§ 206.114 Criteria for continued assistance.

(a) FEMA expects all recipients of assistance under this subpart to obtain and occupy permanent housing at the earliest possible time. FEMA may provide continued housing assistance during the period of assistance, but not to exceed the maximum amount of assistance for the program, based on need, and generally only when adequate, alternate housing is not available or when the permanent housing plan has not been fulfilled through no fault of the applicant.

(b) *Additional criteria for continued assistance.* (1) All applicants requesting continued rent assistance must establish a realistic permanent housing plan no later than the first certification for continued assistance. Applicants will be required to provide documentation showing that they are making efforts to obtain permanent housing.

(2) Applicants requesting continued rent assistance must submit rent receipts to show that they have exhausted the FEMA rent funds, and provide documentation identifying the continuing need.

(3) FEMA generally expects that pre-disaster renters will use their initial rental assistance to obtain permanent housing. However, we may certify them, during the period of assistance, for continued rent assistance when adequate, alternate housing is not available, or when they have not realized a permanent housing plan through no fault of their own.

(4) FEMA may certify pre-disaster owners for continued rent assistance, during the period of assistance, when adequate, alternate housing is not available, or when they have not realized a permanent housing plan through no fault of their own.

(5) Individuals or households requesting additional repair assistance will be required to submit information and/or documentation identifying the continuing need.

(6) Individuals or households requesting additional assistance for personal property, transportation, medical, dental, funeral, moving and storage, or other necessary

expenses and serious needs will be required to submit information and/or documentation identifying the continuing need.
