

REPORT ON INDIVIDUAL WITH MENTAL IMPAIRMENT

The patient named on the attached form has applied for a determination of disability under the Social Security Act. We would appreciate receiving a report describing the patient's condition. In evaluating a mental impairment, we need to know:

- (1) THE DATE OF ONSET AND COURSE OF THE CONDITION - Including earlier periods of hospitalization, behavior prior to admission, etc.
- (2) YOUR FINDINGS - Adjustment while institutionalized, psychiatric and physical findings, diagnosis, therapy and response.
- (3) PRESENT CONDITION AND PROGNOSIS - Including plans for release.
- (4) POST HOSPITALIZATION FOLLOW-UP - Medications, dosage and recommendations for any other treatment methods prescribed.

Much of this information should be available in your records, in the staff summary or clinical abstract. A copy of this summary, updated by a brief description of the patient's current condition, activities, and plans for release will usually provide the information we need.

Note: If this patient is not currently institutionalized, or is on leave, please report on the patient's condition during his or her period of hospitalization. In such cases, we would appreciate a copy of the discharge summary, available social service reports and information about any treatment subsequent to release.

If you are furnishing a discharge summary, only questions 7 and 8 and the signature block of this form need to be completed. If you are not able to furnish a summary, you may report by completing all items on the form.

See Revised PRA Attached

PRIVACY ACT NOTICE: The Social Security Administration is authorized to collect the information on this form under sections 205(a), 223(d) and 1631(e)(1) of the Social Security Act. The information on this form is needed by Social Security to complete processing of the named patient's claim. While giving us the information on this form is voluntary, failure to provide the requested information may prevent an accurate or timely decision on the named patient's claim. Privacy Act Notice: Sections 205(a), 223(d) and 1631(e)(1) of the Social Security Act, as amended, authorize us to collect this information. The information is needed to determine benefit eligibility of the named claimant. The information you furnish on this form is voluntary. However, failure to provide all or part of the information could prevent an accurate and timely decision on benefit eligibility of the named claimant.

We rarely use the information you supply for any purpose other than for establishing benefit eligibility. However, we may use it for the administration and integrity of Social Security programs. We may also disclose information to another person or to another agency in accordance with approved routine uses, which include but are not limited to: (1) to enable a third party or an agency to assist Social Security in establishing rights to Social Security benefits and/or coverage; (2) to comply with Federal laws requiring the release of information from Social Security records (e.g., to the Government Accountability Office and Department of Veterans Affairs); (3) to make determinations for eligibility in similar health and income maintenance programs at the Federal, state, and local level; (4) to private medical and vocational consultants for use in consultative medical examinations or vocational assessments; (5) to State vocational rehabilitation agencies or State agencies or other agencies providing services to disabled children; and (6) to facilitate statistical research, audit or investigative activities necessary to assure the integrity of Social Security programs.

We may also use the information you provide in computer matching programs. Matching programs compare our records with records kept by other Federal, state or local government agencies. Information from these matching programs can be used to establish or verify a person's eligibility for Federally funded and administered benefit programs and for repayment of payments or delinquent debts under these programs.
