

0910-0545, "Health and Diet Survey"

Justification for Change

As agreed upon by FDA and OMB, we are submitting the attached 83-C, supporting statement, and questionnaire to amend the approved Health and Diet Survey, OMB Control Number 0910-0545.

As requested by OMB, FDA published a 30-day FEDERAL REGISTER notice (73 FR 23466) soliciting public comment on the additional pet food labeling questions. FDA received no comments.
