you may report transfer-out data if you wish.

students who left school to serve with a foreign aid service of the Federal Government

students who left school to serve on an official church mission

Section VI - Graduation Rate - Transfers/exclusions - cross country/track

Z

In the columns below, report the status of the subcohort in Col 60, who did not complete a program as of August 31, 2006.

Z

Report transfers-out who did not complete a program in Col 80. If the mission of

your institution includes providing substantial preparation for students to enroll in

another eligible institution WITHOUT having completed their programs, you must report transfer-out data in column 80. A school is required to report only on those

students that the school knows have transferred to another school. A school must

document that the student actually transferred. If it is not part of your mission,

you may report transfer-out data if you wish.

Z

Report exclusions from the cohort in Col 95. The ONLY allowable categories for this column are:

students who died or became permanently disabled

students who left school to serve in the armed forces (or have been called up to

active duty)

students who left school to serve with a foreign aid service of the Federal Government

students who left school to serve on an official church mission

Z

Col 99 [non-completers (still enrolled + not enrolled) and completers > 150% of normal time] will be calculated for you
