**Background.**--This investigation was instituted in response to a petition filed on April 20, 2009 by the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, Pittsburgh, PA. Import relief may be imposed by the President on the subject imports as a result of this investigation if the Commission determines that imports of the subject certain passenger vehicle and light truck tires (subject tires) from China are being imported in such increased quantities or under such conditions as to cause or threaten to cause market disruption to the domestic producers or the like or directly competitive products. The President may impose relief in the form of increased duties and/or other restrictions on subject tires from China that are the subject of an affirmative determination.
