Countervailing and/or antidumping duties may be assessed on the subject imports as a result of these investigations if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce makes an affirmative determination of subsidization and/or dumping.

Questionnaires and other information pertinent to these investigations are available at http://www.usitc.gov/trade_remedy/731_ad_701_cvd/investigations/2009/prcb/finalphase.htm. Verification.--The information submitted in the enclosed questionnaire(s) is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all your workpapers and supporting documents used in the preparation of the questionnaire response(s).

Release of information.--The information provided by your firm in response to the questionnaire(s), as well as any other business proprietary information submitted by your firm to the Commission in connection with the investigations, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). INSTRUCTIONS

Answer all questions.--Do not leave any question or section blank unless a questionnaire expressly directs you to skip over certain questions or sections. If the answer to any question is "none," write "none." **If information is not readily available from your records in exactly the form requested, furnish carefully prepared estimates--designated as such by the letter "E"--and explain the basis of your estimates.** Answers to questions and any necessary comments or explanations should be supplied in the space provided or on separate sheets attached to the appropriate page of the questionnaire(s). If your firm is completing more than one questionnaire in connection with these investigations (i.e., a producer, importer, purchaser, and/or foreign producer questionnaire), you need not respond to duplicated questions in the questionnaires.

Consolidate all establishments in Indonesia, Taiwan, and/or Vietnam.--Report the requested data for your establishment(s) located in Indonesia, Taiwan, and/or Vietnam. **Firms operating more than one establishment in a country should combine the data for all its establishments in that country. The subject merchandise is defined as non-sealable sacks and bags with handles (including drawstrings), without zippers or integral extruded closures, with or without gussets, with or without printing, of polyethylene film having a thickness no greater than 0.035 inch (0.889 mm) and no less than 0.00035 inch (0.00889 mm), and with no length or width shorter than 6 inches (15.24 cm) or longer than 40 inches (101.6 cm).
