple topics. Estimate how much time was spent on each topic.
