DEFINITIONS

Commodity Matchbooks -- The subject product is commodity matchbooks, also known as commodity book matches, paper matches or booklet matches. Such commodity matchbooks are also referred to as “for resale” because they always enter into retail channels, meaning businesses that sell a general variety of tangible merchandise, e.g., convenience stores, supermarkets, dollar stores, drug stores and mass merchandisers. Commodity matchbooks typically, but do not necessarily, consist of twenty match stems which are usually made from paperboard or similar material tipped with a match head composed of any chemical formula. The match stems may be stitched, stapled or otherwise fastened into a matchbook cover of any material, on which a striking strip composed of any chemical formula has been applied to assist in the ignition process.

Commodity matchbooks included in the scope of this investigation may or may not contain printing. For example, they may have no printing other than the identification of the manufacturer or importer. Commodity matchbooks may also be printed with a generic message such as “Thank You” or a generic image such as the American Flag, with store brands (*e.g., Kroger, 7-Eleven, Shurfine or Giant*); product brands for national or regional advertisers such as cigarettes or alcoholic beverages; or with corporate brands for national or regional distributors (*e.g., Penley Corp. or Diamond Brands*). They all enter retail distribution channels. Regardless of the materials used for the stems of the matches and regardless of the way the match stems are fastened to the matchbook cover, all commodity matchbooks are included in the scope of this investigation.

All matchbooks, including commodity matchbooks, typically comply with the United States Consumer Product Safety Commission (CPSC) Safety Standard for Matchbooks, codified at 16 CFR 1202.1 *et. seq.*

The scope of this investigation excludes promotional matchbooks (defined below). Also excluded are all other matches that are not fastened into a matchbook cover such as wooden matches, stick matches, box matches, kitchen matches, pocket matches, penny matches, household matches, strike-anywhere matches (aka “SAW” matches), strike-on-box matches (aka “SOB” matches), fireplace matches, barbeque/grill matches, fire starters, and wax matches.

Commodity matchbooks are imported under statistical reporting number 3605.00.0060 of the Harmonized Tariff Schedule of the United States (HTS). Subject merchandise may also enter under statistical reporting number 3605.00.0030.

Promotional Matchbooks -- These matchbooks are often referred to as “not for resale,” or “specialty advertising” matchbooks, as they do not enter into retail channels and are normally sold to businesses that provide hospitality, dining, drinking or entertainment services to their customers, and are given away by these businesses as promotional items. Such promotional matchbooks are distinguished by the physical characteristic of having the name and/or logo of a bar, restaurant, resort, hotel, club, cafe/coffee shop, grill, pub, eatery, lounge, casino, barbecue or individual establishment printed prominently on the matchbook cover. Promotional matchbook cover printing also typically includes the address and the phone number of the business or establishment being promoted.

Matchbook Case -- The measurement of quantity in these investigations, a case of matchbooks, consists of 2,500 matchbooks (50 trays in a case, with 50 matchbooks in each tray).

Firm--An individual proprietorship, partnership, joint venture, association, corporation (including any subsidiary corporation), business trust, cooperative, trustee in bankruptcy, or receiver under decree of any court.

Related firm--A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.

Establishment--Each facility of a firm in the United States involved in the production, importation, and/or purchase of commodity matchbooks (as defined above), including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

United States--For purposes of this investigation, the 50 States, Puerto Rico, the U.S. Virgin Islands, and the District of Columbia.

Importer--Any person or firm engaged, either directly or through a parent company or subsidiary, in importing commodity matchbooks (as defined above) into the United States from a foreign manufacturer or through its selling agent.

Imports--Those products identified for Customs purposes as imports for consumption for which your firm was the importer of record (i.e., was responsible for paying any import duty) or consignee (i.e., to which the merchandise was first delivered).

Import quantities--Quantities reported should be net of returns.

Import values--Values reported should be landed, duty-paid values at the U.S. port of entry, including ocean freight and insurance costs, brokerage charges, and import duties (i.e., all charges except inland freight in the United States).

Purchaser--Any person or firm engaged, either directly or through a parent company or subsidiary, in purchasing commodity matchbooks (as defined above) from another firm that produces, imports, or otherwise distributes commodity matchbooks. A retail firm that is the importer of record may be considered a purchaser.

Purchase values.--Values reported should be net values (i.e., gross purchase values less all discounts, allowances, rebates, and the value of returned goods), delivered to your U.S. receiving point.
