TOBACCO INQUIRY
March 2007

Dear Tobacco Grower:

The first forecast of tobacco acreage to be harvested in 2007 will be published March 30. Your help in reporting the acreage you intend to plant this year is greatly appreciated. Updated information on sales and average price received for the 2006 crop is also requested. Response to this survey is voluntary and not required by law; however, to make our report as accurate as possible, it is important that we receive replies from as many individual growers as possible. Your cooperation in providing your best estimate for the questions below is appreciated. Individual reports will be kept confidential.

If necessary, interviewers will begin calling for information around March 5. Please help us save the cost of an interview by promptly returning this questionnaire in the enclosed envelope.

Sincerely,

Gary R Keough
 Director

Please make corrections to name, address and Zip Code, if necessary.

Please Answer the Following Questions for Your Entire Operation

Information obtained from an earlier contact has been recorded for your verification; please correct as necessary.
