SUBJECT: Non-applicability of the Privacy Act: Inventory and Evaluation of Clinical Research Networks (IECRN)

I have reviewed the NCRR submission to OMB requesting approval for the Inventory and Evaluation of Clinical Research Networks (IECRN).

I have determined that the Privacy Act will not apply to this data collection. Although the core survey will collect personally identifiable information, the web-based inventory in which it will be stored was not designed to be retrieved by a personal identifier.

If you have any questions, please contact my office at (301) 496-2832.
