Subject: Test survey Dec 4th

Another test of part of the survey sent on Dec 4th.

I've made changes based on feedback, especially to Section A. Try out saying that the info is not correct and you should also be asked to confirm the corrections after you input them.

This test does not yet include all the data tables yet for DoD and non-DoD PSI projections or totals tables, but we are getting closer to testing those too.

Please provide your comments in the comments section of the survey OR, send me email. Click on the link to access the test survey.

Also, showing you one of the "formats" that we can select for the survey.
