USDA NASS collects weekly information on sales and prices of dairy products such as cheddar cheese to be published in the Dairy Products Prices Release. The information you provide is important to establish U.S. dairy product prices used in setting minimum class prices under the Federal milk order program. An accurate response to this survey is **mandatory** and subject to verification by the Agricultural Marketing Service (AMS) under **Public Law No. 106-532**. This law specifically protects the confidentiality of your report from public disclosure except as directed by the US Secretary of Agriculture or the US Attorney General for enforcement purposes to ensure compliance with the Dairy Product Mandatory Reporting program.

Please make corrections to name, address and Zip Code, if necessary.
