# WRAVMA MATCHING (Visual-Spatial) SCORE SHEET

Place the letter of the child's response on the line. If the response matches the letter noted, circle the symbol in the shaded column to the left. Scoring is discontinued when 6 out of 8 items in sequence are incorrect. Draw a ceiling line below the eighth response in this sequence. The Matching Raw Score is the total number of correct responses prior to this ceiling line. See the scoring guidelines in the WRVMA Manual for more comprehensive instructions.
