DRAFT

1.1 STANDARDS AND ASSESSMENT DEVELOPMENT

This section requests descriptions of the State's implementation of the *NCLB* academic content standards, academic achievement standards and assessments to meet the requirements of Section 1111(b)(1) of *ESEA*.

1.1.1 Academic Content Standards

In the space below, provide a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's academic content standards in mathematics, reading/language arts or science. Responses should focus on actions taken or planned since the State's content standards were approved through ED's peer review process for State assessment systems. Indicate specifically in what school year your State expects the changes to be implemented.

If the State has not made or is not planning to make revisions or changes, respond "No revisions or changes to content standards taken or planned."

The response is limited to 8,000 characters.

Source – Manual input by the SEA using the online collection tool.

1.1.2 Assessments in Mathematics and Reading/Language Arts

In the space below, provide a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's assessments and/or academic achievement standards in mathematics or reading/language arts required under Section 1111(b)(3) of *ESEA*. Responses should focus on actions taken or planned since the State's assessment system was approved through ED's peer review process. Responses also should indicate specifically in what school year your State expects the changes to be implemented.

As applicable, include any assessment (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of *ESEA* as well as alternate achievement standards for students with significant cognitive disabilities and modified academic achievement standards for certain students

DRAFT

with disabilities implemented to meet the requirements of Section 1111(b)(3) of *ESEA*.

If the State has not made or is not planning to make revisions or changes, respond “No revisions or changes to assessments and/or academic achievement standards taken or planned.”

The response is limited to 8,000 characters.

Source – Manual input by the SEA using the online collection tool.

1.1.4 Assessments in Science

If your State's assessments and academic achievement standards in science required under Section 1111(b)(3) of *ESEA* have been approved through ED's peer review process, provide in the space below a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's assessments and/or academic achievement standards in science required under Section 1111(b)(3) of *ESEA*. Responses should focus on actions taken or planned since the State's assessment system was approved through ED's peer review process. Responses also should indicate specifically in what school year your State expects the changes to be implemented.

As applicable, include any assessment (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of *ESEA* as well as alternate achievement standards for students with significant cognitive disabilities and modified academic achievement standards for certain students with disabilities implemented to meet the requirements of Section 1111(b)(3) of *ESEA*.

If the State has not made or is not planning to make revisions or changes, respond “No revisions or changes to assessments and/or academic achievement standards taken or planned.”

If the State's assessments in science required under Section 1111(b)(3) of *ESEA* have not been approved through ED's peer review process, respond “State's assessments and academic achievement standards in science not yet approved.”

DRAFT

The response is limited to 8,000 characters.

Source – Manual input by the SEA using the online collection tool.

1.2 PARTICIPATION IN STATE ASSESSMENTS

This section collects data on the participation of students in the State *NCLB* assessments.

1.2.1 Participation of All Students in Mathematics Assessment

In the table below, provide the number of students enrolled during the State’s testing window for *NCLB* mathematics assessments required under Section 1111(b)(3) of ESEA (regardless of whether the students were present for a full academic year) and the number of students who were tested in mathematics. The percentage of students who were tested for mathematics will be calculated automatically.

The student group “children with disabilities (*IDEA*)” includes children who were tested using regular assessments with or without accommodations and alternate assessments.

The student group “limited English proficient (LEP) students” includes recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

Student Group	# Students Enrolled	# Students Tested	Percentage of Students Tested
All students			(Auto calculated)
American Indian or Alaska Native			(Auto calculated)
Asian or Pacific Islander			(Auto calculated)
Black, non-Hispanic			(Auto calculated)
Hispanic			(Auto calculated)
White, non-Hispanic			(Auto calculated)
Children with disabilities (<i>IDEA</i>)			(Auto calculated)
Limited English proficient (LEP) students			(Auto calculated)

DRAFT

Student Group	# Students Enrolled	# Students Tested	Percentage of Students Tested
Economically disadvantaged students			(Auto calculated)
Migratory students			(Auto calculated)
Male			(Auto calculated)
Female			(Auto calculated)

Source – The table above is produced through *EDFacts*. The SEA submits the data in file N/X081 that includes data group 588, category sets A, B, C, D, E, F, and subtotal 1. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

1.2.2 Participation of Students with Disabilities in Mathematics Assessment

In the table below, provide the number of children with disabilities (IDEA) tested during the State’s testing window for mathematics assessments required under Section 1111(b)(3) of ESEA (regardless of whether the children were present for a full academic year) by the type of assessment. The percentage of children with disabilities (IDEA) who were tested in mathematics for each type of assessment will be calculated automatically. The total number of children with disabilities (IDEA) tested will also be calculated automatically.

The data provided below should include mathematics participation data from all students with disabilities as defined under the Individuals with Disabilities Education Act. Do not include results from students covered under Section 504 of the Rehabilitation Act of 1973.

Type of Assessment	# Children with Disabilities (IDEA) Tested	Percentage of Children with Disabilities (IDEA) Tested, Who Took the Specified Assessment
Regular Assessment without Accommodations		(Auto calculated)
Regular Assessment with Accommodations		(Auto calculated)
Alternate Assessment Based on Grade-Level Achievement Standards		(Auto calculated)
Alternate Assessment Based on Modified Achievement Standards		(Auto calculated)
Alternate Assessment Based on Alternate Achievement Standards		(Auto calculated)

DRAFT

Total	(Auto calculated)	
-------	-------------------	--

Source – Manual input by the SEA using the online collection tool.

1.2.3 Participation of All Students in the Reading/Language Arts Assessment

This section is similar to 1.2.1 and collects data on the State's *NCLB* reading/language arts assessment.

Source – The same file specification as 1.2.1 is used, but with data group 589 instead of 588.

1.2.4 Participation of Students with Disabilities in Reading/Language Arts Assessment

This section is similar to 1.2.2. and collects data on the State's *NCLB* reading/language arts assessment.

Source – Manual input by the SEA using the online collection tool.

The data provided should include reading/language arts participation data from all students with disabilities as defined under the Individuals with Disabilities Education Act. Do not include results from students covered under Section 504 of the Rehabilitation Act of 1973.

1.2.5 Participation of All Students in the Science Assessment

This section is similar to 1.2.1 and collects data on the State's *NCLB* science assessment.

Note: New collection for the SY 2007 -08 CSPR.

Source – Manual input by the SEA using the online collection tool.

DRAFT

1.2.6 Participation of Students with Disabilities in Science Assessment

This section is similar to 1.2.2. and collects data on the State's *NCLB* science assessment. The data provided should include reading/language arts participation results from all students with disabilities as defined under the Individuals with Disabilities Education Act. Do not include results from students covered under Section 504 of the Rehabilitation Act of 1973.

Note: New collection for the SY 2007 -08 CSPR.

Source – Manual input by the SEA using the online collection tool.

1.3 STUDENT ACADEMIC ACHIEVEMENT

This section collects data on student academic achievement on the State *NCLB* assessments.

1.3.1 Student Academic Achievement in Mathematics

In the format of the table below, provide the number of students who completed the State *NCLB* assessment(s) in mathematics implemented to meet the requirements of Section 1111(b)(3) of ESEA (regardless of whether the students were present for a full academic year) and for whom a proficiency level was assigned, and the number of these students who scored at or above proficient, in grades 3 through 8 and high school. The percentage of students who scored at or above proficient is calculated automatically.

The student group “children with disabilities (*IDEA*)” includes children who were tested using regular assessments with or without accommodations and alternate assessments.

The student group “limited English proficient (LEP) students” does include recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

DRAFT

Grade (insert grade #)	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			(Auto calculated)
American Indian or Alaska Native			(Auto calculated)
Asian or Pacific Islander			(Auto calculated)
Black, non-Hispanic			(Auto calculated)
Hispanic			(Auto calculated)
White, non-Hispanic			(Auto calculated)
Children with disabilities (<i>IDEA</i>)			(Auto calculated)
Limited English proficient (LEP) students			(Auto calculated)
Economically disadvantaged students			(Auto calculated)
Migratory students			(Auto calculated)
Male			(Auto calculated)
Female			(Auto calculated)

Source – Initially populated from *EDFacts*. See Attachment D: CSPR & *EDFacts* Data Crosswalk. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

1.3.2 Student Academic Achievement in Reading/Language Arts

This section is similar to 1.3.1. The only difference is that this section collects data on the State’s *NCLB* reading/language arts assessment.

The student group “limited English proficient (LEP) students” does not include recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

Source – Initially populated from *EDFacts*. See Attachment D: CSPR & *EDFacts* Data Crosswalk. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

DRAFT

1.3.3 Student Academic Achievement in Science

This section is similar to 1.3.1. The only difference is that this section collects data on the State's *NCLB* science assessment administered at least one in each of the following grade spans 3 through 5, 6 through 9, and 10 through 12.

Limited English Proficiency (LEP) students includes recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

Note: New collection for the SY 2007 -08 CSPR.

Source – Manual input by the SEA using the online collection tool. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under NCLB, the SEA will report the above data for those groups through the online CSPR collection tool.

1.4 SCHOOLS AND DISTRICT ACCOUNTABILITY

This section collects data on the Adequate Yearly Progress (AYP) status of schools and districts.

1.4.1 All Schools and Districts Accountability

In the table below, provide the total number of public elementary and secondary schools and districts in the State and the total number of those schools and districts that made AYP based on data for the SY 2007-08. The percentage that made AYP will be calculated automatically.

Entity	Total #	Total # that Made AYP in SY 2007- 08	Percentage that Made AYP in SY 2007-08
Schools			(Auto calculated)
Districts			(Auto calculated)

Source – The table above is produced through *EDFacts*. The SEA submits the data in N/X103 for data group 32.

DRAFT

1.4.2 Title I School Accountability

In the table below, provide the total number of public Title I schools by type and the total number of those schools that made AYP based on data for the SY 2007-08. Include only public Title I schools. Do not include Title I programs operated by local educational agencies in private schools. The percentage that made AYP will be calculated automatically.

Title I School	# Title I Schools	# Title I Schools that Made AYP in SY 2007-08	Percentage of Title I Schools that Made AYP in SY 2007-08
All Title I schools			(Auto calculated)
Schoolwide (SWP) Title I schools			(Auto calculated)
Targeted assistance (TAS) Title I schools			(Auto calculated)

Source – The table above is produced through *EDFacts*. The SEA submits the data in N/X129 for data group 22 and N/X103 for data group 32.

1.4.3 Accountability of Districts That Received Title I Funds

In the table below, provide the total number of districts that received Title I funds and the total number of those districts that made AYP based on data for SY 2007-08. The percentage that made AYP will be calculated automatically.

	# Districts That Received Title I Funds	# Districts That Received Title I Funds and Made AYP in SY 2007-08	Percentage of Districts That Received Title I Funds and Made AYP in SY 2007-08
			(Auto calculated)

Source – Initially populated from *EDFacts*. See Attachment D: CSPR & *EDFacts* Data Crosswalk.

1.4.4 Title I Schools Identified for Improvement

1.4.4.1 List of Title I Schools Identified for Improvement

In the following table, provide a list of Title I schools identified for improvement, corrective action, or restructuring under Section 1116 for the SY 2008-09 based

DRAFT

on the data from SY 2007-08. For each school listed, please provide the following:

- District Name and NCES ID Code
- School Name and NCES ID Code
- Whether the school missed the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the school met the participation rate target for the reading/language arts assessment
- Whether the school missed the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the school met the participation rate target for the mathematics assessment
- Whether the school missed the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the school missed the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2008-09 (Use one of the following improvement status designations: School Improvement – Year 1, School Improvement – Year 2, Corrective Action, Restructuring Year 1 (planning), or Restructuring Year 2 (implementing)¹)
- Whether (yes or no) the school is or is not a Title I school (*This column **must be completed** by States that choose to list all schools in improvement. Column is optional for States that list only Title I schools.*)
- Whether (yes or no) the school was provided assistance through 1003(a).
- Whether (yes or no) the school was provided assistance through 1003 (g).

¹ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be found on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

1.4.4.3 Corrective Action

In the table below, for schools in corrective action, provide the number of schools for which the listed corrective actions under *NCLB* were implemented in SY 2007-08 (based on SY 2006-07 assessments under section 1111 of ESEA).

Corrective Action	# of Title I Schools in Corrective Action in Which the Corrective Action was Implemented in SY 2007-08
Required implementation of a new research-based curriculum or instructional program	
Extension of the school year or school day	
Replacement of staff members, not including the principal, who were relevant to the school's low performance	
Significant decrease in management authority at the school level	
Replacement of the principal	
Restructuring the internal organization of the school	
Appointment of an outside expert to advise the school	

Source – Manual entry by SEA into the online collection tool.

1.4.4.4 Restructuring – Year 2

In the table below, for schools in restructuring – year 2 (implementation year), provide the number of schools for which the listed restructuring actions under *NCLB* were implemented in SY 2007-08 (based on SY 2006-07 assessments under Section 111 of ESEA).

Restructuring Action	# of Title I Schools in Restructuring in Which Restructuring Action Is Being Implemented
Replacement of all or most of the school staff (which may include the principal)	
Reopening the school as a public charter school	
Entering into a contract with a private entity to operate the school	
Take over the school by the State	
Other major restructuring of the school governance	

Source – Manual entry by SEA into the online collection tool.

In the space below, list specifically the “other major restructuring of the school governance” action(s) that were implemented.

This response is limited to 8,000 characters.

1.4.5 Districts That Received Title I Funds Identified for Improvement

1.4.5.1 List of Districts That Received Title I Funds and Were Identified for Improvement

In the following table, please provide a list of districts that received Title I funds and were identified for improvement or corrective action under Section 1116 for the SY 2008-09 based on the data from SY 2007-08. For each district on the list, provide the following:

- District name and NCES ID code
- Whether the district missed the proficiency target in reading/language arts as outlined in the State’s Accountability Plan
- Whether the district met the participation rate target for the reading/language arts assessment
- Whether the district missed the proficiency target in mathematics as outlined in the State’s Accountability Plan
- Whether the school met the participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) as outlined in the State’s Accountability Plan
- Whether the district met the graduation rate for high schools (if applicable) as outlined in the State’s Accountability Plan
- Improvement status for SY 2008-09 (Use one of the following improvement status designations: Improvement or Corrective Action²)
- Whether the district is a district that received Title I funds. Indicate “Yes” if the district received Title I funds and “No” if the district did not receive Title I funds (**This column must be completed by States that choose to list**

² The district improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be found on the Department’s Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

all districts or all districts in improvement. Column is optional for States that list only districts in improvement that receive Title I funds.)

1.4.5.2 Actions Taken for Districts That Received Title I Funds Identified for Improvement

In the space below, briefly describe the measures being taken to address the achievement problems of districts identified for improvement or corrective action. Include a discussion of the technical assistance provided by the State (e.g., the number of districts served, the nature and duration of assistance provided, etc.).

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

1.4.5.3 Corrective Action

In the table below, for districts in corrective action, provide the number of districts in corrective action in which the listed corrective actions under *NCLB* were implemented in SY 2007-08 (based on SY 2006-07 assessments under Section 1111 of ESEA).

Corrective Action	# of Districts receiving Title I funds in Corrective Action in Which Corrective Action was Implemented in SY 2007-08
Implementing a new curriculum based on State standards	
Authorized students to transfer from district schools to higher performing schools in a neighboring district	
Deferred programmatic funds or reduced administrative funds	
Replaced district personnel who are relevant to the failure to make AYP	
Removed one or more schools from the jurisdiction of the district	
Appointed a receiver or trustee to administer the affairs of the district	
Restructured the district	
Abolished the district (list the number or districts abolished between the end of SYs 2006-07 and beginning of SY 2007-08 as a corrective action)	

Source – Manual entry by SEA into the online collection tool.

1.4.7 Appeal of AYP and Identification Determinations

In the table below, provide the number of districts and schools that appealed their AYP designations based on SY 2007-08 data and the results of those appeals.

	# Appealed Their AYP Designations	# Appeals Resulted in a Change in the AYP Designation
Districts		
Schools		

Source – Manual entry by SEA into the online collection tool.

Date (MM/DD/YY) that processing appeals based on SY 2007-08 data were complete	
--	--

Source – Manual entry by SEA into the online collection tool.

1.4.8 School Improvement Status

1.4.8.1 Student Proficiency for Schools Receiving Assistance Through Section 1003(a) and 1003(g) Funds

The table below pertains only to schools that received assistance through section 1003(a) and/or 1003(g) funds during SY 2007-08.

- In the **SY 2007-08 column**, provide the total number and percentage of students in schools receiving School Improvement funds in 2007-2008 who were:
 - o Proficient in mathematics as measured by your State’s assessments required under section 1111(b)(3) of ESEA in 2007-08.
 - o Proficient in reading/language arts as measured by your State’s assessments required under section 1111(b)(3) of ESEA in 2007-08.
- In the **SY 2006-07 column**, provide the requested data for the same schools whose student proficiency data are reported for SY 2007-08.
- In **both columns**, indicate the number of schools for which the data in this table are reported. (Note: The numbers in both columns should be the same and should equal the total number of schools that received assistance through section 1003(a) and/or 1003(g) funds during SY 2007-08.)

Category	SY 2007-08	SY 2006-07*
Total number of students who were proficient in mathematics in schools that received assistance through section 1003(a) and/or 1003(g) funds in SY 2007-08		

Percentage of students who were proficient in mathematics in schools that received assistance through section 1003(a) and/or 1003(g) funds in SY 2007-08		
Total number of students who were proficient in reading/language arts in schools that received assistance through section 1003(a) and/or 1003(g) funds in SY 2007-08		
Percentage of students who were proficient in reading/language arts in schools that received assistance through section 1003(a) and/or 1003(g) funds in SY 2007-08		
Number of schools that received assistance through section 1003(a) and/or 1003(g) funds in SY 2007-08		

Note: New collection for the SY 2007 -08 CSPR.

Source – Manual input by the SEA using the online collection tool.

1.4.8.2 School Improvement Status and School Improvement Assistance

In the table below, indicate the number of schools receiving assistance through section 1003(a) and/or 1003(g) funds during SY 2007-08 that:

- Made adequate yearly progress;
- Exited improvement status;
- Did not make adequate yearly progress.

Category	# of Schools
Number of schools receiving assistance through section 1003(a) and/or 1003(g) funds during SY 2007-08 that made adequate yearly progress based on testing in 2007-08	
Number of schools receiving assistance through section 1003(a) and/or 1003(g) funds during SY 2007-08 that exited improvement status based on testing in 2007-08	
Number of schools receiving assistance through section 1003(a) and/or 1003(g) funds during SY 2007-08 that did not make adequate yearly progress based on testing in 2007-08	

Note: New collection for the SY 2007 -08 CSPR.

Source – Manual input by the SEA using the online collection tool.

1.4.8.3 Effective School Improvement Strategies

In the table below, indicate the effective school improvement strategies used.

Column 1	Column 2	Column 3	Column 4	Column 5	Column 6	Column 7
Effective Strategy or Combination of Strategies Used (See response options in "Column 1 Response Options Box" below.) If your State's response includes a "5" (other strategies), identify the specific strategy(s) in Column 2.	Description of "Other Strategies" This response is limited to 500 characters.	Number of schools in which the strategy(s) was used	Number of schools that used the strategy(s), made AYP, and exited improvement status	Number of schools that used the strategy(s), made AYP, but did not exit improvement status	Most common other Positive Outcome from the Strategy (See response options in "Column 6 Response Options Box" below)	Description of "Other Positive Outcome" if Response for Column 6 is "D" This response is limited to 500 characters.

Column 1 Response Options Box

- 1 = Provide customized technical assistance and/or professional development that is designed to build the capacity of LEA and school staff to improve schools and is informed by student achievement and other outcome-related measures.
- 2 = Utilize research-based strategies or practices to change instructional practice to address the academic achievement problems that caused the school to be identified for improvement, corrective action, or restructuring.
- 3 = Create partnerships among the SEA, LEAs and other entities for the purpose of delivering technical assistance, professional development, and management advice.
- 4 = Provide professional development to enhance the capacity of school support team members and other technical assistance providers who are part of the Statewide system of support and that is informed by student achievement and other outcome-related measures.
- 5 = Implement other strategies determined by the SEA or LEA, as appropriate, for which data indicate the strategy is likely to result in improved teaching and learning in schools identified for improvement, corrective action, or restructuring.

Column 6 Response Options Box

A = Improvement by at least five percentage points in two or more AYP reporting cells

B = Increased teacher retention

C = Improved parental involvement

D = Other

Note: New collection for the SY 2007 -08 CSPR.

Source – Manual input by the SEA using the online collection tool.

1.4.8.4 Sharing of Effective Strategies

In the space below, describe how your State shared the effective strategies identified in item 1.4.8.3 with its LEAs and schools. Please exclude newsletters and handouts in your description.

This response is limited to 8,000 characters.

Source – Manual input by the SEA using the online collection tool.

1.4.8.5 Use of Section 1003(a) and (g) School Improvement Funds

Note: New section for the SY 2007-2008 CSPR.

1.4.8.5.1 Section 1003(a) State Reservations

In the space provided, enter the percentage of the FY 2007 (SY 2007-08) Title I, Part A allocation that the SEA reserved in accordance with section 1003(a) of ESEA and §200.100(a) of ED's regulations governing the reservation of funds for school improvement under section 1003(a) of ESEA: _____%

1.4.8.5.2 Section 1003(a) and 1003(g) Allocations to LEAs and Schools

In the tables below, provide the requested information for FY 2007 (SY 2007-08).

Name of LEA with One or More Schools Provided Assistance through Section 1003(a) Funds in SY 2007-08	NCES LEA ID	Amount of LEA's 1003(a) Allocation

Name of LEA with One or More Schools Provided Assistance through Section 1003(g) Funds in SY 2007-08	NCES LEA ID	Amount of LEA's 1003(g) Allocation

*"Schools in Improvement" means schools in improvement, corrective action, or restructuring under section 1116 of ESEA.

Note: New collection for the SY 2007 -08 CSPR.

Source – Manual input by the SEA using the online collection tool.

1.4.8.5.3 Use of Section 1003(g)(8) Funds for Evaluation and Technical Assistance

Section 1003(g)(8) of ESEA allows States to reserve up to five percent of section 1003(g) funds for administration and to meet the evaluation and technical assistance requirements for this program. In the space below, identify and describe the specific section 1003(g) evaluation and technical assistance activities that your State conducted during SY 2007-08.

This response is limited to 8,000 characters.

Note: New collection for the SY 2007 -08 CSPR.

Source – Manual input by the SEA using the online collection tool.

1.4.8.7 Actions Taken for Title I Schools Identified for Improvement* Supported by Funds Other than Those of Sections 1003(a) and 1003(g).

In the space below, describe actions (if any) taken by your State in SY 2007-08 that were supported by **funds other than section 1003(a) and 1003(g) funds** to address the achievement problems of schools identified for improvement, corrective action, or restructuring under section 1116 of ESEA.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

*Improvement means schools in improvement, corrective action, or restructuring under section 1116 of ESEA.

MASTER DRAFT

1.4.9 Public School Choice and Supplemental Educational Services

This section collects data on public school choice and supplemental educational services.

1.4.9.1 Public School Choice

This section collects data on public school choice. FAQs related to the public school choice provisions are at the end of this section.

1.4.9.1.2 Public School Choice - Students

In the table below, provide the number of students who were eligible for public school choice, the number of eligible students who applied for public school choice, and the number who transferred under the provisions for public school choice in Section 1116 of ESEA.

Students who are eligible for public school choice includes:

- (1) Students currently enrolled in a school identified for improvement, corrective action, or restructuring.
- (2) Students who transferred in the current school year under the public school choice provisions of section 1116, and
- (3) Students who previously transferred under section 1116 and are continuing to transfer for the current school year under section 1116.

	# Students
Eligible for public school choice	
Applied to transfer	
Transferred to another school under the Title I public school choice provisions	

Indicate with a check in the table below the categories of students that are included in the count of eligible students.

	√
1. Enrolled in a school identified for improvement	
2. Transferred in the current school year, only	
3. Transferred in a prior year and in the current year	

MASTER DRAFT

Source – Initially populated from ED*Facts*. See Attachment D: CSPR & ED*Facts* Data Crosswalk.

1.4.9.1.3 Funds Spent on Public School Choice

In the table below, provide the total dollar amount spent by LEAs on transportation for public school choice in Section 1116 of ESEA.

Dollars spent by LEAs on transportation for public school choice	\$
--	----

Source – Initially populated from ED*Facts*. See Attachment D: CSPR & ED*Facts* Data Crosswalk.

1.4.9.1.4 - Availability of Public School Choice Options

In the table below provide the number of LEAs in your State that are unable to provide public school choice options to eligible students due to any of the following reasons:

1. All schools at a grade level are in school improvement, corrective action, or restructuring.
2. LEA only has a single school at the grade level of the school at which students are eligible for public school choice.
3. LEA's schools are so remote from one another that choice is impracticable.

	# LEAs
LEAs Unable to Provide Public School Choice	

Source – Manual entry by SEA into the online collection tool.

FAQs about public school choice:

- a. *How should States report data on Title I public school choice for those LEAs that have open enrollment and other choice programs?* An LEA may consider a student as eligible for and participating in Title I public school choice, and may consider costs for transporting that student towards its funds spent on transportation for public school choice, if the student meets the following conditions:
 - Has a "home" or "neighborhood" school (to which the student would have been assigned, in the absence of a choice program) that receives Title I funds and has been identified, under the statute, as in need of improvement, corrective action, or restructuring; and

MASTER DRAFT

- Has elected to enroll, at some point since July 1, 2002 (the effective date of the Title I choice provisions), and after the home school has been identified as in need of improvement, in a school that has not been so identified and is attending that school; and
 - Is using district transportation services to attend such a school.³
- b. *How do States report on public school choice for those LEAs that are not able to offer public school choice (e.g., LEAs in which all schools in a grade level are in school improvement, LEAs that have only a single school at that grade level, or LEAs whose schools are so remote from one another that choice is impracticable)?* For those LEAs, States should count as eligible all students who attend identified Title I schools. States should report that no eligible schools or students were provided the option to transfer and should provide an explanation why choice is not possible within the LEA in the Comment Section.

1.4.9.2 Supplemental Educational Services

This section collects data on supplemental educational services.

1.4.9.2.2 Supplemental Educational Services – Students

In the table below, provide the number of students who were eligible for, who applied for, and who received supplemental educational services under Section 1116 of ESEA.

	# Students
Eligible for supplemental educational services	
Applied for supplemental educational services	
Received supplemental educational services	

Source – Initially populated from ED*Facts*. See Attachment D: CSPR & ED*Facts* Data Crosswalk.

1.4.9.2.3 Funds Spent on Supplemental Educational Services

In the table below, provide the total dollar amount spent by LEAs on supplemental educational services under Section 1116 of ESEA.

Dollars spent by LEAs on supplemental educational services	\$

1.5 TEACHER QUALITY

This section collects data on “highly qualified” teachers as the term is defined in Section 9101(23) of the *ESEA*.

1.5.1 Core Academic Classes Taught by Teachers Who Are Highly Qualified

In the table below, provide the number of core academic classes for each of the school types listed and the number of those core academic classes taught by teachers who are highly qualified (as the term is defined in section 9101(23) of the *ESEA*) and the number taught by teachers who are not highly qualified. The percentage of core academic classes taught by teachers who are highly qualified and the percentage taught by teachers who are not highly qualified will be calculated automatically. Below the table are FAQs about these data. The percentages used for high- and low-poverty schools and the poverty metric used to determine those percentages are reported in 1.5.3.

School Type	# of Core Academic Classes (Total)	# of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are Highly Qualified	# of Core Academic Classes Taught by Teachers Who Are <u>NOT</u> Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are <u>NOT</u> Highly Qualified
All schools			(Auto calculated)		(Auto calculated)
Elementary level					
High-poverty schools			(Auto calculated)		(Auto calculated)
Low-poverty schools			(Auto calculated)		(Auto calculated)
All elementary schools			(Auto calculated)		(Auto calculated)
Secondary level					
High-poverty			(Auto calculated)		(Auto calculated)

MASTER DRAFT

schools					
Low-poverty schools			(Auto calculated)		(Auto calculated)
All secondary schools			(Auto calculated)		(Auto calculated)

Do the data in Table 1.5.1 above include classes taught by special education teachers who provide direct instruction core academic subjects?

Data table includes classes taught by special education teachers who provide direct instruction core academic subjects.	Yes	No

If the answer above is no, please explain below. The response is limited to 8,000 characters.

Does the State count elementary classes so that a full-day self-contained classroom equals one class, or does the State use a departmentalized approach where a classroom is counted multiple times, once for each subject taught?

The response is limited to 8,000 characters.

Source – Manual entry by the SEA into the online collection tool.

FAQs about highly qualified teachers and core academic subjects:

- a. *What are the core academic subjects?* English, reading/language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography [Title IX, Section 9101(11)]. While the statute includes the arts in the core academic subjects, it does not specify which of the arts are core academic subjects; therefore, States must make this determination.

MASTER DRAFT

- b. *How is a teacher defined?* An individual who provides instruction in the core academic areas to kindergarten, grades 1 through 12, or ungraded classes, or individuals who teach in an environment other than a classroom setting (and who maintain daily student attendance records) [from NCES, CCD, 2001-02]
- c. *How is a class defined?* A class is a setting in which organized instruction of core academic course content is provided to one or more students (including cross-age groupings) for a given period of time. (A course may be offered to more than one class.) Instruction, provided by one or more teachers or other staff members, may be delivered in person or via a different medium. Classes that share space should be considered as separate classes if they function as separate units for more than 50 percent of the time [from NCES *Non-fiscal Data Handbook for Early Childhood, Elementary, and Secondary Education*, 2003].
- d. *Should 6th-, 7th-, and 8th-grade classes be reported in the elementary or the secondary category?* States are responsible for determining whether the content taught at the middle school level meets the competency requirements for elementary or secondary instruction. Report classes in grade 6 through 8 consistent with how teachers have been classified to determine their highly qualified status, regardless of whether their schools are configured as elementary or middle schools.
- e. *How should States count teachers (including specialists or resource teachers) in elementary classes?* States that count self-contained classrooms as one class should, to avoid over-representation, also count subject-area specialists (e.g., mathematics or music teachers) or resource teachers as teaching one class. On the other hand, States using a departmentalized approach to instruction where a self-contained classroom is counted multiple times (once for each subject taught) should also count subject-area specialists or resource teachers as teaching multiple classes.
- f. *How should States count teachers in self-contained multiple-subject secondary classes?* Each core academic subject taught for which students are receiving credit toward graduation should be counted in the numerator and the denominator. For example, if the same teacher teaches English, calculus, history, and science in a self-contained classroom, count these as four classes in the denominator. If the teacher were Highly Qualified to teach English and history, he/she would be counted as Highly Qualified in two of the four subjects in the numerator.
- g. *What is a “high-poverty school”?* Section 1111(h)(1)(C)(viii) defines “high-poverty” schools as schools in the top quartile of poverty in the State. The poverty quartile breaks are reported later in this section.

MASTER DRAFT

h. What is a “low-poverty school”? Section 1111(h)(1)(C)(viii) defines “low-poverty” schools as schools in the bottom quartile of poverty in the State. The poverty quartile breaks are reported later in this section.

1.5.2 Reasons Core Academic Classes Are Taught by Teachers Who Are Not Highly Qualified

In the table below, estimate the percentages for each of the reasons why teachers who are not highly qualified teach core academic classes. For example, if 900 elementary classes were taught by teachers who are not highly qualified, what percentage of those 900 classes falls into each of the categories listed below? If the three reasons provided at each grade level are not sufficient to explain why core academic classes at a particular grade level are taught by teachers who are not highly qualified, use the row labeled “other” and explain the additional reasons. The total of the reasons is calculated automatically for each grade level and must equal 100% at the elementary level and 100% at the secondary level.

Note: Use the numbers of core academic classes taught by teachers who are not highly qualified from 1.5.1 for both elementary school classes (1.5.2.1) and for secondary school classes (1.5.2.2) as your starting point.

	Percentage
Elementary School Classes	
Elementary school classes taught by certified general education teachers who did not pass a subject-knowledge test or (if eligible) have not demonstrated subject-matter competency through HOUSSE	
Elementary school classes taught by certified special education teachers who did not pass a subject-knowledge test or have not demonstrated subject-matter competency through HOUSSE	
Elementary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	
Other (please explain in comment box below)	
Total	(Auto calculated)

The response is limited to 8,000 characters.

Source – Manual entry by the SEA into the online collection tool.

MASTER DRAFT

	Percentage
Secondary School Classes	
Secondary school classes taught by certified general education teachers who have not demonstrated subject-matter knowledge in those subjects (e.g., out-of-field teachers)	
Secondary school classes taught by certified special education teachers who have not demonstrated subject-matter competency in those subjects	
Secondary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	
Other (please explain in comment box below)	
Total	(Auto calculated)

The response is limited to 8,000 characters.

Source – Manual entry by the SEA into the online collection tool.

1.5.3 Poverty Quartiles and Metrics Used

In the table below, provide the poverty quartiles breaks used in determining high- and low-poverty schools and the poverty metric used to determine the poverty quartiles. Below the table are FAQs about the data collected in this table.

	High-Poverty Schools	Low-Poverty Schools
Elementary schools	More than _____%	Less than _____%
Poverty metric used		
Secondary schools	More than _____%	Less than _____%
Poverty metric used		

MASTER DRAFT

Source – Manual entry by the SEA into the online collection tool.

FAQs on poverty quartiles and metrics used to determine poverty

- a. *How are the poverty quartiles determined?* Separately rank order elementary and secondary schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.
- b. *Since the poverty data are collected at the school and not classroom level, how do we classify schools as either elementary or secondary for this purpose?* States may include as elementary schools all schools that serve children in grades K through 5 (including K through 8 or K through 12 schools) and would therefore include as secondary schools those that exclusively serve children in grades 6 and higher.

1.6 TITLE III AND LANGUAGE INSTRUCTIONAL PROGRAMS

This section collects annual performance and accountability data on the implementation of Title III programs.

1.6.1 Language Instruction Educational Programs

In the table below, provide the types of language instruction educational programs implemented in the State, as defined in Section 3301(8), as required by sections 3121(a)(1), 3123(b)(1), and 3123(b)(2).

Table 1.6.1 Definitions:

1. **Types of Programs** = Types of programs described in the subgrantee's local plan (as submitted to the State or as implemented) that is closest to the descriptions in <http://www.ncela.gwu.edu/expert/glossary.html>.
2. **Other Language** = Name of the language of instruction, other than English, used in the programs.

Check Types of Programs	Type of Program	Other Language
	Dual language	
	Two-way immersion	
	Transitional bilingual	
	Developmental bilingual	
	Heritage language	

MASTER DRAFT

Note: New data collection for the SY 2007-08 CSPR.

1.6.4 Title III Subgrantees

This section collects data on the performance of Title III subgrantees.

1.6.4.1 Title III Subgrantee Performance

In the table below, report the number of Title III subgrantees meeting the criteria described in the table. Do not leave items blank. If there are zero subgrantees that met the condition described, put a zero in the number (#) column. Do not double count subgrantees by category.

Note: Do not include number of subgrants made under Section 3114(d)(1) from funds reserved for education programs and activities for immigrant children and youth. (Report Section 3114(d)(1) subgrants in 1.6.5.1 ONLY.)

MASTER DRAFT

	#
Total number of subgrantees for the year	
Number of subgrantees that met all three Title III AMAOs	
Number of subgrantees who met AMAO 1	
Number of subgrantees who met AMAO 2	
Number of subgrantees who met AMAO 3	
Number of subgrantees that did not meet any Title III AMAOs	
Number of subgrantees that did not meet Title III AMAOs for two consecutive years	
Number of subgrantees implementing an improvement plan for not meeting Title III AMAOs	
Number of subgrantees who have not met Title III AMAOs for four consecutive years (beginning in SY 2007-08)	

Source – Manual entry by SEA into the online collection tool.

1.6.4.2 State Accountability

In the table below, indicate whether the State met all three Title III AMAOs.

Note: Meeting all three Title III AMAOs means meeting each State-set target for each objective: Making Progress, Attaining Proficiency, and Making AYP for the LEP subgroup. This section collects data that will be used to determine State AYP, as required under section 6161.

State met <u>all</u> three Title III AMAOs	<input type="checkbox"/> Yes	<input type="checkbox"/> No
--	------------------------------	-----------------------------

1.6.4.3 Termination of Title III Language Instruction Educational Programs

This section collects data on the termination of Title III programs or activities as required by section 3123(b)(7).

Were any Title III language instruction educational programs <u>or</u> programs and activities for immigrant children and youth terminated for failure to reach program goals?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
If yes, provide the number of language instruction educational programs <u>or</u> programs and activities for immigrant children and youth terminated.		

Source – Manual entry by SEA into the online collection tool.

MASTER DRAFT

1.6.5 Education Programs and Activities for Immigrant Students

This section collects data on education programs and activities for immigrant students.

1.6.5.1 Immigrant Students

In the table below, report the unduplicated number of immigrant students enrolled in schools in the State and who participated in qualifying educational programs under Section 3114(d)(1).

Table 1.6.5.1 Definitions:

- 1. Immigrant Students Enrolled** = Number of students who meet the definition of immigrant children and youth in Section 3301(6) and enrolled in the elementary or secondary schools in the State.
- 2. Students in 3114(d)(1) Program** = Number of immigrant students who participated in programs for immigrant children and youth funded under Section 3114(d)(1), using the funds reserved for immigrant education programs/activities. This number should not include immigrant students who receive services in Title III language instructional educational programs under Sections 3114(a) & 3115(a).
- 3. 3114(d)(1) Subgrants** = Number of subgrants made in the State under Section 3114(d)(1), with funds reserved for immigrant education programs/activities. Do not include Title III LIEP subgrants made under Sections 3114(a) & 3115(a) that serve immigrant students enrolled in them.

# Immigrant Students Enrolled	# Students in 3114(d)(1) Program	# of 3114(d)(1) Subgrants

If State reports zero (0) students in programs or zero (0) subgrants, explain in comment box below.

The response is limited to 8,000 characters.

Source – Initially populated from ED*Facts*. See Attachment D: CSPR & ED*Facts* Data Crosswalk.

MASTER DRAFT

1.6.6 Teacher Information and Professional Development

This section collects data on teachers in Title III language instruction education programs as required under section 3123(b)(5).

1.6.6.1 Teacher Information

This section collects information about teachers as required under section 3123(b)(5).

In the table below, report the number of teachers who are working in the Title III language instruction educational programs as defined in Section 3301(8) and reported in 1.6.1 (Types of language instruction educational programs).

Note: Section 3301(8) – The term ‘Language instruction educational program’ means an instruction course – (A) in which a limited English proficient child is placed for the purpose of developing and attaining English proficiency, while meeting challenging State academic content and student academic achievement standards, as required by Section 1111(b)(1); and (B) that may make instructional use of both English and a child’s native language to enable the child to develop and attain English proficiency and may include the participation of English proficient children if such course is designed to enable all participating children to become proficient in English and a second language.

	#
Number of all certified/licensed teachers currently working in Title III language instruction educational programs.	
Estimate number of additional certified/licensed teachers that will be needed for Title III language instruction educational programs in the next 5 years*.	

Explain in the comment box below if there is a zero for any item in the table above.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

* This number should be the total additional teachers needed for the next 5 years, not the number needed for each year. Do not include the number of teachers currently working in Title III English language instruction educational programs.

MASTER DRAFT

1.6.6.2 Professional Development (PD) Activities of Subgrantees Related to the Teaching and Learning of LEP Students

In the table below, provide information about the subgrantee professional development activities that meets the requirements of section 3115(c)(2).

Table 1.6.6.2 Definitions:

- 1. Professional Development Topics:** Subgrantee professional development topics required under Title III.
- 2. #Subgrantees =** Number of subgrantees who conducted each type of professional development activity. A subgrantee may conduct more than one professional development activity. (Use the same method of counting subgrantees, including consortia, as in 1.6.1 and 1.6.4.1.)
- 3. Total Number of Participants =** Number of teachers, administrators and other personnel who participated in each type of the professional development (PD) activities reported.
- 4. Total =** Number of all participants in PD activities.

Professional Development Topics	# Subgrantees		
Instructional strategies for LEP students			
Understanding and implementation of assessment of LEP students			
Understanding and implementation of ELP standards and academic content standards for LEP students			
Alignment of the curriculum in language instruction educational programs to ELP standards			
Subject matter knowledge for teachers			
Other (Explain in comment box)			

Participant Information	# Subgrantees	# Participants
PD provided to content classroom teachers		
PD provided to LEP classroom teachers		
PD provided to principals		
PD provided to administrators/other than principals		
PD provided to other school personnel/non-administrative		
PD provided to community-based organization personnel		
Total		(Auto calculated)

MASTER DRAFT

The response is limited to 8,000 characters.

1.6.7 State Subgrant Activities

This section collects data on State grant activities.

1.6.7.1 State Subgrant Process

In the table below, report the time between when the State receives the Title III allocation from ED, normally on July 1 of each year for the upcoming school year, and the time when the State distributes these funds to subgrantees for the intended school year.

Table 1.6.7.1 Definitions:

- 1. Date State Received Allocation** = Annual date the State receives the Title III allocation from U.S. Department of Education (ED).
- 2. Date Funds Available to Subgrantees** = Annual date that Title III funds are available to approved subgrantees.
- 3. # of Days/\$\$ Distribution** = Average number of days for States receiving Title III funds to make subgrants to subgrantees beginning from July 1 of each year, except under conditions where funds are being withheld.

Example: State received SY 2007-08 funds July 1, 2007, and then made these funds available to subgrantees on August 1, 2007, for SY 2007-08 programs. Then the “# of days/\$\$ Distribution” is 30 days.

Date State Received Allocation	Date Funds Available to Subgrantees	# of Days/\$\$ Distribution

Source – Manual entry by SEA into the online collection tool.

1.6.7.2 Steps To Shorten the Distribution of Title III Funds to Subgrantees

In the comment box below, describe how your State can shorten the process of distributing Title III funds to subgrantees.

MASTER DRAFT

The response is limited to 8,000 characters.

1.7 PERSISTENTLY DANGEROUS SCHOOLS

In the table below, provide the number of schools identified as persistently dangerous, as determined by the State, by the start of the school year. For further guidance on persistently dangerous schools, refer to section B “Identifying Persistently Dangerous Schools” in the Unsafe School Choice Option Non-Regulatory Guidance, available at:

<http://www.ed.gov/policy/elsec/guid/unsafeschoolchoice.pdf>.

Persistently Dangerous Schools	

Source – Manual entry by SEA into the online collection tool.

1.8 GRADUATION RATES AND DROPOUT RATES

This section collects graduation and dropout rates.

1.8.1 Graduation Rates

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State’s accountability plan for the **previous school year** (SY 2006-07). Below the table are FAQs about the data collected in this table.

Student Group	Graduation Rate
All students	

MASTER DRAFT

American Indian or Alaska Native	
Asian or Pacific Islander	
Black, non-Hispanic	
Hispanic	
White, non-Hispanic	
Children with disabilities (<i>IDEA</i>)	
Limited English proficient	
Economically disadvantaged	
Migratory students	
Male	
Female	

Source – Initially populated from *EDFacts*. See Attachment D: CSPR & *EDFacts* Data Crosswalk. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

FAQs on graduation rates:

a. *What is the graduation rate?* Section 200.19 of the Title I regulations issued under the *No Child Left Behind Act* on December 2, 2002, defines graduation rate to mean:

- The percentage of students, measured from the beginning of high school, who graduate from public high school with a regular diploma (not including a GED or any other diploma not fully aligned with the State’s academic standards) in the standard number of years; or,

Another more accurate definition developed by the State and approved by the Secretary in the State plan that more accurately measures the rate of students who graduate from high school with a regular diploma; and

- Avoids counting a dropout as a transfer.

b. *What if the data collection system is not in place for the collection of graduate rates?* For those States that are reporting transitional graduation rate data and are working to put into place data collection systems that will allow the State to calculate the graduation rate in accordance with Section 200.19 for all the required subgroups, please provide a detailed progress report on the status of those efforts.

The response is limited to 8,000 characters.

MASTER DRAFT

1.8.2 Dropout Rates

In the table below, provide the dropout rates calculated using the annual event school dropout rate for students leaving a school in a single year determined in accordance with the National Center for Education Statistic's (NCES) Common Core of Data (CCD) for the **previous school year** (SY 2006-07). Below the table is a FAQ about the data collected in this table.

Student Group	Dropout Rate
All students	
American Indian or Alaska Native	
Asian or Pacific Islander	
Black, non-Hispanic	
Hispanic	
White, non-Hispanic	
Children with disabilities (<i>IDEA</i>)	
Limited English proficient	
Economically disadvantaged	
Migratory students	
Male	
Female	

Source – Manual entry by SEA into the online collection tool.

FAQ on dropout rates:

What is a dropout? A dropout is an individual who: 1) was enrolled in school at some time during the previous school year; and 2) was not enrolled at the beginning of the current school year; and 3) has not graduated from high school or completed a State- or district-approved educational program; and 4) does not meet any of the following exclusionary conditions: a) transfer to another public school district, private school, or State- or district-approved educational program (including correctional or health facility programs); b) temporary absence due to suspension or school-excused illness; or c) death.

1.9 EDUCATION FOR HOMELESS CHILDREN AND YOUTHS PROGRAM

This section collects data on homeless children and youths and the McKinney-Vento grant program.

MASTER DRAFT

In the table below, provide the following information about the number of LEAs in the State who reported data on homeless children and youths and the McKinney-Vento program. The totals will be automatically calculated.

	#	# LEAs Reporting Data
LEAs without subgrants		
LEAs with subgrants		
Total	(Auto calculated)	(Auto calculated)

Source – Manual entry by SEA into the online collection tool.

1.9.1 All LEAs (with and without McKinney-Vento subgrants)

The following questions collect data on homeless children and youths in the State.

1.9.1.1 Homeless Children and Youths

In the table below, provide the number of homeless children and youths by grade level enrolled in public school at any time during the regular school year. The totals will be automatically calculated:

Age/Grade	# of Homeless Children/Youths Enrolled in Public School in LEAs Without Subgrants	# of Homeless Children/Youths Enrolled in Public School in LEAs With Subgrants

Source – Initially populated from *EDFacts*. See Attachment D: CSPR & *EDFacts* Data Crosswalk.1.9.2.5.2 Mathematics Assessment

This section is similar to 1.9.2.5.1. The only difference is that this section collects data on the State *NCLB* mathematics assessment.

Source – Initially populated from *EDFacts*. See Attachment D: CSPR & *EDFacts* Data Crosswalk.

1.10 MIGRANT CHILD COUNTS

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the reporting period of September 1, 2007 through August 31, 2008. This section also collects a report on the procedures used by States to produce true, accurate, and valid child counts.

MASTER DRAFT

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in section 1.10.3.4 *Quality Control Processes*.

Note: In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

FAQs on Child Count:

How is "out-of-school" defined? Out-of-school means youth up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school, youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping.

How is "ungraded" defined? Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

1.10.1 Category 1 Child Count

In the table below, enter the unduplicated Statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the reporting period of September 1, 2007 through August 31, 2008. This figure includes all eligible migrant children who may or may not have participated in MEP services. Count a child who moved from one age/grade level to another during the reporting period only once in the highest age/grade that he/she attained during the reporting period. The unduplicated Statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years

MASTER DRAFT

- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

1.10.1.1 Category 1 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 1 greater than 10%.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

MASTER DRAFT

1.10.2 Category 2 Child Count

In the table below, enter by age/grade the unduplicated Statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the reporting period of September 1, 2007 through August 31, 2008. Count a child who moved from one age/grade level to another during the reporting period only once in the highest age/grade that he/she attained during the reporting period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated Statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

MASTER DRAFT

1.10.2.1 Category 2 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3 Child Count Calculation and Validation Procedures

The following question requests information on the State's MEP child count calculation and validation procedures.

1.10.3.1 Student Information System

In the space below, respond to the following questions: What system(s) did your State use to compile and generate the Category 1 and Category 2 child count for this reporting period (e.g., NGS, MIS 2000, COEStar, manual system)? Were child counts for the last reporting period generated using the same system(s)? If the State's Category 2 count was generated using a different system from the Category 1 count, please identify each system.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3.2 Data Collection and Management Procedures

In the space below, respond to the following questions: How was the child count data collected? What data were collected? What activities were conducted to

MASTER DRAFT

collect the data? When were the data collected for use in the student information system? If the data for the State's Category 2 count were collected and maintained differently from the Category 1 count, please describe each set of procedures.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

In the space below, describe how the child count data are inputted, updated, and then organized by the student information system for child count purposes at the State level.

The response is limited to 8,000 characters.

If the data for the State's Category 2 count were collected and maintained differently from the Category 1 count, please describe each set of procedures.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

1.10.3.3 Methods Used To Count Children

In the space below, respond to the following question: How was each child count calculated? Please describe the compilation process and edit functions that are built into your student information system(s) specifically to produce an accurate child count. In particular, describe how your system includes and counts only:

- children who were between age 3 through 21;

MASTER DRAFT

- children who met the program eligibility criteria (e.g., were within 3 years of a last qualifying move, had a qualifying activity);
- children who were resident in your State for at least 1 day during the eligibility period (September 1 through August 31);
- children who—in the case of Category 2—received a MEP-funded service during the summer or intersession term; and
- children once per age/grade level for each child count category.

The response is limited to 8,000 characters.

If your State's Category 2 count was generated using a different system from the Category 1 count, please describe each system separately.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

1.10.3.4 Quality Control Processes

In the space below, respond to the following question: What steps are taken to ensure your State properly determines and verifies the eligibility of each child included in the child counts for the reporting period of September 1 through August 31 before that child's data are included in the student information system(s)?

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

MASTER DRAFT

In the space below, describe specifically the procedures used and the results of any re-interview processes used by the SEA during the reporting period to test the accuracy of the State's MEP eligibility determinations. In this description, please include the number of eligibility determinations sampled, the number for which a test was completed, and the number found eligible.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

In the space below, respond to the following question: Throughout the year, what steps are taken by staff to check that child count data are inputted and updated accurately (and—for systems that merge data—consolidated accurately)?

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

In the space below, respond to the following question: What final steps are taken by State staff to verify the child counts produced by your student information system(s) are accurate counts of children in Category 1 and Category 2 prior to their submission to ED?

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

In the space below, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations in light of the prospective re-interviewing results.

MASTER DRAFT

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.
