## U.S. PRODUCERS' QUESTIONNAIRE

#### CERTAIN SODIUM AND POTASSIUM PHOSPHATE SALTS FROM CHINA

This questionnaire must be received by the Commission by no later than October 8, 2009

See page 4 of the Instruction Booklet for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its countervailing duty and antidumping investigations concerning certain sodium and potassium phosphate salts ("certain phosphate salts") from China (Inv. Nos. 701-TA-473 and 731-TA-1173 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your possession (19 U.S.C. § 1333(a)).

#### PART I.—GENERAL INFORMATION

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

I-1a.	Please report below the actual number of hours required and the cost to your firm of preparing the reply to this questionnaire and completing the form.

III-12. <u>Asset values</u>.--Report the total assets associated with the production, warehousing, and sale of certain phosphate salts. If your firm does not maintain some or all of the specific asset data in the normal course of business, please estimate it based upon some rational method (such as production, sales, or costs) that is consistent with your cost allocations in the previous question. Provide data as of the end of your three most recently completed fiscal years in chronological order from left to right.

Please <u>prepare this asset value table for each product</u> unless such allocation/estimate for each product is not possible (please explain why it is not possible if asset value can not be prepared for each product).

## PRICE DATA

This section requests quarterly quantity and value data, f.o.b. your U.S. point of shipment, for your commercial shipments to unrelated U.S. customers during January 2006–June 2009 of the following products produced by your firm.

- <u>Product 1.</u>—Dipotassium phosphate (DKP), anhydrous, food grade, whether granular or powder and regardless of packaging size
- <u>Product 2</u>.—Monopotassium phosphate (MKP), anhydrous, technical grade, whether granular or powder and regardless of packaging size
- <u>Product 3</u>.—Sodium tripolyphosphate (STPP), anhydrous, food grade, whether granular or powder and regardless of packaging size
- <u>Product 4.</u>—Sodium tripolyphosphate (STPP), anhydrous, technical grade, whether granular or powder and regardless of packaging size
- <u>Product 5.</u>—Tetrapotassium pyrophosphate (TKPP), anhydrous, food grade, whether granular or powder and regardless of packaging size
- <u>Product 6</u>.—Tetrapotassium pyrophosphate (TKPP), anhydrous, technical grade, whether granular or powder and regardless of packaging size

Please note that total dollar values should be f.o.b., U.S. point of shipment and should not include U.S.-inland transportation costs. Total dollar values should reflect the *final net* amount paid to you (i.e., should be net of all deductions for discounts or rebates). See the instruction booklet.
