attn jean ann chambers state plan for grants to states for refugee resettlement

this program needs to be shut down. the us is bankrupt. our taxpayers pockets have been picked absolutely clean for all of these people from other countries and our own children dont have health coverage - 40 million of them. what is going on with the stupid politicians in crooked sin city washington dc to let americans go without and to bring in all of these people to sit on taxpayers backs when the taxpayers are losing their homes to foreclosure and have no place to live, etc. the financial situation is horrible for us citizens and this program needs shut down on a moritorium basis. the taxpayers of this country simply cannot continue this largesse.

you stupid people in washington sin city bureaucracy just keep piling it on and on and on as if the us taxpayers have infinite amounts of money to give youi for these projects. shut down this one on a moritorium basis.

dont bring in more alleged "refugees". let them stay in their own country and improve it. the taxpayers of this country are not made of money. the us does not have infinite resources. SHUT DOWN THE WHOLE PROGRAM OF REFUGEE RESETTLEMENT AND GIVING AWAY US TAX DOLLARS TO THE REST OF THE WORLDL.
