OMB Control Number 1513-0103

TTB F 5200.25 Tobacco Bond-Collateral (formerly TTB F 5210.13 Collateral Bond-Tobacco Products and Cigarette Papers and Tubes)

TTB F 5200.26 Tobacco Bond—Surety (formerly TTB F 5220.5 Corporate Surety Bond-Tobacco Products and Cigarette Papers and Tubes)

A. JUSTIFICATION

1. What are the circumstances that make this collection of information necessary and what legal or administrative requirements necessitate the collection?

26 U.S.C. 5711 requires that persons before commencing business as a manufacturer of tobacco products or cigarette papers and tubes or as an export warehouse proprietor file a bond and receive approval of it in accordance with regulations. The bonds cover withdrawal and use of tobacco products and cigarette papers and tubes, or removal of such products upon payment of tax, free of tax, and without payment of tax, from factories and export warehouses.

Originally there were 5 forms in this collection, TTB F 5220.5, Bond-Export Warehouse Proprietor; TTB F 5200.15, Export Bond-Customs Bonded Cigar Manufacturing Warehouse; TTB F 5000.7, Extension of Coverage of Bond; TTB F 5620.10, Bond Under 26 U.S.C.; and TTB F 5210.13, Bond-Manufacturer of Tobacco Products. In the previous submission we removed 2 forms, combined 2 forms, created a new form, and transferred 1 form from this information collection to another information collection.

Specifically, we removed TTB F 5200.15 and TTB F 5620.10. We combined TTB F 5220.5 and TTB F 5210.13 into TTB F 5220.5, Corporate Surety Bond-Tobacco Products and Cigarette Papers and Tubes. We revised TTB F 5220.5 and renamed it Tobacco Bond—Surety. We then renumbered TTB F 5220.5 to TTB F 5200.26.

The information provided on the Tobacco Bond—Surety (TTB Form 5200.26) identifies the manufacturer or proprietor, the factory or warehouse, the surety company, and the bond amount. The Tobacco Bond—Surety (TTB Form

5200.26) is a contract between the manufacturer or proprietor and an authorized surety company to provide such a bond.

26 U.S.C. 7101 permits manufacturers or proprietors to furnish United States bonds or notes in lieu of a private surety bond. TTB F 5200.25 serves this purpose.

The regulations that prescribe bonds or collateral, or their specific requirements, are as follows:

2. How, by whom and for what purpose is this information used?

TTB uses this information to ensure that the manufacturer or proprietor complies with laws and regulations that require adequate collateral or bond coverage to protect the revenue. These forms provide an efficient method of collecting the required information.

3. To what extent does this collection of information involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology? What consideration is given to use information technology to reduce burden?

TTB is exploring the use of electronic technology for recording and collecting this information. Each form will be considered by on a case-by-case basis.

4. What efforts are used to identity duplication? Why can't any similar information already available be used or modified for use for the purposes described in Item 2 above?

The forms contain information collected that is pertinent to each respondent and applicable to the specific issue of filing a bond for the protection of Federal taxes. As far as we can determine, similar information is not available any where else.

5. If this collection of information impacts small businesses or other small entities, what methods are used to minimize burden?

All entities regardless of size are required by statute to complete this information collection requirement and must respond to engage the manufacturing or export warehouse operations. Because of the unique application of bonds to each particular business, we cannot limit the information for small businesses, but the information for all businesses requested by the TTB forms is minimal.

6. What consequences to Federal program or policy activities and what, if any, technical or legal obstacles to reducing burden will occur if this collection is not conducted or is conducted less frequently?

In addition, TTB regulations require this information collection to protect the revenue. Eliminating or reducing the frequency of this collection poses a serious jeopardy to the revenue.

7. Are there any special circumstances associated with this information collection?

There are no special circumstances associated with this information collection.

8. What effort was made to notify the general public about this collection of information?

A 60-day Federal Register notice was published for this information collection on Wednesday, July 9, 2008, 73 FR 39372. The notice solicited comments from the general public. TTB received no comments.

9. What decision was made to provide any payment or gift to respondents, other than reenumeration of contractors or grantees?

No payment or gift is associated with this collection.

10. What assurance of confidentiality was provided to respondents and what was the basis for the assurance in statute, regulations, or agency policy?

No specific assurance of confidentiality is provided on these forms or their supporting documentation; however, the confidentiality of certain information collected on these forms and their supporting documentation is protected by 26 U.S.C. 6103.

11. What justification is there for questions of a sensitive nature?

No questions of a sensitive nature are required.

12. What is the estimated hour burden of this collection of information?

Approximately 10 corporate surety bond forms (TTB Form 5200.26) are filed each year and the estimated average number of hours per filing is 2.0 hours for a total of 20 hours. Approximately 5 collateral bond forms (TTB Form 5200.25) are filed each year and the estimated average number of hours per filing is 1 hour for a total of 5 hours. Therefore, approximately 15 responses require an average of 1.4 hours for 25 total burden hours.

13. What is the estimated total annual cost burden to respondents or recordkeepers resulting from this collection of information?

No cost is associated with this collection.

14. What is the annualized cost to the Federal Government?

Estimates of annual cost to the Federal Government are as follows:

TTB F 5200.25

Printing & Distribution	\$ 100
Salary (review, inspection, supervisory)	\$ 1,000
Clerical & filing costs	\$ 500
<u>Overhead</u>	<u>\$ 160</u>
Total	\$ 1,760

TTB F 5200.26

Printing & Distribution	\$ 100
Salary (review, inspection, supervisory)	\$ 1,000
Clerical & filing costs	\$ 500
<u>Overhead</u>	<u>\$ 160</u>
Total	\$ 1,760

Total annual cost to the Federal Government is \$3,520.

15. What is the reason for any program changes or adjustments reported in Items 13 or 14 of the OMB Form 83-I?

No program changes or adjustments are associated with this collection.

16. Outline plans for tabulation and publication for collections of information whose results will be published.

We will not publish the results of this collection.

17. If seeking approval to not display the expiration date for OMB approval of this information collection, what are the reasons that the display would be inappropriate?

We will display the expiration date of OMB approval for this collection.

18. What are the exceptions to the certification statement?

There are no exceptions to the certification statement.

**B. Collections of Information Employing Statistical Methods.**

This collection does not employ statistical methods.
