

The purpose of this document is to present screenshots of all line item data entry forms used in the U.S. DOE Declaration Writing Assistant software application. It does not include forms that are used strictly for software configuration (not data entry).

The screenshot shows the 'New File - DOE Declaration Writing Assistant' window. The title bar includes standard window controls and the text 'Official Use Only'. The menu bar contains 'Close', 'Save', 'Replicate', 'Validate File', 'Help', and 'Final Report'. The main content area is divided into sections: 'Declaration Data' with 'Article: 2.a.(i) - Nuclear Fuel Cycle Related Research and Development' and 'Reporting Year: 2008'; 'Line Item Data' with 'Smart ID: Unassigned' and 'Status: Draft'; and a 'Location' section with tabs for 'Location', 'Comments', 'Points of Contact', 'R&D Details', and 'R&D Details 2'. The 'Location' tab is active, showing fields for 'Installation/Lab' (a dropdown menu), 'Installation Address' (a text area), 'Location(s)' (a table with columns 'Bldg/Center', 'Room/Area', 'SubArea', and 'Fac./LOF Code'), and 'DOE Program Office' (a dropdown menu). To the right of the table are 'New', 'Edit', and 'Remove' buttons. A shaded box at the bottom right of the form contains the text 'Information entered in shaded fields will not be submitted to the IAEA.' The text 'Official Use Only' is also present in the bottom left corner.
