

SUPPORTING STATEMENT

Application for Naturalization

Form N-400

(OMB No. 1615-0052)

A. Justification.

1. The Form N-400 is an application the U.S. Citizenship and Immigration Services (USCIS) provides for the use of immigrants who apply for naturalization (8 CFR 316.4). The USCIS uses the N-400 to determine whether the applicant is eligible for U.S. citizenship.
2. USCIS uses information collected on the N-400 to determine the applicant's eligibility for naturalization. USCIS is revising the form to clarify certain procedures and to make changes to the filing instructions. Please see the table of changes.
3. At this time, this form provides the most efficient means for collecting and processing the required data. USCIS has designated this form for e-filing as part of the Business Transformation Project.
4. A review of the USCIS Forms Inventory Report revealed no duplication of effort, and there is no other similar information currently available that can be used for this purpose.
5. The collection of information does not have an impact on small businesses or other small entities.

6. The information collected on the Form N-400 is essential to documenting whether the applicant has met all the eligibility requirements for naturalization. If the information collection is not conducted, USCIS would not be able to determine if an applicant's eligibility requirements for naturalization were met, nor would adjudication officers be able to conduct a meaningful adjudication interview.
7. The special circumstances contained in item 7 of the supporting statement are not applicable to this information collection.
8. USCIS published a 60 Day Information Collection on May May 16, 2008, at 73 FR 28493. USCIS did not receive any comments.
9. The USCIS does not provide payments or gifts to respondents in exchange for a benefit sought.
10. There is no assurance of confidentiality.
11. There are no questions of a sensitive nature.
12. Annual Reporting Burden:

a.	Number of Respondents	700,000
b.	Number of Responses per each Respondent	1
c.	Total Annual Responses	700,000
d.	Hours per Response	6.13
e.	Total Annual Reporting Burden	4,291,000

Annual Reporting Burden

The total annual reporting burden is **4,291,000**. This figure is based on the number of respondents (700,000) multiplied by x 6 hours and 8 minutes (6.13) per response.

13. There are no capital or start-up costs associated with this information collection. Any cost burdens to respondents as a result of this collection are identified in item 14. There is a \$595 fee associated with the filing of this information collection, and a biometrics fee of \$80.

14. Annualized Cost Analysis:

a.	Printing Cost	\$ 1,008,000
b.	Collecting and Processing Cost	\$ 471,492,000
c.	Total Cost to Program	\$ 472,500,000
d.	Fee Charge	\$ 472,500,000
e.	Total Cost to Government	0

Government Cost

The estimated cost of the program to the Government is calculated by using the estimated number of adult respondents (700,000) x \$595 (which includes the suggested average hourly rate for clerical, officer, and managerial time with benefits, plus a percent for the estimated overhead cost for printing, stocking, distributing and processing of this form); plus 700,000 x \$80 (for capturing biometric information in connection with an application for naturalization).

Public Cost

The estimated annual public cost is **\$515,410,000**. This is based on:

- The number of respondents (700,000) x hours of response (6.13 hours) x average hourly rate (\$10);
- The number of respondents (700,000) x the fee (\$595); and
- The number of respondents (700,000) x the biometric fee (\$80);

15. There has been no increase or decrease in the burden hours associated with the collection of this information.
16. USCIS does not intend to employ the use of statistics or the publication thereof for this collection of information.
17. USCIS will display the expiration date for OMB approval of this information collection.
18. USCIS does not request an exception to the certification of this information collection.

B. Collection of Information Employing Statistical Methods.

Not applicable.

C. Certification and Signatures.
