U.S. Geological Survey

Agency Information Collection Activity; National Cooperative Geologic Mapping Program (EDMAP and STATEMAP)

AGENCY: U.S. Geological Survey (USGS).

ACTION: Notice of a new information collection.

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to the Office of Management and Budget (OMB) a new information collection request (ICR) for approval of the paperwork requirements for the National Cooperative Geologic Mapping Program (NCGMP). The NCGMP has two components: educational (EDMAP) and State (STATEMAP). This notice provides the public an opportunity to comment on the paperwork burden of the application requirements discussed below.

DATES: You must submit comments on or before May 21, 2009.

ADDRESSES: Please submit comments on this information collection directly to the Office of Management and Budget, Office of Information and Regulatory Affairs, *Attention:* Desk Officer for the Department of the Interior, via e-mail [*OIRA_DOCKET@omb.eop.gov*] or fax (202) 395–5806; and identify your submission as 1028–NEW. Please also submit a copy of your comments to Phadrea Ponds, USGS Information Collection Clearance Officer, 2150–C Center Avenue, Fort Collins, CO 80525 (mail); (970) 226–9230 (fax); or *pponds@usgs.gov* (e-mail). Please reference Information Collection 1028–NEW, NCGMP in the subject line.

FOR FURTHER INFORMATION PLEASE

CONTACT: To request additional information about this ICR, contact Randall Orndorff, Associate Program Coordinator (STATEMAP and EDMAP), National Cooperative Geological Mapping Program, U.S. Geological Survey, 12201 Sunrise Valley Drive, MS 908, Reston, VA 20192 (mail); at 703–648–4316 (telephone); or *rorndorff@usgs.gov* (e-mail).

SUPPLEMENTARY INFORMATION:

I. Abstract

The primary objective of the EDMAP component of the NCGMP is to train the next generation of geologic mappers. To do this, NCGMP provides funds for graduate and selected undergraduate students in academic research projects that involve geologic mapping as a major component. Through these cooperative agreements, NCGMP hopes to expand the research and educational capacity of academic programs that teach earth science students the techniques of geologic mapping and field data analysis. We will accept only one proposal from an individual principal investigator (professor or faculty advisor), although we will accept more than one proposal from a single university if authored by different principal investigators. Although

EDMAP awards support student mapping in the field, the student's faculty advisor must write the proposal. All applications must be submitted through Grants.gov.

The primary objective of the STATEMAP component of the NCGMP is to establish the geologic framework of areas determined to be vital to the economic, social, or scientific welfare of individual States. The State geologist determines mapping priorities in consultation with a multi-representational State Mapping Advisory Committee. We will accept only one proposal from each State each fiscal year. Proposals may contain a number of geologic mapping projects and may include one compilation or digitization project, or all projects may be for new mapping if the State chooses. All applications must be submitted through Grants.gov.

II. Data

OMB Control Number: None. This is a new collection.

Title: National Cooperative Geologic Mapping Program (EDMAP and STATEMAP).

Respondent Obligation: Required to obtain or retain a benefit.

Frequency of Collection: Annually.

Estimated Number and Description of Respondents: 101. U.S. accredited university geoscience or related departments are eligible for EDMAP funds. University professors must write and submit the proposals. Only State Geological Surveys are eligible to apply for the STATEMAP component. Since many State Geological Surveys are organized under a State university system, such universities may submit a proposal on behalf of the State Geological Survey.

Estimated Number of Annual Responses: 101.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 2,020. We expect to receive 55 applications for EDMAP and 46 for STATEMAP, each taking 20 hours to complete. This includes the time for project conception and development, proposal writing and reviewing, and submitting a project narrative through Grants.gov.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: There are no "non-hour cost" burdens associated with this collection of information.

III. Request for Comments

On April 22, 2008, we published a **Federal Register** notice (73 FR 21646) soliciting comments on the STATEMAP component. The comment period closed on June 23, 2008. On August 26, 2008,

we published a **Federal Register** notice (73 FR 50341) soliciting comments on the EDMAP component. The comment period for this notice closed on October 27, 2008. We did not receive any comments in response to these notices.

We again invite comments concerning this ICR on: (a) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, usefulness, and clarity of the information to be collected; and (d) ways to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, e-mail address or other personal identifying information in your comment, you should be aware that your entire comment including your personal identifying information, may be made publically available at anytime. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: April 7, 2009.

Certain kitchen appliance shelving and racks are defined as shelving, baskets, racks (with or without extension slides, which are carbon or stainless steel hardware devices that are connected to shelving, baskets, or racks to enable sliding), side racks (which are welded wire support structures for oven racks that attach to the interior walls of an oven cavity that does not include support ribs as a design feature), and subframes (which are welded wire support structures that interface with formed support ribs inside an oven cavity to support oven rack assemblies utilizing extension slides) with the following dimensions:

—Shelving and racks with dimensions ranging from 3 inches by 5 inches by 0.10 inch to 28 inches by 34 inches by 6 inches; or

—Baskets with dimensions ranging from 2 inches by 4 inches by 3 inches to 28 inches by 34 inches by 16 inches; or

SUPPLEMENTARY INFORMATION:

Background.—The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in China of certain kitchen appliance shelving and racks (74 FR 683), and that imports from China are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b) (74 FR 9591). The investigations were requested in a petition filed on July 31, 2008, by Nashville Wire Producers, Inc., Nashville, TN; SSW Holding Company Inc., Elizabethtown, KY; and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied-Industrial and Service Workers International Union, and the International Association of Machinists and Aerospace Workers, District Lodge 6, Clinton, IA.

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission's
