G1. Parental Permission Form Distribution Script

Dear Teacher:

You may wish to read this as you distribute the parental permission forms to encourage student participation in the 2009 National Youth Tobacco Survey.

Thank you.

Our class has been selected to participate in the 2009 National Youth Tobacco Survey conducted by the Centers for Disease Control and Prevention. This survey is designed to focus on tobacco-related beliefs, attitudes, and behaviors, and exposure to influences that promote or discourage tobacco use. Your participation in the survey is very important as you represent thousands of students around the country. Each of you will receive a parental permission form to take home for your parents to sign. Please bring this form back in three days. You must return this form to take part in the survey. IF YOU DO NOT HAVE A SIGNED PARENTAL PERMISSION FORM, YOU MAY NOT TAKE THE SURVEY.

G2. Parental Permission Form and Fact Sheet (English Version)

PARENTAL PERMISSION FORM

Our school is taking part in the 2009 National Youth Tobacco Survey (2009 NYTS). Students in grades 6 through 12 will be asked to fill out a survey about their tobacco-related beliefs, attitudes, and behaviors, intent to use, and exposure to influences that promote or discourage tobacco use. This survey is funded by the Centers for Disease Control and Prevention (CDC).

Students will be asked to fill out a survey that takes about 35 minutes to complete.

Doing this paper and pencil survey will cause little or no risk to your child. The only potential risk is that some students might find certain questions to be sensitive. The survey has been designed to protect your child's privacy. Students will not put their names on the survey. Also, no school or student will ever be mentioned by name in a report of the results. Your child will get no benefit right away from taking part in the survey. But the results of this survey will help your child and other children in the future. We would like all selected students to take part in the survey, but the survey is voluntary. No action will be taken against the school, you, or your child, if your child does not take part. Students can skip any questions that they do not wish to answer. In addition, students may stop participating in the survey at any point without penalty. If you would like to see the survey, a copy is available in the school office.

State and local school officials and a review board at CDC have approved the survey. You or your child may have questions about your child's rights as a participant in this research study. If so, please call the CDC Human Research Protections Office at 1-800-584-8814. Please leave a brief message with your name and phone number. Say that you are calling about CDC protocol #4118. We will return your call as soon as possible.

Please read the section below and check one box. Then, sign the form and **return it to the school within 3 days**. Please see the other side of this form for more facts about the survey. If your child's teacher or principal cannot answer your questions about the survey, call Dr. Danice Eaton of the CDC at 770-488-6143. Thank you.

Q. Why is the 2009 NYTS being done?

A. The purpose of the National Youth Tobacco Survey (NYTS) is to gather nationally representative data for students in grades 6 through 12 for the following tobacco related topics: prevalence of use (cigarettes, smokeless tobacco, cigars, pipe, bidis, and kreteks), knowledge and attitudes, media and advertising, minor's access and enforcement, school curriculum, environmental tobacco smoke (ETS) exposure, and cessation.

Q. What are the survey questions about?

A. All questions on the survey relate to student's attitudes, behaviors, and knowledge about tobacco use, intent to use, exposure to tobacco use, and exposure to tobacco marketing/advertising.

Q. How was my child picked to be in the survey?

When students finish the survey, they place the survey in an envelope and seal it shut. The envelopes are then collected in a big box.

Q. Do students take the survey more than once to see how their behaviors change?

A. No. Students who take part cannot be tracked because their names are not on the survey.

Q. How long does the survey take to fill out?

A. One class period is needed to fill out the written survey.

FORMULARIO DE PERMISO DE LOS PADRES

Nuestra escuela está participando en la Encuesta Nacional de la Juventud y el Tabaco 2009 (NYTS 2009). Se invitarán a los estudiantes en los grados 6 hasta 12 completar un cuestionario sobre los conocimientos, las actitudes, y los comportamientos del uso del tabaco, intento de usarlo, y la exposición a las influencias que promueven o desalientan el uso del tabaco. Esta encuesta es auspiciada por Los Centros para el Control y la Prevención de Enfermedades (CDC).

Se necesita un período normal (aproximadamente 35 minutos) para completar el cuestionario.

Contestar este cuestionario de papel y lápiz representa poco o ningún riesgo para su hijo(a). El único riesgo es que a algunos estudiantes, ciertas preguntas les parezcan sensitivas. Los procedimientos de administración de la encuesta fueron diseñados para no revelar la identidad de su hijo(a). Los estudiantes no escriben sus nombres en los cuestionarios. Ninguna escuela o estudiante será identificado en los informes que se publiquen. Su hijo(a) no recibirá beneficios inmediatos por llenar la encuesta. Pero los resultados de esta encuesta ayudarán a su niño y otros niños en el futuro. Nos gustaría que cada estudiante escogido participe en la encuesta, pero la decisión de participar es voluntaria. No le traerá repercusiones a la escuela, a usted, o a su hijo(a) si decide que su hijo(a) no participe. Los estudiantes pueden omitir unas preguntas si no quieren completarlas. También, los estudiantes pueden terminar su participación cuando les gusten, sin repercusiones. Si quisiera usted revisarlo, una copia del cuestionario está disponible en la oficina de la escuela.

Unos oficiales locales y de los estados y un comité de revista de CDC han aprobado la encuesta. DATA COLLECTOR SURVEY ADMINISTRATION GUIDE

NATIONAL YOUTH TOBACCO SURVEY

- STEP 1 - VERIFY THAT ALL ASSEMBLED STUDENTS HAVE COMPLETED APPROPRIATE PERMISSION FORM PROCESS REQUIRED FOR THIS SCHOOL AND THAT NONPARTICIPATING STUDENTS (IF ANY) HAVE AN ALTERNATE ACTIVITY.
- STEP 2 - AFTER STUDENTS ARE SEATED, DISTRIBUTE (OR ASK TEACHERS TO DISTRIBUTE) PENCILS. DO NOT DISTRIBUTE QUESTIONNAIRE BOOKLETS.
- STEP 3 - INTRODUCE YOURSELF AND THE SURVEY TO THE CLASS.

This survey is being conducted on behalf of the Centers for Disease Control and Prevention (also known as CDC). Participating in this survey is voluntary and your grade in this class will not be affected, whether or not you answer the questions. However, only a limited number of students like yourselves are participating in this survey in schools all over the Nation. The answers you give are very important so that your results are accurate.

I would like to emphasize that this is not a test of you or our school. The National Youth Tobacco Survey is designed to collect comprehensive data on the attitudes, knowledge, and behaviors of middle and high school students (grades 6-12) with respect to tobacco, and on other influences that might make a youth susceptible to tobacco use in the future. This will help educators and health officials develop better education programs.

- STEP 4 - DISTRIBUTE QUESTIONNAIRES/STUDENT ENVELOPES.
EMPHASIZE PRIVACY/ ANONYMITY.

Throughout the entire survey process, we will maintain strict procedures to protect your privacy and allow for your anonymous participation. Please **do not** write your name on the questionnaire booklet. Your answers are private and we do not want to know your name. Results of this survey will never be reported by names, class, or school. When you finish the survey, place your survey booklet in the envelope provided, seal it, and leave it on your desk.

PAUSE HERE TO ANSWER ANY QUESTIONS...

STEP 5 - INSTRUCT THE CLASS IN FILLING OUT QUESTIONNAIRE.

Now I would like you to look at the questionnaire. Please take a moment to read the instructions on the front cover of the questionnaire.

(PAUSE)

Use the No. 2 pencil you have been given to fill out this survey. Do not use a pen or some other pencil. Notice that for each question on the survey, there is a corresponding set of ovals. For each question, choose the answer that best fits what you know, feel, or do, then fill in the corresponding oval. If you must change an answer, erase your old answer completely.

When you are finished, look over your booklet to make sure that you haven't skipped any questions. We have allowed 35 minutes for completing the survey. If you finish before that time, place your survey booklet in the envelope, seal it, and stay seated until I ask you to turn it in. It is important that you answer the questions based on what you really know, believe, and do. Don't pick a response just because you think that's what someone wants you to say. **Your teacher and I are not allowed to answer any questions. Simply do the best that you can.** Please begin.

**NOTE TO DATA COLLECTOR:
(DO NOT READ ALOUD TO STUDENTS)**

While students are taking the survey, work with the teacher to complete the Data Collection Checklist, Make-up list, and fill out the label on the front of the 10 x 13 class envelope. Remember when calculating the enrollment, please do not count students who are on the rolls but for all practical purposes have dropped out, are on suspension, or are on extended medical absence. Please write down the number of booklets enclosed.

STEP 6 - AT THE END OF CLASS PERIOD, COLLECT QUESTIONNAIRES.

STEP 7 - THANK PARTICIPANTS.

I would like to thank all of you for participating in this survey. The information you have provided will be used to develop better health education programs for students like yourselves all around the nation.

STEP 8 - THANK THE TEACHER
