# MEDICAL SOURCE INSTRUCTION SHEET FOR COMPLETION OF ATTACHED SSA-4815-F6 (Medical Report On Child With Allegation Of Human Immunodeficiency Virus (HIV) Infection)

A claim has been filed for your patient, identified in section A of the attached form, for Supplemental Security Income disability payments based on HIV infection. MEDICAL SOURCE: Please detach this instruction sheet and use it to complete the attached form.

#### PURPOSE OF THIS FORM:

IF YOU COMPLETE AND RETURN THE ATTACHED FORM PROMPTLY, YOUR PATIENT MAY BE ABLE TO RECEIVE PAYMENTS WHILE WE ARE PROCESSING HIS OR HER CLAIM FOR ONGOING DISABILITY PAYMENTS.

This is not a request for an examination. At this time, we simply need you to fill out this form based on existing medical information. The State Disability Determination Services will contact you later to obtain further evidence needed to process your patient's claim.

#### II. WHO MAY COMPLETE THIS FORM:

A physician, nurse, or other member of a hospital or clinic staff, who is able to confirm the diagnosis and severity of the HIV disease manifestations based on your records, may complete and sign the form.

#### III. MEDICAL RELEASE:

An SSA medical release (an SSA-827) signed by your patient's parent or guardian should be attached to the form when you receive it. If the release is not attached, the medical release section on the form itself should be signed by your patient's parent or guardian.

#### IV. HOW TO COMPLETE THE FORM:

- If you receive the form from your patient's parent or guardian and section A has not been completed, please fill in the identifying information about your patient.
- You may not have to complete all of the sections on the form.
- ALWAYS COMPLETE SECTION B.
- . COMPLETE SECTION C, IF APPROPRIATE. If you check at least one of the items in section C, go right to section E.
- . ONLY COMPLETE SECTION D IF YOU HAVE NOT CHECKED ANY ITEM IN SECTION C. See the special information below which will help you to complete section D.
- COMPLETE SECTION E IF YOU WISH TO PROVIDE COMMENTS ON YOUR PATIENT'S CONDITION(S).
- ALWAYS COMPLETE SECTIONS F AND G. NOTE: This form is not complete until it is signed.

## V. HOW TO RETURN THE FORM TO US:

- Mail the completed, signed form, as soon as possible, in the return envelope provided.
  If you received the form from your patient without a return envelope, give the completed, signed form back to your patient's parent or guardian for return to the SSA field office.

# VI. SPECIAL INFORMATION TO HELP YOU COMPLETE SECTION D

#### HOW WE USE SECTION D:

- Section D asks you to tell us what other manifestations of HIV your patient may have. It also asks you to give us an idea of how your patient's ability to function has been affected. Complete only the areas of functioning applicable to the child's age group.
- We do not need detailed descriptions of the functional limitations imposed by the illness; we just need to know whether your patient's ability to function has been affected to the extent described.
- For children age 3 to attainment of age 18, the child must have a "marked" restriction of functioning in two areas to be eligible for these payments. See below for an explanation of the term "marked."

### SPECIAL TERMS USED IN SECTION D

# WHAT WE MEAN BY "MANIFESTATIONS OF HIV INFECTION": (See Item 48.a)

"Manifestations of HIV infection" may include:

Any condition listed in section C, but without the findings specified there (e.g., oral candidiasis not meeting the criteria show in item 27 of the form, diarrhea not meeting the criteria shown in item 38 of the form);

or any other condition that is not listed in	or any other condition that is not listed in section C (e.g., oral hairy leukoplakia, hepatomegaly).						
Form SSA-4815-F6 (01-2001) EF (07-2005)	Continued on the reverse						
	•						

# WHAT WE MEAN BY "MARKED" : (See Item 48.d - Applies only to Children Age 3 to 18)

- When "marked" is used to describe functional limitations, it means more than moderate, but less than extreme.
   "Marked" does not imply that your patient is confined to bed, hospitalized, or placed in a residential treatment facility.
- A marked limitation may be present when several activities or functions are impaired or even when only one is
  impaired. An individual need not be totally precluded from performing an activity to have a marked limitation, as long
  as the degree of limitation is such as to seriously interfere with the ability to function independently, appropriately,
  and effectively compared to children the same age who do not have impairments.

#### PRIVACY ACT AND PAPERWORK REDUCTION ACT STATEMENTS:

The Social Security Administration is authorized to collect the information on this form under sections 205(a), 223(d) and 1633(e)(1) of the Social Security Act. The information on this form is needed by Social Security to make a decision on the named claimant's claim. While giving us the information on this form is voluntary, failure to provide all or part of the requested information could prevent an accurate or timely decision on the named claimant's claim. Although the information you furnish is almost never used for any purpose other than making a determination about the claimant's disability, such information may be disclosed by the Social Security Administration as follows: (1) to enable a third party or agency to assist Social Security in establishing rights to Social Security benefits and/or coverage; (2) to comply/with Federal laws requiring the release of information from Social Security records (e.g., to the General Accounting Office and the Department of Veterans Affairs); and (3) to facilitate statistical research and audit activities necessary to assure the integrity and improvement of the Social Security Programs (e.g., to the Bureau of the Census and private concerns under contract to Social Security).

We may also use the information you give us when we match records by computer. Matching programs compare our records with those of other Federal, State, or local government agencies. Many agencies may use matching programs to find or prove that a person qualifies for benefits said by the Federal government. The law allows us to do this even if you do not agree to it. Explanations about these and other reasons why information you provide us may be used or given out are available in Social Security offices. If you want to learn more about this, contact any Social Security office.
