The applicant should periodically check the status of its application through the Trademark Applications and Registrations Retrieval (TARR) database, to see if the assigned examining attorney has e-mailed an Office Action. If an action has been sent to the provided e-mail address, the USPTO is not responsible for any e-mail not received due to the applicant's security or anti-spam software, or any problems within the applicant's e-mail system.

Applicant requests a six-month extension of time to file the Statement of Use under 37 C.F.R. § 2.89 in this application.

Attorney Information

Note: If (1) the applicant has not previously appointed an attorney to prosecute this application (*i.e.*, the applicant was acting *pro se*), or (2) multiple attorneys from your firm had been appointed previously, and you are now to become the new "primary" attorney rather than simply being one of the "other appointed attorneys," you may complete the fields below, and the USPTO will presume that you are the applicant's attorney. This filing will electronically update the "Attorney of Record" data in the USPTO's, and no separate filing of an Appointment of Attorney signed by the applicant is necessary. But if you are a new, never-listed attorney, you may re-enter the proper information below *only* if a formal Revocation and/or Appointment of attorney signed by the applicant has been filed. Do not attempt to change the attorney of record absent the required filing of

the revocation and/or appointment. To change the correspondence address or e-mail, please use the Change of Correspondence Address Form.

The "Validate Form" function allows you to run an automated check to ensure that all mandatory fields have been completed. You will receive an "error" message if you have not filled in one of the fields that are considered mandatory. For other fields that the USPTO believes are important, but not mandatory, you

will receive a "warning" message if the field is left blank. This warning is a courtesy, if non-completion was merely an oversight. If you so choose, you may by-pass that "warning" message and validate the form (however, you cannot by-pass an "error" message).
