Refugee/Asylee Relative Petition
(Form I-730)
OMB No. 1615-0037

A. Justification:

1. Sections 207(c)(2) and 208(c) of the Immigration and Nationality Act (Act) provide benefits for the spouse and/or children of aliens who were granted refugee or asylum status. This form will be used by an asylee or refugee to file on behalf of his/her spouse and/or children provided that the relationship to the asylee/refugee existed prior to their admission to the United States.

2. The data collected on this form is used by U.S. Citizenship and Immigration Services (USCIS) to determine eligibility for the requested immigration benefit. If derivative asylee/refugee status is granted to the beneficiary, the data collected on and in conjunction with this form, including biometric data (*e.g.*, fingerprints and photographs), will also be used for purposes of conducting background and security checks, such as FBI criminal history record checks. If derivative asylee/refugee status is granted to the beneficiary, the information will also be used to produce a secure Employment Authorization Document (EAD) with biometric identifiers as required by section 309 of the Enhanced Border Security and Visa Reform Act of 2002, Public Law 107-173. The form serves the purpose of standardizing requests for the benefit, and ensuring that applicants provide the basic information required to assess eligibility.
