FARM AND RANCH IRRIGATION SURVEY	
Table of Contents	1
Chapter 1	
2008 Farm and Ranch Irrigation Survey - Introduction.....	101
General	101
Purpose and Scope of the Survey	101
Authority and Area Covered.....	102
Farm Definition.....	102
Water Resource Areas.....	102
Methods of Enumeration and Data Collected	102
Uses of the FRIS survey	103
Chapter 2	
Terms and Definitions.....	201
Water Resource Areas.....	206
Chapter 3	
Procedures	
General	301
Materials.....	301
Supervision and Quality Control.....	302
Interview and Call Back Procedures	302
Burden Statement	303
Refusals	303
Completing the Questionnaire.....	304
Chapter 4	
General Instructions	401
Instructions by Section	
Section 1 - Acreage in 2008.....	401
Section 2 - Land Use in 2008.....	402
Section 3 - Government Programs.....	403
Section 4 - Method of Water Distribution in 2008.....	403
Section 5 - Acres Irrigated and Estimated of Quantity of Water Used	406
Section 6 - Water Transfers in 2008	407
Section 7 - Expenditures for Irrigation Facilities and Equipment on “This Operation” in 2008.....	408

	Page
Section 8 - Acres Harvested and Crop Yields in 2008	408
Section 9 - Primary Method of Water Distribution and Application of Chemical in Irrigation Water, and Water Source for Crops Irrigated on "This Operation" in 2008	408
Section 10 - Number of Irrigation Wells on "This Operation" in 2008, Well Depth, and Pumping Capacity	409
Section 11 - Pumps, Other Than Well Pumps, Used for Irrigation on "This Operation" in 2008.....	411
Section 12 - Energy Use on "This Operation" in 2008 for Pumping Irrigation Water by Power Source	411
Section 13 - Irrigation Maintenance and Repair Costs for Irrigation Equipment and Facilities on "This Operation" in 2008	411
Section 14 - Labor Costs for Irrigation Activities on "This Operation" in 2008.....	411
Section 15 - Irrigation Practices in 2008	412
Section 16 - Other Uses for Irrigation Water on "This Operation" in 2008.....	412
Section 17 – Water Management Practices for Gravity Irrigation Systems .	412
Section 18 - Improvements to Irrigation Systems That Reduce Energy and/or Conserve Water Used in Irrigation	412
Section 19 - Sources of Irrigation Information.....	412
Section 20 – Recycled and/or Reclaimed Water Use on This Operation in 2008.....	412
Section 21 - Irrigated Land in 2007	412
Section 22 - Value of Sales	413
Section 23 - Person Completing this Form	413
Appendix A - Water Resource Areas in the U.S.	501
