- FR 2086: (12 U.S.C. 287, 248(a) and (i));
- FR 2086a: (12 U.S.C. 321, 287, and 248(a)); and
- FR 2087: (12 U.S.C. 288 and 248 (a) and (i)).

Most individual respondent data are not considered confidential. Applicants may, however, request that parts of their membership applications be kept confidential, but in such cases the Applicant must justify its request by demonstrating how an exemption under the FOIA is satisfied. The confidentiality status of the information submitted will be judged on a case-by-case basis.

Abstract: These application forms are required by the Federal Reserve Act and Regulation I. These forms must be used by a new or existing member bank (including a national bank) to request the issuance, and adjustment in, or cancellation of Federal Reserve Bank stock. The forms must contain certain certifications by the applicants, as well as certain other financial and shareholder data that is needed by the Federal Reserve to process the request.

Current actions: On June 3, 2008, the Federal Reserve published a notice in the **Federal Register** (73 FR 31684) requesting public comment for 60 days on the extension, with revision, of the applications. The comment period for this notice expired on August 4, 2008. The Federal Reserve did not receive any comments.

The Federal Reserve proposed to add additional signature lines the FR 2030, 2030a, 2056, and 2086a that were intended to facilitate the processing of each application form by the appropriate Reserve Bank. However, after further review the Federal Reserve decided to remove from consideration the proposed additional signature lines because it could create greater confusion for the banks while adding little benefit to the Federal Reserve.

General description of report: These information collections are mandatory under the Federal Reserve Act, the BHC Act, and the International Banking Act (12 U.S.C. 248 (a)(1), 321, 601, 602, 611a, 615, 625, 1843(k), 1844(c)(1)(A), 3106(a), and 3108(a)), and Regulations K and Y (12 CFR 211.13(c), 225.5(b), and 225.87). Individual respondent data are not considered confidential. However, respondents may request confidential treatment for any information that they believe is subject to an exemption from disclosure under the FOIA, 5 U.S.C. 552(b).

Abstract: The FR Y-10 is an event-generated information collection submitted by FBOs; top-tier BHCs; state member banks unaffiliated with a BHC; Edge and agreement corporations that are not controlled by a member bank, a domestic BHC, or a FBO; and nationally chartered banks that are not controlled by a BHC (with regard to their foreign investments only), to capture changes in their regulated investments and activities. The Federal Reserve uses the data to monitor structure information on subsidiaries and regulated investments of these entities engaged in banking and nonbanking activities. The FR Y-10E is a free-form supplement that may be used to collect additional structural information deemed to be critical and needed in an expedited manner.

The FR Y-6 is an annual information collection submitted by top-tier BHCs and nonqualifying FBOs. It collects financial data, an organization chart, verification of domestic branch data, and information about shareholders. The Federal Reserve uses the data to monitor holding company operations and determine holding company compliance with the provisions of the BHC Act and Regulation Y (12 CFR 225).

The FR Y-7 is an annual information collection submitted by qualifying FBOs to update their financial and organizational information with the Federal Reserve. The Federal Reserve uses information to assess an FBO's ability to be a continuing source of strength to its U.S. operations and to determine compliance with U.S. laws and regulations.

Current Actions: On June 3, 2008, the Federal Reserve published a notice in the **Federal Register** (73 FR 31684)

requesting public comment for 60 days on the extension, with revision, of these information collections. The comment period for this notice expired on August 4, 2008. The Federal Reserve did not receive any comments. The revisions will be implemented as proposed.

Proposal to approve under OMB delegated authority the extension for three years, without revision, of the following reports:

Because the Federal Reserve does not collect any information, no issue of confidentiality would normally arise. However, should the records required by the Reg H requirements come into possession of the Board during an examination of a state member bank, those records would be protected from disclosure by exemption 8 of the Freedom of Information Act (FOIA). (5 U.S.C. 552(b)(8)). Additionally, depending on the content of the records, the information could also potentially be protected from disclosure by FOIA exemptions 4 and 6. (5 U.S.C. 552(b)(4) & (6)).

Abstract: Regulation H requires state member banks to notify a borrower and servicer when loans secured by real estate are determined to be in a special flood hazard area and notify them whether flood insurance is available;

notify FEMA of the identity of, and any change of, the servicer of a loan secured by real estate in a special flood hazard area; and retain a completed copy of the Standard Flood Hazard Determination Form used to determine whether property securing a loan is in a special flood hazard area.

General description of report: This information collection is authorized pursuant to Section 806 of the Community Reinvestment Act (CRA) which permits the Board to issue regulations to carry out the purpose of CRA (12 U.S.C. 2905), Section 11 of the Federal Reserve Act (FRA) which permits the Board to require such statements as reports of state member banks as it deems necessary (12 U.S.C. 248(a)(1)), and section 9 of the FRA which permits the Board to examine state member banks (12 U.S.C. 325); the requirements are mandatory, depending on bank size and other factors. Generally, the data that are reported to the Federal Reserve are not considered confidential.

Abstract: This submission covers an extension of the Federal Reserve's currently approved information collections in their CRA regulations (12 CFR part 228). The submission involves no change to the regulation or to the information collection. The Federal Reserve System needs the information collected to fulfill their obligations under the CRA (12 U.S.C. 2901 *et seq.*) to evaluate and assign ratings to the performance of institutions, in connection with helping to meet the

credit needs of their communities, including low- and moderate-income neighborhoods, consistent with safe and sound banking practices. The Federal Reserve System uses the information in the examination process and in evaluating applications for mergers, branches, and certain other corporate activities. Financial institutions maintain and provide the information to the Federal Reserve System.

Analysis of Agreement Containing Consent Order to Aid Public Comment

The Federal Trade Commission (“Commission”) has accepted, subject to final approval, an Agreement Containing Consent Orders (“Consent Agreement”) from Sun Pharmaceutical Industries Ltd. (“Sun”) which is designed to remedy the anticompetitive effects of the acquisition of Taro Pharmaceutical Industries Ltd. (“Taro”) by Sun. Under the terms of the proposed Consent Agreement, Sun is required to divest all of Sun’s rights and assets necessary to manufacture and market: (1) generic immediate-release carbamazepine tablets; (2) generic chewable carbamazepine tablets; and (3) generic extended-release carbamazepine tablets to Torrent Pharmaceuticals Ltd. (“Torrent”).

The proposed Consent Agreement has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the proposed Consent Agreement and the comments received, and will decide whether it should withdraw from the proposed Consent Agreement, modify it, or make final the Decision and Order (“Order”).

Pursuant to an Agreement of Merger executed on May 18, 2007, Sun proposed to acquire all of the issued and outstanding shares of Taro in a transaction then valued at approximately \$454 million. In the event that agreement has been properly terminated, as Taro claims, Sun intends to acquire controlling interest in Taro via an Option Agreement executed at the time of the merger agreement and/or via a tender offer. The Commission’s Complaint alleges that the proposed
