

Public Burden Statement:

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average **20 minutes** per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is voluntary. **Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to:** U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1800-0011. Note: Please do not return the completed Site Visit Focus Group for MSAP Teachers to this address.

Thank you for taking the time to participate in this focus group. It will take 30 minutes. We are assessing the 2010 Magnet Schools Assistance Program (MSAP) grantees' current technical assistance needs, and these focus groups are part of our initial data collection effort. There are no right or wrong answers. We are interested in identifying what you know in order to provide you with the most relevant and focused technical assistance. Does anyone have any questions before we begin?

1. What is the purpose and goal of your MSAP project?

2. What are some challenges to implementing the magnet program?

3. What resources and technical assistance do you need in order to meet your MSAP project goals and objectives?

4. What technical assistance or professional development needs have you received or are you scheduled to receive to help you meet the magnet project purpose and objectives?

5. What are your top three preferred methods for receiving technical assistance?
