

SUPPLEMENT TO SUPPORTING STATEMENT REGARDING FORMAT OF FORM  
8020/05  
OMB 3064-0061

The Form 8020/05 that a financial institution accesses through the web is pre-populated by FDIC with information unique to that institution. Accordingly a blank web based screen save is not available. The uploaded blank form is essentially the same as the web based version and reflects the information required to be reported.
