Dear Reporter:

The Alfalfa & Clover Seed Commission has contracted with us to determine the quantity of alfalfa and clover seed produced in Idaho. Your voluntary response is appreciated. All individual reports are kept confidential and used only to prepare the State total. Please fill in the table below and return it in the enclosed envelope which needs no stamp. If you prefer to fax the report, our fax number is 334-1114.

Sincerely,

William R Meyer
Director

Please make corrections to name, address, and zip code, if necessary.

SEED HANDLERS: Report only for seed handled by your firm. Do not make an estimate for the total crop in each state. Report acreage and quantity of **2006** crop seed cleaned, regardless of ownership, by your plant(s). Include seed that has been partly cleaned on farms where cleaning operations are confined to the farmer's own production. However, exclude from your report any cleaned or partly cleaned seed that you received from some other cleaner. Please report the average price growers received for clean seed **BEFORE** paying cleaning charges.

Report seed handled by your firm that was harvested during 2006.

	Seed Harvested in:	Acres Harvested	Quantity of Seed Cleaned (Pounds)	Average Price Paid Per Pound (Dollars)
Alfalfa Seed	Idaho			
	Other States: _____			
Red Clover Seed	Idaho			
	Other States: _____			
White Clover Seed	Idaho			
	Other States: _____
